Ravaged Bridegroom:

The Ravaged Bridegroom Marion Woodman, 1990 The Ravaged Bridegroom breaks new ground exploring the psychological impact with patriarchy It focuses on the many ways in which a woman's perspective on herself can be undermined by a crippling relationship with her inner man leaving her spiritually bereft and unable to stand to her own truth

Cover The Borders of Nightmare Michael Hurley, 1992-12-15 John Richardson was Canada's first native born poet novelist and The Father of Canadian Literature Michael Hurley offers the first detailed account of Richardson's fiction rather than of his life or sociological importance Hurley makes a convincing case for Richardson as an important early cartographer of the Canadian imagination and the originator of Southern Ontario Gothic He explores Richardson's influence on James Reaney Alice Munro Robertson Davies Christopher Dewdney Frank Davey and Marian Engel Arguing that Wacousta and The Canadian Brothers hold central places in our literature Hurley shows how these two works established a set of boundaries that our national literary discourse has largely kept hidden Focusing on the protean concept of the border in the fiction of this man from the periphery The Borders of Nightmare underlines the importance of boundaries margins shifting edges and the coincidence of equally matched opposites in necessary balance to both Richardson and subsequent writers In an age of postmodernism these novels riddled as they are with discontinuities paradoxes ambiguity and unresolved dualities that problematize the whole notion of a stable coherent national or personal identity anticipate and define a number of concerns that preoccupy us today

Three Plays of Maureen Hunter Hunter, Maureen, 2003 Book is clean and tight No writing in text Like New **Ambiguity and Gender**

in the New Novel of Brazil and Spanish America Judith A. Payne, Earl E. Fitz, 1993-05 In this first book length study to compare the new novels of both Spanish America and Brazil the authors deftly examine the differing perceptions of ambiguity as they apply to questions of gender and the participation of females and males in the establishment of Latin American narrative models Their daring thesis the Brazilian new novel developed a more radical form than its better known Spanish speaking cousin because it had a significantly different approach to the crucial issues of ambiguity and gender and because so many of its major practitioners were women As a wise strategy for assessing the canonical new novels from Latin America the coupling of ambiguity and gender enables Payne and Fitz to discuss how borders literary generic and cultural are maintained challenged or crossed Their conclusions illuminate the contributions of the new novel in terms of experimental structures and narrative techniques as well as the significant roles of voice theme and language Using Jungian theory and a poststructural optic the authors also demonstrate how the Latin American new novel faces such universal subjects as myth time truth and reality Perhaps the most original aspect of their study lies in its analysis of Brazil's strong female tradition Here issues such as alternative visions contrasexuality self consciousness and ontological speculation gain new meaning for the future of the novel in Latin America With its comparative approach and its many bilingual quotations *Ambiguity and Gender in the New Novel of Brazil and Spanish America* offers an engaging picture of the marked differences between the literary traditions of Portuguese speaking and Spanish speaking America and thus new insights into the distinctive mindsets of these linguistic cultures
