Government Secrets and Cover-ups John P. Hunter III, 2014-07-30 GOVERNMENT COVER UPS Why on earth would I dare write a shocking book as this one The simplest explanations people ALL over the world are naive and ignorant to what conspires within their own government or of religion for that matter These two words dominate people's thoughts everywhere What it boils down to is the nature of the human race believes that what they do not know will not hurt them I have to disagree with this philosophy because it can hurt you and even kill you This is what MOST governments rely on for people to disbelieve what is the real truth Lies are more profitable and who will believe the truth anyway The truth seems to come out of a science fiction novel Propaganda rules because the public refuses to believe that this is not the ninetieth or twentieth century anymore There are new inventions of warfare that most have never heard of A large amount of ground troops and bombings are becoming obsolete because of laser cannons robots and the High Frequency Active Auroral Research Program HAARP project What better ways to exterminate the over population then blame it on the weather so the

government gets away with legalized MURDER WHY is it so hard to understand or believe when in reality people believe in sasquatches Big Foot Yeti abdominal snowman UFO s ghost or even living zombies because of panic but they deny government conspiracies More advanced countries in technology consider Oriental Countries as being expendable to be used as human guinea pigs Everybody just witnessed this from the typhoon Yolanda in the Philippines November 8 2013 before that an Indonesia earthquake followed by a large tidal wave and then a Japan catastrophe WAKE UP before you become the casualty or of your own family It is getting worse every day It is getting worse every year most do not care or are oblivious to the facts so get educated to reality

The Sling and the Stone Thomas X. Hammes, 2006-02-17 4GW Fourth Generation Warfare is the only kind of war America has ever lost And we have done so three times in Vietnam Lebanon and Somalia This form of warfare has also defeated the French in Vietnam and Algeria and the USSR in Afghanistan As the only Goliath left in the world we should be worried that the world s Davids have found a sling and stone that work Chapter 1 The Sling and the Stone On War in the 21st Century The War in Iraq The War on Terror These types of asymmetrical warfare are the conflicts of the 21st century and show how difficult it is for the world s remaining superpower to battle insurgents and terrorists who will fight unconventionally in the face of superior military power This change in military conflict may seem sudden

Airlift Capabilities for Future U.S. Counterinsurgency Operations Robert C. Owen, Karl P. Mueller, 2007 Current and probable future United States involvement in counterinsurgencies revives a long standing debate about whether these missions call for adding specialized aircraft training or other resources to the general military airlift fleet The authors examine the use of airlift in past and present counterinsurgency operations including the Foreign Internal Defense program They conclude that general U S airlift forces can accomplish most counterinsurgency missions effectively with adjustments in employment doctrines and training However they also note that continued operations likely will require reinforcement of the general airlift fleet and perhaps acquisition of a small fleet element optimized for certain counterinsurgency missions
