## Lu Shengzhong The Of Humanity:

Contemporary Chinese Visual Culture , **Out of the Ordinary** Laurie Britton-Newell, 2007-12 This is a unique look at a group of international artists who place craft at the heart of their practice transforming everyday subjects and ordinary materials into works that are out of the ordinary The book features unusual works including the ephemeral ice and chocolate jewellery of Naomi Filmer the almost hidden installations by Yoshihiro Suda thread and lace work of Anne Wilson and scrap metal sculptures by Olu Amoda These innovative artists show that craft is a fundamental concern across many disciplines and that the redirection of materials and traditional techniques and use of scale achieves extraordinary outcomes 中国·当代  
Christophe Mao, 2004 The Chinese folk art of paper cutting is ancient but Lu Shengzhong's artistic practice which employs it is thoroughly modern His signature Little Red Figure a slightly devious looking splayed personage is as distinctive as a Haring graffiti man and in Lu's installations just as ubiquitous The artist fills a room with the individually replicated form which seems at once both whimsical and frightening This catalogue of an exhibition at Chambers Fine Art in New York is a work of art itself featuring a red paper cover embossed with scissors and one of the red figures Inside studio shots reveal Lu Shengzhong's involved work process and pages from his cutout books are reproduced This bridge between ancient and contemporary Chinese art is essential for fans of both 中国·当代  
Louis Grachos Sandra H Olsen and Wang Yudong *Blueprint* , 2008 Total Modernity and the Avant-Garde in Twentieth-Century Chinese Art Minglu Gao, 2011-04-29 A groundbreaking book that describes a distinctively Chinese avant gardism and a modernity that unifies art politics and social life To the extent that Chinese contemporary art has become a global phenomenon it is largely through the groundbreaking exhibitions curated by Gao Minglu China Avant Garde Beijing 1989 Inside Out New Chinese Art Asia Society New York 1998 and The Wall Reshaping Contemporary Chinese Art Albright Knox Art Gallery 2005 among them As the first Chinese writer to articulate a distinctively Chinese avant gardism and modernity one not defined by Western chronology or formalism Gao Minglu is largely responsible for the visibility of Chinese art in the global art scene today Contemporary Chinese artists tend to navigate between extremes either embracing or rejecting a rich classical tradition Indeed for Chinese artists the term modernity refers not to a new epoch or aesthetic but to a new nation modernity inextricably connects politics to art It is this notion of total modernity that forms the foundation of the Chinese avant garde aesthetic and of this book Gao examines the many ways Chinese artists engaged with this intrinsic total modernity including the 85 Movement political pop cynical realism apartment art maximalism and the museum age encompassing the emergence of local art museums and organizations as well as such major events as the Shanghai Biennial He describes the inner logic of the Chinese context while locating the art within the framework of a worldwide avant garde He vividly describes the Chinese avant garde's embrace of a modernity that unifies politics aesthetics and social life blurring the boundaries between abstraction conception and representation Lavishly illustrated with color images throughout this
