Mystery in the Wax Museum Herbert Ellis, 1979 A biography of the French woman whose skill at modelling wax figures brought her fame before and during the French revolution and later in the British Isles where she eventually settled and established her famous museum **Magic and Illusion in the Movies** George Higham, 2024-11-13 From top hats to top secrets this book is a celebration of illusion technology and mechanisms of trickery through a genre crossing selection of films Heroes villains spies con men and madmen magicians all have utilized complex constructs and trickery in thrilling cinematic adventures from the earliest days of cinema to the present Current blockbusters such as Spider Man Far from Home and the Mission Impossible series feature amazing acts of deception often appearing far fetched that are in fact surprisingly close to today's technology Along with the James Bond saga classics such as The Wizard of Oz Nightmare Alley and The Sting are joined by a host of other movies superficially seeming to be very different yet proving there is more than meets the eye **Reading the Beatles** Kenneth Womack, Todd F. Davis, 2012-02-01 Despite the enormous amount of writing devoted to the Beatles during the last few decades the band's abiding intellectual and cultural significance has received scant attention Using various modes of literary musicological and cultural criticism the essays in Reading the Beatles firmly establish the Beatles as a locus of serious academic and cultural study Exploring the group's resounding impact on how we think about gender popular culture and the formal and poetic qualities of music the contributors trace not only the literary and musicological qualities of selected Beatles songs but also the development of the Beatles artistry in their films and the ways in which the band has functioned as a cultural historical and economic product In a poignant afterword Jane Tompkins offers an autobiographical account of the ways in which the Beatles afforded her with the self actualizing means to become less alienated from popular culture gender expectations and even herself during the early 1960s *The Mystery in Las Vegas Teacher's Guide* Carole Marsh, 2011-03-01 The corresponding Teacher's Guide is a page by page supplementary resource that gives you additional activities to enhance the student's learning opportunities by using cross curricular materials including discussion questions reproducible vocabulary science geography and math activities Each Teacher's Guide turns you into the expert we've done all the research for you This comprehensive resource enhances the many dramatic learning opportunities students can gain from reading this mystery by Carole Marsh The supplementary Teacher's Guide includes A chapter guide of additional information trivia historical facts and more to help teachers be Experts Activity ideas that make the book come dramatically to life for young readers The author's additional comments and thoughts about the subject Some reproducible activities Great out of the box ideas for activities *The Drowned Muse* Anne-Gaëlle Saliot, 2015 The Drowned Muse is a study of the extraordinary destiny in the history of European culture of an object which could seem at first glance quite ordinary in the history of European culture It tells the story of a mask the cast of a young girl's face entitled L Inconnue de la Seine the Unknown Woman of the Seine and its subsequent metamorphoses

as a cultural figure Legend has it that the Inconnue drowned herself in Paris at the end of the nineteenth century The forensic scientist tending to her unidentified corpse at the Paris Morgue was supposedly so struck by her allure that he captured in plaster the contours of her face This unknown girl also called The Mona Lisa of Suicide has since become the object of an obsessive interest that started in the late 1890s reached its peak in the 1930s and continues to reverberate today Aby Warburg defines art history as a ghost story for grown ups This study is similarly a ghost story for grown ups narrating the aura of a cultural object that crosses temporal geographical and linguistic frontiers It views the Inconnue as a symptomatic expression of a modern world haunted by the earlier modernity of the nineteenth century It also investigates how the mask's metamorphoses reflect major shifts in the cultural history of the last two centuries approaching the Inconnue as an entry point to understand a phenomenon characteristic of 20th and 21st century modernity the translatability of media Doing so this study mobilizes discourses surrounding the Inconnue casting them as points of negotiation through which we may consider the modern age
