Raymond Gid:

Raymond Gid, 1964 **Raymond Gid** Raymond Gid, 19?? Raymond Gid Paris. Centre Typographique D P., Deberny Et Peignot, 1964 India, China, America Marcel Brion, 1962 **The Cultural and Intellectual Rebuilding of France After the Second World War** M. Kelly, 2004-09-23 This book reveals how France reinvented itself in the aftermath of World War Two After foreign military interventions the French political and intellectual elites embraced regime change and launched an urgent programme of nation building They rebuilt French national identity with whatever material was available and created a vibrant new cultural and intellectual life The cost to subordinated groups however especially women still casts a long shadow over French values and attitudes In this perhaps there are lessons and implications for other countries struggling to rebuild themselves after conflict **Jews and Gender in Liberation France** K. H. Adler, 2003-08-07 This book takes a new look at occupied and liberated France through the dual prism of race specifically Jewishness and gender core components of Vichy ideology The imagining of liberation and the potential post Vichy state lay at the heart of resistance strategy Their transformation into policy at liberation forms the basis of an enquiry that reveals a society which while split deeply at the political level found considerable agreement over questions of race the family and gender This is explained through a new analysis of republican assimilation which insists that gender was as important a factor as nationality or ethnicity A new concept of the long liberation provides a framework for understanding the continuing influence of the liberation in post war France where scientific planning came to the fore but whose exponents were profoundly imbued with reductive beliefs about Jews and women that were familiar during Vichy **Samuel Beckett and the Second World War** William Davies, 2020-12-10 In the wake of the Second World War Samuel Beckett wrote some of the most significant literary works of the 20th century This is the first full length historical study to examine the far reaching impact of the war on Beckett s creative and intellectual sensibilities Drawing on a substantial body of archival material including letters manuscripts diaries and interviews as well as a wealth of historical sources this book explores Beckett s writing in a range of political contexts from the racist dogma of Nazism and aggressive traditionalism of the Vichy regime to Irish neutrality censorship and the politics of recovery in the French Fourth Republic Along the way Samuel Beckett and the Second World War casts new light on Beckett s political commitments and his concepts of history as they were formed during Europe s darkest hour **Les Affiches de la Nouvelle Vague** Serge Zreik, 2003 Avec la reproduction de 17 affiches de films réalisés par Jean Luc Godard Art of the Defeat Laurence Bertrand Dorléac, 2008 Art of the Defeat offers an unflinching look at the pivotal role art played in France during the German occupation It begins with Adolf Hitler s staging of the armistice at Rethondes and moves across the dark years analyzing the official junket by French artists to Germany the exhibition of Arno Breker s colossi in Paris the looting of the state museums and Jewish collections the glorification of Philippe P tain and a pure national identity the demonization of modernists and foreigners and the range of responses by artists and artisans The sum is

a pioneering expos of the deployment of art and ideology to hold the heart of darkness at bay Page 4 of cover **The 'Delie'** Maurice Sceve, 2013-11-14 This edition of Maurice Sceve's 1544 poetic cycle *Delie objet de plus haulte vertu* was prepared specifically for English speaking students **Women in Europe between the Wars** Dr Angela Kershaw, Dr Angela Kimyongür, 2013-04-28 The central aim of this interdisciplinary book is to make visible the intentionality behind the forgetting of European women's contributions during the period between the two world wars in the context of politics culture and society It also seeks to record and analyse women's agency in the construction and reconstruction of Europe and its nation states after the First World War and thus to articulate ways in which the writing of women's history necessarily entails the rewriting of everyone's history By showing that the erasure of women's texts from literary and cultural history was not accidental but was ideologically motivated the essays explicitly and implicitly contribute to debates surrounding canon formation Other important topics are women's political activism during the period antifascism the contributions made by female journalists the politics of literary production genre women's relationship with and contributions to the avant garde women's professional lives and women's involvement in voluntary associations In bringing together the work of scholars whose fields of expertise are diverse but whose interests converge on the inter war period the volume invites readers to make connections and comparisons across the whole spectrum of women's political social and cultural activities throughout Europe *Grand Illusion* Karen Fiss, 2009 Franco German cultural exchange reached its height at the 1937 Paris World's Fair where the Third Reich worked to promote an illusion of friendship between the two countries Through the prism of this decisive event *Grand Illusion* examines the overlooked relationships among Nazi elites and French intellectuals Their interaction Karen Fiss argues profoundly influenced cultural production and normalized aspects of fascist ideology in 1930s France laying the groundwork for the country's eventual collaboration with its German occupiers Tracing related developments across fine arts film architecture and mass pageantry Fiss illuminates the role of National Socialist propaganda in the French decision to ignore Hitler's war preparations and pursue an untenable policy of appeasement France's receptiveness toward Nazi culture Fiss contends was rooted in its troubled identity and deep seated insecurities With their government in crisis French intellectuals from both the left and the right demanded a new national culture that could rival those of the totalitarian states By examining how this cultural exchange shifted toward political collaboration *Grand Illusion* casts new light on the power of art to influence history *Nation, Empire, Colony* Ruth Roach Pierson, Nupur Chaudhuri, Beth McAuley, 1998-11-22 a lively and interesting book *American Historical Review* These writers reveal the power relations of gender class race and sexuality at the heart of the imperialisms colonialisms and nationalisms that have shaped our modern world Topics include the mis representations of Native women by European colonizers the violent displacement of women through imperialisms and nationalisms and the relations between and among feminism nationalism imperialism and colonialism *The Publishers Weekly*, 1893 **The Dance Theatre of Kurt Jooss** Suzanne
