Lovers Made Men:

Lovers Made Men Ben Jonson, Humankind Andreas Höfele, Stephan Laqué, 2011-05-04 Anthropology is a notoriously polysemous term Within a continental European academic context it is usually employed in the sense of philosophical anthropology and mainly concerned with exploring concepts of a universal human nature By contrast Anglo American scholarship almost exclusively associates anthropology with the investigation of cultural and ethnic differences cultural anthropology How these two main traditions and their derivations such as literary anthropology historical anthropology ethnology ethnography intercultural studies relate to each other is a matter of debate Both however have their roots in the path breaking changes that occurred within sixteenth and early seventeenth century culture and scientific discourse It was in fact during this period that the term anthropology first acquired the meanings on which its current usage is based The Renaissance did not invent the human But the period that gave rise to humanism witnessed an unprecedented diversification of the concept that was at its very core The question of what defines the human became increasingly contested as new developments like the emergence of the natural sciences religious pluralisation as well as colonial expansion were undermining old certainties The proliferation of doctrines of the human in the early modern age bears out the assumption that anthropology is a discipline of crisis seeking to establish sets of common values and discursive norms in situations when authority finds itself under pressure

Catalog of Copyright Entries Library of Congress. Copyright Office, 1964 *The Annals of English Drama 975-1700* Sylvia Stoler Wagonheim, 2013-08-21 An analytical record of all plays extinct or lost chronologically arranged and indexed by authors titles and dramatic companies

Antimachus of Colophon and the Position of Women in Greek Poetry E. F. M. Benecke, 2022-08-21 In *Antimachus of Colophon and the Position of Women in Greek Poetry* E F M Benecke delves into the intricate interplay of gender roles within early Greek literature foregrounding the contributions and representations of women in the works of Antimachus Benecke employs a meticulous literary analysis situating Antimachus not only within a historical framework but also addressing broader societal norms that influenced poetic expressions and themes in his time Through close readings of texts and a nuanced examination of their reception the book reveals how Antimachus portrayal of women both reflects and contests the patriarchal structures of ancient Greek society ultimately enriching our understanding of gender in classical literature E F M Benecke a distinguished scholar of ancient Greek literature draws on her extensive background in classical studies linguistics and gender theory to elucidate the cultural dynamics of poetry in ancient Greece Her fascination with the intersection of literature and social issues likely stems from her academic journey where she consistently explored themes of identity power and representation thereby sharpening her critical lens on how historical narratives are shaped by gender This book is an essential read for anyone interested in classical literature feminist literary criticism or the complexities of ancient Greek society Benecke s insightful analysis challenges traditional interpretations and invites readers to reconsider the pivotal roles women play within ancient texts

making it a vital addition to the library of both scholars and aficionados of Greek poetry *Annals of English Drama, 975-1700* Alfred Harbage, Sylvia S. Wagonheim, 1989 An analytical record of all plays extinct or lost chronologically arranged and indexed by authors titles and dramatic companies **Ben Jonson** David Riggs, 1989 Compelling Riggs s approach to the man as artist is to see him as a paradox a man of reckless defiance who boasted openly about his womanizing and criminal record and who nonetheless represented himself in Renaissance England as the great model of a self restrained and chastely austere classical style of writing David Riggs s eminently readable and generously illustrated study not only fully justifies our curiosity but handles with admirable tact what might be lurid and sensational if our only interest were the gossip New York Times Book Review *A List of Masques, Pageants, &c.* Walter Wilson Greg, **The Ben Jonson Encyclopedia** D. Heyward Brock, Maria Palacas, 2016-05-12 Friend and rival of Shakespeare Ben Jonson was one of the most learned and interesting men of his age Throughout his fascinating life he served not only as a bricklayer but also a soldier an adventurer an actor a poet and a playwright The breadth of his experiences acquaintances friends and enemies was legendary and his literary canon is equally as diverse The Ben Jonson Encyclopedia covers in detail the works life and times of this seminal figure of the English Renaissance The cross referenced entries include summaries of all Jonson s plays masques and entertainments as well as sketches of Jonson s friends enemies patrons disciples actors and fellow writers In addition the book identifies historical figures mythological characters and classical authors as well as Jonson s contemporaries and London place names mentioned in the works Individuals who danced or participated in the masques and entertainments or tournaments for which Jonson wrote speeches are noted as are the main actors known to have acted in the plays All major scholars from Jonson s own day until the twenty first century who have commented on Jonson or his works are also included An extensive bibliography completes this invaluable scholarly reference tool Because of Jonson s centrality to and influence in and beyond his age this encyclopedia provides a dynamic unparalleled vision of the English Renaissance literary scene Capturing the depth and breadth of Jonson s understanding of early Modern England The Ben Jonson Encyclopedia will be especially useful for students librarians and academics interested in the literary and cultural scene from 1500 to 1650

