

The background of the book cover is a painting of a person in a long, dark, textured coat standing on a hill, looking out over a vast, hazy landscape under a warm, golden sky. The person's arms are slightly out to the sides. The overall mood is contemplative and expansive.

The Farm Security Administration and Rural Rehabilitation in the South Charles Kenneth Roberts, 2024-01-12 This book fills an important void in the historical literature on New Deal reform and significantly updates Sidney Baldwin's 1968 book on the FSA Through the lens of the programs of the FSA Charles Kenneth Roberts does an excellent job of relating how New Deal programs attempted to rehabilitate poor rural southerners Aaron D Purcell author of *Arthur Morgan A Progressive Vision for American Reform* As the roaring twenties turned into the depressed thirties southern farmers far removed from the urban prosperity Americans had enjoyed during the 1920s heyday found already difficult farming conditions greatly intensified by the onset of the Great Depression Agricultural incompetence plagued the rural South through the misuse of land depletion of natural resources and a system of single crop farming that failed to adequately provide for growing families on small farms especially in the cotton producing Southeast Poverty and desperation came to define the farming communities of the rural South both in reality and in Americans collective conscious In *The Farm Security Administration and Rural Rehabilitation in the South* Charles Kenneth Roberts traces the administrative and political history of the Farm Security Administration FSA and reconciles the administration's goals with Franklin D Roosevelt's overall vision for the New Deal Roberts takes a grassroots approach to dissecting the FSA's history While other studies have focused on FSA photography or community building or even policy making in terms of top down government directives Roberts focuses on the people and state governments who faced an immediate need to aid southern farmers within their own borders and to boost their states crumbling agricultural economic bases Roberts focuses on rural rehabilitation as a key aspect of the FSA and defines the agency's legacy not in terms of its failures but rather in terms of an idealistic program whose modest successes were ultimately too few to effect real change for southern farmers Though Roosevelt failed to adequately recognize the plight of the southern farmer and political infighting hindered many of the administration's goals the creation of the FSA stands as one of the first efforts to provide sustained relief to struggling southern farmers In light of other federal programs of the era the FSA may seem like a mere footnote to the New Deal outside of its small but revered photography program But as Roberts

shows the FSA's legacy has endured to the present day Charles Kenneth Roberts is a lecturer in history at Georgia Perimeter College His articles have appeared in the Alabama Review Southern Historian and Agricultural History **Planning Democracy** Jess Gilbert, 2015-04-28 Late in the 1930s the U S Department of Agriculture set up a national network of local organizations that joined farmers with public administrators adult educators and social scientists The aim was to localize and unify earlier New Deal programs concerning soil conservation farm production control tenure security and other reforms and by 1941 some 200 000 farm people were involved Even so conservative anti New Dealers killed the successful program the next year This book reexamines the era's agricultural policy and tells the neglected story of the New Deal agrarian leaders and their visionary ideas about land democratization and progressive social change *A Knight at the Movies* John Aberth, 2012-10-02 Imagining the Middle Ages is an unprecedented examination of the historical content of films depicting the medieval period from the 11th to the 15th centuries Historians increasingly feel the need to weigh in on popular depictions of the past since so much of the public's knowledge of history comes from popular mediums Aberth dissects how each film interpreted the period offering estimations of the historical accuracy of the works and demonstrating how they project their own contemporary era's obsessions and fears onto the past *The Countryside in the Age of the Modern State* Catherine McNicol Stock, Robert D. Johnston, 2001 This book moves rural history into explorations of modern politics diverse rural peoples and their complex relationships to the American state in the twentieth century *The Reel Middle Ages* Kevin J.
