period piece sometimes as a human interest piece but it always serves to help bring to life our first families Included where possible and or appropriate are the vital statistics of birth marriage education development profession and death The book is a good read but it also serves an historical function Aside from the fact that the book is informative reading about the lives of the children of America s chief executives is like peering into a moment of the American equivalent of royalty Observing the exciting painful humdrum and heartfelt experiences of both the children and the families may also serve to increase the reader s understanding of the real lives of these emulated families that they too lead lives that are similar to every person s except that they are in the historical spotlight After all leaders such as Lincoln and Kennedy were forced to continue governing the affairs of state as their sons died

Arrington, 2023-06-16 Of all the great what if scenarios in American history the aftermath of the presidential election of 1880 stands out as one of the most tantalizing The end of the Civil War and the assassination of Abraham Lincoln had thrown the future of Lincoln's vision for the country into considerable doubt the years that followed marked by impeachment constitutional change presidential scandals and the contested election of 1876 saw Republicans fighting to retain power as they transitioned into the party of big business Enter James A Garfield a seasoned politician known for his advocacy of civil rights who represented the last potential Reconstruction presidency truly Benjamin T Arrington suggests in this book the last Lincoln Republican The story of the presidential election of 1880 fully explored for the first time in The Last Lincoln Republican is a political drama of lasting consequence and dashed possibilities A fierce opponent of slavery before the war Garfield had fought for civil rights for African Americans for years in Congress Holding true to the original values of the Republican Party Garfield wanted to promote equal opportunity for all meanwhile Democrats led by Winfield Scott Hancock sought to return the South to white supremacy and an inferior status for African Americans With its in depth account of the personalities and issues at play in 1880 Arrington's book provides a unique perspective on how this critical election continues to resonate through our national politics and culture to this day A close look at the contest of 1880 reveals that Garfield's victory could have been the start of a period of greater civil rights legislation a continuation of Lincoln's vision This was the choice made by the American people and as The Last Lincoln Republican makes poignantly clear the great opportunity forever lost when Garfield was assassinated just a few months into his term     **How to Select an American President** James A.
