The Vision of the Soul James Matthew Wilson, 2017-06-12 For those for whom conservatism means something more than anti liberalism who wish to dive deep into the conservative tradition in search of pearls The American Conservative Ours is an age full of desires but impoverished in its understanding of where those desires lead an age that asserts mastery over the world but also claims to find the world as a whole absurd or unintelligible In The Vision of the Soul James Matthew Wilson seeks to conserve the great insights of the western tradition by giving us a new account of them responsive to modern discontents The western or Christian Platonist tradition he argues tells us that man is an intellectual animal born to pursue the good to know the true and to contemplate all things in beauty By turns a study in fundamental ontology aesthetics and political philosophy Wilson s book invites its readers to a renewal of the West s intellectual tradition Conservatism needs a new prophet James Matthew Wilson is the man for the job and The Vision of the Soul is his calling card A new classic For it we give thanks to God and to Plato Covenant James Wilson s important book returns to a conservatism in the tradition of Burke Eliot and Russell Kirk He wants us to focus on beauty and its place in Western culture The book is a strong defense of that culture but not an unthinking one Crisis Magazine A stirring and timely account and defense of the West s traditional way of understanding the universe and our place in it Matthew M Robare The Kirk Center

food systems that sustain us **William Blake's Divine Love** Joshua Schouten de Jel, 2024-03-15 Despite the fact that William Blake summarises the plot of Visions of the Daughters of Albion 1793 in just eight lines in the prefatory Argument there are several contentious moments in the poem which continue to cause debate Critics read Oothoon's call to Theotormon's eagles and her offer to catch girls of silver and gold as either evidence of her rape damaged psyche or confirmation of her selfless love which transcends her socio sexual state How do we reconcile the attack of Theotormon's eagles and the wanton play of the girls with Oothoon's articulate and highly sophisticated expressions of spiritual truth and free love In William Blake's Divine Love Visions of Oothoon Joshua Schouten de Jel explores the hermeneutical possibilities of Oothoon's self annihilation and the epistemological potential of her visual copulation by establishing an artistic and hagiographical heritage which informs the pictorial representation and poetic pronunciation of Oothoon's enlightened entelechy Working with Michelangelo's The Punishment of Tityus 1532 and Gian Lorenzo Bernini's Ecstasy of Saint Teresa 1647 51 Oothoon's ecstatic figuration reflects two iconographic traditions which framed by the linguistic tropes of divine love expressed within a female centred mystagogy reveal the soteriological significance of Oothoon's willing self sacrifice

The Unsexed Mind and Psychological Androgyny, 1790-1848 Victoria F. Russell, 2022-01-01 This book explores a significant lacuna in British history Between the 1790s and the 1840s the concept of psychological androgyny or the unsexed mind emerged as a notion of psychosexual equality promoted by a small though influential network of heterodox radicals on the margins of Rational Dissent Deeply concerned with the growing segregation of the sexes supported seemingly by arbitrary and increasingly binary models of sexual difference heterodox radicals insisted that while the body might be sexed the mind was not They argued that society and the prejudicial masculinist institutions of patriarchy should be reformed to accommodate and protect what one radical described as an infinitely varied humanity In placing the concept of psychological androgyny centre stage this book offers a substantial revision to understandings of progressive debates on gender in the late eighteenth and early nineteenth century in Britain
