Raymond Mhlabas Personal Memoirs:

Raymond Mhlaba's Personal Memoirs Raymond Mhlaba, Thembeke Mufamadi, 2001 Raymond Mhlaba is one of the most committed comrades Thembeke Mufamadi had the honour to know and work with in the many years of the liberation struggle What marks him above all in her memory is the absolute honesty and integrity of the man It is right and fitting that such a hero and veteran of our struggle should leave posterity with a record in his own words of his life and experiences This story is told with the same honesty simplicity and lack of self aggrandisement that have always characterised Raymond Mhlaba This book is commended very strongly for the voice it gives to one of the great heroes of our struggle Raymond Mhlaba exemplifies the kind of leader that survived all the injustices of white supremacy His character was defined by Chief Luthuli president of the African National Congress as embodying the courage that rises with danger It is fortunate that individuals such as Mhlaba led South Africa's transition to democracy He is a product of all that is best in South Africa

The Revolutionary Organisation Erik van Ree, 2025-09-22 This is the first comprehensive study of the phenomenon of the armed struggle revolutionary organisation The Revolutionary Organisation covers the period from the late 18th century to the present is global in scope and discusses organisations inspired by all main ideological traditions communist anti colonialist nationalist democratic Islamist fascist and white supremacist The condition of life and death struggle with the state imposes similar patterns of operation upon these organisations irrespective of their ideological inclinations This work interprets armed struggle revolutionary organisations as hybrids of three orientations an apparatus of professional revolutionaries an emotional community sustained by ideology battle comradeship and ritual and an instrument of physical force nurturing an heroic organisational ethos

External Mission Stephen Ellis, 2022-07-15 External Mission helped me understand better how the phenomenon of Jacob Zuma and his main legacy state capture became possible MAX DU PREEZ After the ANC was banned by the apartheid government in 1960 many of its leaders and members were forced to leave the country During the next three decades it had to operate in exile and underground Yet the real history of this period remains shrouded in mystery Some events such as the Rhodesian campaign of 1967 1968 and the Kabwe conference of 1985 are well known but lesser known are the intense factional struggles within the organisation recurring pro democracy protests and the creation of a security apparatus that inspired widespread fear Some networks within the exiled ANC became heavily involved in corruption even colluding with elements of the apartheid security police and secret services External Mission aims to provide a full account of the ANC's years in exile penetrating the secrecy the organisation erected around itself and testing the myths that emerged from that period It is based on an exceptionally wide range of sources including the ANC's own archives and foreign archives such as those in East Germany where the movement's security personnel were trained Incisive and revealing External Mission is key to understanding South Africa today

Reassessing Mandela Colin Bundy, William Beinart, 2020-12-17 Seven years since his death 2013 Nelson Mandela still occupies an extraordinary place in the global

imagination Internationally Mandela's renown seems intact and invulnerable In South Africa however his legacy and his place in the country's history have become matters of contention and dispute especially amongst younger black South Africans The essays in this book analyse aspects of Mandela's life in the context of South Africa's national history and make an important contribution to the historiography of the anti apartheid political struggle They reassess the political context of Mandela's youth his changing political beliefs and connections with the Left his role in the African National Congress and the turn to armed struggle his marriage to Winnie Madikizela Mandela and their political relationship By providing new context they explore Mandela as an actor in broader social processes such as the rise of the ANC and the making of South Africa's post apartheid constitution The detailed essays are linked in a substantial introduction by Colin Bundy and current debates are addressed in a concluding essay by Elleke Boehmer This book provides a scholarly counterweight both to uncritical celebration of Mandela and also to a simplistic attribution of post apartheid shortcomings to the person of Mandela This book was originally published as a special issue of the Journal of Southern African Studies

