## **Loving Obedience Child Training Techniques That Work:**

**Loving Obedience** William J. Richardson,2000 While there are classes for those few hours spent giving birth where does one find instruction for the years of parenting to follow that trip home from the hospital How can a parent really meet their child s needs Bill Richardson seeks to answer these and other questions in the most practical of ways Loving Obedience is a systematic practical parent training manual Be intentional in learning how to parent You just might be surprised to see how quickly it makes a difference in the life of your own child **RTS Reformed Quarterly** ,1996 **The Montessori Method**

**- Scientific Pedagogy as Applied to Child Education** Maria Montessori,2016-08-18 In the period that has elapsed between the publication of the Italian and American editions I have had with my pupils the opportunity to simplify and render more exact certain practical details of the method and to gather additional observations concerning discipline The results attest the vitality of the method and the necessity for an Pg viii extended scientific collaboration in the near future and are embodied in two new chapters written for the American edition I know that my method has been widely spoken of in America thanks to Mr S S McClure who has presented it through the pages of his well known magazine Indeed many Americans have already come to Rome for the purpose of observing personally the practical application of the method in my little schools If encouraged by this movement I may express a hope for the future it is that my work in Rome shall become the centre of an efficient and helpful collaboration To the Harvard professors who have made my work known in America and to McClure s Magazine a mere acknowledgment of what I owe them is a barren response but it is my hope that the method itself in its effect upon the children of America may prove an adequate expression of my gratitude Maria Montessori **Pup Parenting**

Eduard Biber,1831 **Primary Education** ,1897 **Handbook of Marriage and the Family** Suzanne K.

Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add. It is therefore limited to two relevant but not intrinsically related points: a review of research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared, namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties; about the time of the first Handbook. In the late 1930s Willard Waller noted: Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it. Everything that concerned the life of men and women and their children was shrouded from the light. Today much of that has been changed. Gone is the concealment of the way in which life begins; gone the irrational sanctity of the home. The aura of sentiment which once protected the family from discussion clings to it no more. We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting. We are engaged in the process of reconstructing our family institutions through criticism and discussion. 1938 pp 3-4

**Colorado School Journal**, 1916      **The Colorado School Journal**, 1916      The Connecticut Common School Journal and Annals of Education, 1858      **The Montessori Method** Gerald Lee Gutek, 2004-04-05 An essential resource for all students and scholars of early childhood education this book offers a rich array of material about Maria Montessori and the Montessori Method. Distinguished education scholar Gerald Gutek begins with an in-depth biography of Montessori exploring how a determined young woman overcame the obstacles that blocked her educational and career opportunities in Italy during the late Victorian age. The author then analyzes the sources and influences that shaped the Montessori philosophy of education. After laying the foundation for Montessori's development Gutek presents an annotated and abridged edition of *The Montessori Method* 1912 the seminal work that introduced her educational innovations to a U.S. audience. The book concludes with key historical documents including disciple Anne E. George's notes on the Montessori lectures and William H. Kilpatrick's critique of the Montessori method. Preserving the historical context of Montessori's contribution Gutek also shows the continuing relevance of her thought to educational reform in the twenty-first century.
