Surrealism at Play Susan Laxton,2019-02-14 In Surrealism at Play Susan Laxton writes a new history of surrealism in which she traces the centrality of play to the movement and its ongoing legacy For surrealist artists play took a consistent role in their aesthetic as they worked in with and against a post World War I world increasingly dominated by technology and functionalism Whether through exquisite corpse drawings Man Ray s rayographs or Joan Mir s visual puns surrealists became adept at developing techniques and processes designed to guarantee aleatory outcomes In embracing chance as the means to produce unforeseeable ends they shifted emphasis from final product to process challenging the disciplinary structures of industrial modernism As Laxton demonstrates play became a primary method through which surrealism refashioned artistic practice everyday experience and the nature of subjectivity *Michel Foucault and Power Today* David A. Gabbard,Alain Beaulieu,2005-12-22 Foucault s thought finds innumerable applications across the social sciences from studies in the social aspects of the medical practices and criminal sociology to juridical and economic sciences Owing to their philosophical ramifications his ideas have also impacted the spheres of literary studies ethics political thought and critical ontology Few thinkers have left such an influence across such a diverse range of studies Contributors attempt to pay homage to that diversity by presenting a multidisciplinary series of analyses dedicated to the question of power today Drawn from a number of papers presented at an international conference entitled Michel Foucault and social Control conducted at Maison de la culture C te des Neiges in Montreal on May 8 10 2004 to commemorate the twentieth anniversary of Foucault s death the essays that comprise this volume address the issue at both a theoretical level and as it pertains to specific fields of practice In addition to paying tribute to Foucault s achievements and situating his thought within the French and larger European context from which it emerged these essays also re evaluate the relevance of Foucault s ideas for understanding contemporary conditions This book is suited for a broad academic audience in the humanities and Social Sciences especially philosophy sociology and cultural studies Jules Verne Edmund J. Colonial Unconscious Elizabeth Ezra, 2018-10-18 France between the two World Wars was pervaded by representations of its own colonial power expressed forcefully in the human displays at the expositions coloniales films starring Josephine Baker and the short stories of Paul Morand and more subtly in the avant garde writings of Ren Crevel and Raymond Roussel In her lively book Elizabeth Ezra interprets a fascinating array of cultural products to uncover what she terms the colonial unconscious of the Jazz Age the simultaneous attraction and repulsion of exoticism and the double bind of a colonial discourse that foreclosed the possibility of the very assimilation it invited Ezra situates the apotheosis of French colonialism in relation to both the internal tensions of the colonial project and the competing imperialisms of Great Britain and the United States Examining both the uses and the limits of psychoanalytic theories of empire she proposes a reading of French colonialism which while historically specific also contributes to our understanding of contemporary culture The enduring legacy of empire is felt to this day as Ezra demonstrates in a provocative epilogue on the remarkable similarities between the rhetoric of colonial France and accounts of the French victory in the 1998 World Cup

Foucault and Religion Jeremy Carrette, 2002-09-11 Foucault and Religion is the first major study of Michel Foucault in relation and response to Religion Jeremy Carrette offers us a challenging new look at Foucault's work and addresses a religious dimension that has previously been neglected We see that prior to Foucault's infamous unpublished volume in the History of Sexuality on the theme of Christianity there is a complex religious sub text which anticipates this final unseen work Jeremy Carrette argues that Foucault offers a twofold critique of Christianity by bringing the body and sexuality into religious practice and exploring a political spirituality of the self He shows us that Foucault's creation of a body theology through the death of God reveals how religious beliefs reflect the sexual body questions the notion of a mystical archaeology and exposes the political technology of confession Anyone interested in understanding Foucault's thought in a new light will find this book a truly fascinating read

Foucault and Literature Simon During, 2020-09-16 The writings of the French historian literary critic and philosopher Michel Foucault have been of immense importance to developments in literary studies since the late 1970s He more than anyone stands behind the new historicism and cultural materialism that currently dominate international literary studies Simon During provides a detailed introduction to the whole body of Foucault's work with a particular emphasis on his literary theory His study takes in Foucault's early studies of transgressive writing from Sade and Artaud to the French new novelists of the 1960s and his later concern with the genealogy of the author intellectual writing and theorizing within specific historical mechanisms of social control and production Foucault and Literature offers a critique both of Foucault and of the literary studies that have been influenced by him and goes on to develop new methods of post Foucauldian literary cultural analysis

Deconstruction and the Reminders of Phenomenology Tilottama Rajan, 2002 This book disentangles two terms that were conflated in the initial Anglo American appropriation of French theory deconstruction and poststructuralism Focusing on Sartre Derrida Foucault and Baudrillard but also considering Levinas Blanchot de Man and others it traces the turn from a deconstruction inflected by phenomenology to a poststructuralism formed by the rejection of models based on consciousness in favor of ones based on language and structure The book provides a wide ranging and complex genealogy of French theory from the 1940s onward placing particular emphasis on the largely neglected early work of the theorists involved and on deconstruction's

continuing relevance The author argues that deconstruction is a form of radical antiscientific modernity an interdisciplinary reconfiguration of philosophy as it confronted the positivism of the human sciences in the 1960s By contrast poststructuralism is a type of postmodern theory inflected by changes in technology and the mode of information Inasmuch as poststructuralism is founded upon its constitutive loss of phenomenology in Judith Butler s phrase the author is also concerned with the ways phenomenology particularly Sartre s forgotten but seminal Being and Nothingness is remembered repeated in different ways and never quite worked through in its theoretical successors Thus the book also exemplifies a way of reading intellectual history that is not only concerned with the transmission of concepts but also with the processes of transference mourning and disavowal that inform the relationships between bodies of thought

Prosthesis David Wills,1995 Prosthesis is an experiment in critical writing that both analyzes and performs certain questions about the body as an artificial construction The book deals with the mechanical e g a mechanical prosthesis like a father s artificial leg in that most humanistic of discourses the artistic in order to demonstrate to what extent a supposedly natural creation relies on artificial devices of various kinds It is distinguished from a thematics of the prosthetic in literature by its complex articulation with accounts of the amputee father s discomfort slipping back and forth between an apparently constative and a more obviously performative mode in and out of fiction and autobiography Cutting across the terrains occupied traditionally by the history of medicine film studies art history philosophy psychoanalysis literary theory and fiction it finds an artistic or cultural pretext for each of its expositions a line from Virgil a painting by Conder a theory by Freud a film by Greenaway a text by Derrida novels by Roussel or Gibson a sixteenth century rhetoric that connects thematically or theoretically with the question of prosthesis

Is the Tehran Bazaar Dead? Foucault, Politics, and Architecture Farzaneh Haghighi,2018-10-01 To examine the political role of architecture this book presents an original engagement with the largest center of attraction in Tehran namely its bazaar Through a rigorous study it goes beyond the conventional sociopolitical and architectural discourses of this marketplace by considering architecture as an event This book offers alternative modes of spatial thinking on a micropolitical level Emphasis is placed on the focused exploration of key notions mainly drawn from the works of Michel Foucault It deploys effective methods and shows how philosophical concepts can be deployed as a tool to analyse the ways through which architecture transforms individuals through the act of exchange whether of words things bodies or thoughts