The Cambridge Companion to Seventeenth-Century Opera Jacqueline Waeber, 2022-12-22 The Cambridge Companion to Seventeenth Century Opera is a much needed introduction to one of the most defining areas of Western music history the birth of opera and its developments during the first century of its existence From opera s Italian foundations to its growth through Europe and the Americas the volume charts the changing landscape on stage and beyond which shaped the way opera was produced and received With a range from opera s sixteenth century antecedents to the threshold of the eighteenth century this path breaking book is broad enough to function as a comprehensive introduction yet sufficiently detailed to offer valuable insights into most of early opera s many facets it guides the reader towards authoritative written and musical sources appropriate for further study It will be of interest to a wide audience including undergraduate and

graduate students in universities and equivalent institutions and amateur and professional musicians Nicholas Lanier Michael I. Wilson, 2017-07-05 Nicholas Lanier 1588 1666 was not only the first person to hold the office of Master of the Music to King Charles I he was also a practising painter a friend of Rubens Van Dyck and many other artists of his time and one of the very first great art collectors and connoisseurs He is especially remembered for the part he played in acquiring on behalf of Charles I the famous collection of paintings belonging to the Gonzaga family of Mantua Many of these paintings still form an important part of the Royal Collection today In this book the different strands of Lanier's colourful life are for the first time drawn together and presented in a single compelling narrative **Before the Baton** Peter Holman, 2020 This book investigates the ways large scale music was directed or conducted in Britain before baton conducting took hold in the 1830s After surveying practice in Italy Germany and France from Antiquity to the eighteenth century the focus is on direction in two strands of music making in Stuart and Georgian Britain choral music from Restoration cathedrals to the oratorio tradition deriving from Handel and music in the theatre from the Jacobean masque to nineteenth century opera ending with an account of how modern baton conducting spread in the 1830s from the pit of the Haymarket Theatre to the Philharmonic Society and to large scale choral music Part social and musical history based on new research into surviving performing material documentary sources and visual evidence and part polemic intended to question the use of modern baton conducting in pre nineteenth century music Before the Baton throws new light on many hitherto dark areas though the heart of the book is an extended discussion of the evidence relating to Handel's operas oratorios and choral music Contrary to near universal modern practice he mostly preferred to play rather than beat time PETER HOLMAN is Emeritus Professor of Historical Musicology at Leeds University When not occupied with writing and research he organises performances of seventeenth and eighteenth century music mostly directing them from the keyboard He is director of The Parley of Instruments Leeds Baroque the Suffolk Villages Festival and the annual Baroque Summer School run by Cambridge Early Music Foundations of English Opera Edward Joseph Dent, 1928 **The Mental World of the Jacobean Court** Linda Levy Peck, 2005-10-13 New interpretations of Jacobean court culture by an international group of specialists The Cambridge Companion to Seventeenth-Century Opera , **Masque and Opera in England, 1656-1688** Andrew R. Walkling, 2016-08-25 Masque and Opera in England 1656 1688 presents a comprehensive study of the development of court masque and through composed opera in England from the mid 1650s to the Revolution of 1688 89 In seeking to address the problem of generic categorization within a highly fragmentary corpus for which a limited amount of documentation survives Walkling argues that our understanding of the distinctions between masque and opera must be premised upon a thorough knowledge of theatrical context and performance circumstances Using extensive archival and literary evidence detailed textual readings rigorous tabular analysis and meticulous collation of bibliographical and musical sources this interdisciplinary study offers a host of new insights into a body of work that has long been of interest to musicologists theatre

historians literary scholars and historians of Restoration court and political culture but which has hitherto been imperfectly understood A companion volume will explore the phenomenon of dramattick opera and its precursors on London s public stages between the early 1660s and the first decade of the eighteenth century **A List of Masques, Pageants, &c** Walter Wilson Greg,1902 *Ben Jonson* Alexander Leggatt,2017-03-31 While most critical writing on Jonson concentrates on the plays poems or masques seen in isolation this title first published in 1981 ranges across the genres to explore Jonson s vision as a whole The author points to the inner connections that make of the rich variety of Jonson s writing a single coherent body of work We see Jonson exploring the relations between culture and society the difficulties of ideal virtue in a far from ideal world and above all the problems of art itself Combining a wide ranging discussion of Jonson s interests with a detailed examination of his major works this book provides a balanced critical introduction to one of the most complex and fascinating figures in English Literature The Library Sir John Young Walker MacAlister,Alfred William Pollard,Ronald Brunlees McKerrow,Sir Frank Chilton Francis,1926 *Shakespeare's England* [Anonymus AC05900517],1917

Unveiling the Energy of Verbal Art: An Mental Sojourn through **Lovers Made Men**

In a world inundated with displays and the cacophony of instantaneous communication, the profound energy and psychological resonance of verbal beauty frequently diminish into obscurity, eclipsed by the regular onslaught of noise and distractions. Yet, located within the musical pages of **Lovers Made Men**, a charming work of literary splendor that impulses with organic thoughts, lies an wonderful journey waiting to be embarked upon. Written with a virtuoso wordsmith, that enchanting opus guides readers on a mental odyssey, delicately exposing the latent possible and profound impact embedded within the complex internet of language. Within the heart-wrenching expanse of the evocative analysis, we can embark upon an introspective exploration of the book is key styles, dissect their captivating writing fashion, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
