The Pirate Captain Ned Low Nicky Nielsen, 2022-07-20 Edward Ned Low's career in piracy began with a single gunshot While working on a logging ship in the Bay of Honduras the quick tempered Ned was provoked by the ship's captain He responded by grabbing a musket and inciting a mutiny Then the London born sailor and a dozen of his crewmates held a council stitched a black flag and voted to make war against the whole world preying on ships from any nation flying any flag Low's name became synonymous with brutality and torture during the 1720s as he cut a swathe of destruction from the shores of Nova Scotia to the Azores the coast of Africa and throughout the Caribbean Ned Low's life was one of failed redemption a thief from childhood who briefly rose in the world after moving to America only to fall again lower and harder than before He was feared even by his own crew and during his life on the wrong side of the law he became infamous for his extreme violence fatalistic behaviour and became perhaps one of the best examples of why pirates were classed in Admiralty Law as *hostis humani generis* the common enemies of all mankind

RE: Reading the Postmodern Robert David Stacey,2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country's non monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open ended pursuit of truth as a multiple possibility as

outlined by Jean Fran ois Lyotard In fact long before Lyotard published his influential work The Postmodern Condition in 1979 Canadian writers and critics were employing the term to describe a new kind of writing RE Reading the Postmodern marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope **The Delineator** R.