The ANC and the Liberation Struggle in South Africa Thula Simpson, 2018-10-03 The history of the ANC which is the oldest liberation movement on the African continent is one that has generated a great deal of interest amongst historians in recent years Gone are the days when the history of African nationalism could be relegated to the margins of the study of the South African past Instead with the ANC having ascended to the helm of political power a position it has maintained for over twenty years there can be no question that its history occupies an important and permanent place in the history of the nation This volume gathers together some of the most important contributions to the literature on the ANC's role in South Africa's struggle for liberation Besides important themes such as gender ethnicity and healthcare contributions from leading historians also address why the ANC decided to engage in armed struggle what role the South African Communist Party played in making this decision how the ANC External Mission contributed to the upsurge of mass protest in South Africa in the 1970s and 1980s and the ANC's contribution relative to the other components of the liberation struggle in ensuring the eventual demise of the old racial order The chapters in this book were originally published in the South African Historical Journal the Journal of Southern African Studies and African Studies

Remaking the urban Naomi Roux, 2021-01-26 After the end of the apartheid regime in the 1990s South Africa experienced a boom in new heritage and commemorative projects These ranged from huge new museums and monuments to small community museums and grassroots memory work At the same time South African cities have continued to grapple with the difficulties of overcoming entrenched inequalities and divisions Urban spaces are deep repositories of memory and also sites in need of radical transformation *Remaking the Urban* examines the intersections between post apartheid urban transformation and the politics of heritage making in divided cities using the Nelson Mandela Bay Metro in South Africa's Eastern Cape as a case study Roux unpacks the processes by which some narratives and histories become officially inscribed in public space while others are visible only through alternative ephemeral or subversive

means Including discussions of the history of the Red Location Museum of Struggle memorialisation of urban forced removals the heritage politics and transformative potential of public art and strategies for making visible memories and histories of former anti apartheid youth activist groups in the city s townships Roux examines how these twin processes of memory making and change have played out in Nelson Mandela Bay The Story of an African Game André Odendaal,2003 THE STORY OF AN AFRICAN GAME is a ground breaking book the first to cover in detail the history and experiences of black African cricketers in South Africa It is long overdue coming 195 years after the first recorded game of cricket in this country was played at the Green Point Common Cape Town in 1808 This is a book that will forever change the way we look at South Africa s cricket history and help us understand where the game is heading in the future **Red Road to Freedom** Tom Lodge,2022 Definitive and gripping narrative history of the Communist Party of South Africa Umkhonto we Sizwe Thula Simpson,2016-03-01 The armed struggle waged by the ANC s military wing Umkhonto we Sizwe MK was the longest sustained insurgency in South African history This book offers the first full account of the rebellion in its entirety from its early days in the 1950s to the inauguration of Nelson Mandela as South African president in 1994 Vast in scope this story traverses every corner of South Africa and extends throughout southern Africa where MK s largest campaigns and heaviest engagements occurred as well as to the solidarity networks that the rebellion mobilised around the world Drawing principally from previously unpublished writings and testimonies by the men and women who fought the armed struggle this book recreates the drama heroism and tragedy of their experiences It tells the story of leaders like Nelson Mandela Oliver Tambo Joe Slovo and Chris Hani whose reputations were forged in the crucible of the armed struggle but it is also a tale of martyrs such as Looksmart Ngudle Ashley Kriel and Phila Ndwandwe as well as of MK cadres such as Leonard Nkosi and Glory Sedibe who would ultimately turn against the ANC and collaborate with the state in hunting down their former comrades Written in a fresh immediate style Umkhonto we Sizwe is an honest account of the armed struggle and a fascinating chronicle of events that changed South African history **Mandela** Tom Lodge,2007-07-26 Nelson Mandela the first African politician to acquire a world following remains in the 21st century an iconic figure But what are the sources of his almost mythic appeal And to what extent did Mandela self consciously create the status of political hero that he now enjoys This new and highly revealing biography examines these questions in detail for the first time Drawing on a range of original sources it presents a host of fresh insights about the shaping of Mandela s personality and public persona from his childhood days and early activism through his long years of imprisonment to his presidency of the new South Africa Throughout Lodge emphasizes the crucial interplay between Mandela s public career and his personal or private world showing how his heroic status was a product both of his leading position within the anti apartheid movement and his own deliberate efforts to supply a form of quasi messianic leadership for that movement And as Lodge shows Mandela s huge international appeal is a compelling and unusual cocktail Of the sacred and the secular Of traditional African values and global media savvy And of

human vulnerability interwoven with the grand narrative of liberation

Selves in Question Judith Coullie, Stephan Meyer, Thengani H. Ngwenya, Thomas Olver, 2006-05-31 Wide ranging and engaging *Selves in Question* considers the various ways in which auto biographical accounts situate and question the self in contemporary southern Africa The twenty seven interviews presented here consider both the ontological status and the representation of the self They remind us that the self is constantly under construction in webs of interlocution and that its status and representation are always in question The contributors therefore look at ways in which auto biographical practices contribute to placing understanding and troubling the self and selves in postcolonies in the current global constellation They examine topics such as the contexts conducive to production processes the contents and forms of auto biographical accounts and finally their impact on the producers and the audience In doing so they map out a multitude of variables including the specific historical juncture geo political locations social positions cultures languages generations and genders in their relations to auto biographical practices Those interviewed include the famous and the hardly known women and men writers and performers who communicate in a variety of languages Afrikaans English Xhosa isiZulu Sesotho and Yiddish An extensive introduction offers a general framework on the contestation of self through auto biography a historical overview of auto biographical representation in South Africa up to the present time an outline of theoretical and thematic issues at stake in southern Africa auto biography and extensive primary and secondary biographies Interviewees Breyten Breytenbach Dennis Brutus Valentine Cascarino Vanitha Chetty Wilfred Cibane Greig Coetzee J M Coetzee Paul Faber David Goldblatt Stephen Gray Dorian Haarhoff Rayda Jacobs Elsa Joubert K Limakatso Kendall Ester Lee Doris Lessing Sindiwe Magona Margaret McCord N Chabani Manganyi Zolani Mkiva Jonathan Morgan Esia Mphahlele Rob Nixon Mpho Nthunya Robert Scott Gillian Slovo Alex J Thembela Pieter Dirk Uys Johan van Wyk Wilhelm Verwoerd David Wolpe D L P Yali Manisi

Revelatory and instructive a beautifully written and accessible book The Times For decades the West has dismissed Maoism as an outdated historical and political phenomenon Since the 1980s China seems to have abandoned the utopian turmoil of Mao s revolution in favour of authoritarian capitalism But Mao and his ideas remain central to the People s Republic and the legitimacy of its Communist government With disagreements and conflicts between China and the West on the rise the need to understand the political legacy of Mao is urgent and growing The power and appeal of Maoism have extended far beyond China Maoism was a crucial motor of the Cold War it shaped the course of the Vietnam War and the international youth rebellions that conflict triggered and brought to power the murderous Khmer Rouge in Cambodia it aided and sometimes handed victory to anti colonial resistance movements in Africa it inspired terrorism in Germany and Italy and wars and insurgencies in Peru India and Nepal some of which are still with us today more than forty years after the death of Mao In this new history Julia Lovell re evaluates Maoism as both a Chinese and an international force linking its evolution in China with its global legacy It is a story that takes us from the tea plantations of north India to the sierras of the Andes from Paris s fifth arrondissement to the fields of Tanzania from the rice paddies of Cambodia to the terraces of Brixton Starting with the birth of Mao s revolution in northwest China in the 1930s and concluding with its violent afterlives in South Asia and resurgence in the People s Republic today this is a landmark history of global Maoism *Hamlet's Dreams* David

Shades of Difference Padraig O'Malley, 2025-05-05 Mac Maharaj played a pivotal role in the liberation movement for nearly four decades suffering brutal tortures and twelve years imprisonment on Robben Island with Nelson Mandela It was Maharaj who smuggled out the manuscript of Mandela's autobiography and later re-entered South Africa to establish a political and military underground on a mission so secret that only those at the highest levels were even aware of its existence Drawing from extensive interviews with Maharaj over eleven years and hitherto unavailable documents Padraig O'Malley vividly renders a true tale of heroism and a gripping insider's look at the struggle for freedom in South Africa
