**Reaching that Peak** David O. Hooke, 1987      *Peak Experiences* Carol Stone White, 2012 An anthology of adventure and life threatening dangers atop the peaks of the Northeast      *The Two-Wheeled World of George B. Thayer* Kevin J. Hayes, 2015-11-01 Cyclotourism has recently risen to prominence with growing national media coverage and thousands of participants taking to America's roadways on two wheels and under their own pedal power But the concept is not new More than a century ago George B Thayer took his own first century or one hundred mile bicycle ride This book brings to life the experience of late nineteenth century cycling through the heartfelt story of this important cycling pioneer In 1886 just two years after his first century Thayer rode his high wheeler across the United States traveling from his home in Connecticut to California and back Thayer took an indirect route without any intent to set speed records but his trip was full of adventure nonetheless With aplomb and humor he dealt with the countless other hazards he encountered including dogs mule teams and wild hogs After his epic tour across the United States Thayer had the urge to cycle abroad and eventually toured England Germany Belgium and Canada on his bike In addition to telling Thayer's cycling story Kevin J Hayes brings to life the culture of cycling and its rise at the end of the nineteenth century when bikes became more affordable and the nation's riding craze took off Publisher's description      **White Mountains Hiking History** Mike Dickerman, 2013-06-04 Since the time of pioneer settlers Abel and Ethan Allen Crawford explorers and adventurers have been lured by the stunning peaks and lush valleys of New Hampshire's White Mountains In the nearly two centuries since the Crawfords constructed their first crude footpath onto the heights of Mount Washington and the Presidential Range the White Mountain trail system has evolved into an intricate network featuring more than 1 400 miles of marked paths Retrace the steps of early mountain guides such as Charles Lowe and Allen Old Man Thompson and learn how these early path makers made New England's most popular and extensive mountain trail system possible Longtime northern New Hampshire hiking columnist and guidebook author Mike Dickerman traces the fascinating story of this evolution with this new collection of profiles and reflections on the early trails and trailblazers of the region      *Forest and Crag* Laura Waterman, Guy Waterman, 2019-02-28 Thirty years after its initial publication this beloved classic is back in print Superbly researched and written *Forest and Crag* is the definitive history of our love affair with the mountains of the Northeastern United States from the Catskills and the Adirondacks of New York to the Green Mountains of Vermont the White Mountains of New Hampshire and the mountains of Maine It's all here in one comprehensive volume the struggles of early pioneers in America's first frontier wilderness the first ascent of every major peak in the Northeast the building of the trail networks including the Appalachian Trail the golden era of the summit resort hotels and the unforeseen consequences of the backpacking boom of the 1970s and 80s Laura and Guy Waterman spent a decade researching and writing *Forest and Crag* and in it they draw together widely scattered sources What emerges is a compelling story of our ever evolving relationship with the mountains and wilderness a story that will fascinate historians

outdoor enthusiasts and armchair adventurers alike      **Stories from the White Mountains** Mike Dickerman, 2013-09-24  
 Throughout its rich and varied history New Hampshire's White Mountains region has played host to explorers and  
 adventurers as well as grand hotels and their well heeled guests In this anthology of historical writing local author Mike  
 Dickerman captures the spirit tenacity and resourcefulness of those who have lived worked and played in these Great White  
 Hills His stories also bring to life dramatic events that scarred the landscape long ago such as tragic plane crashes and the  
 devastating Hurricane of 1938 The book spans the ages from the logging railroads of yesteryear to the forest fire lookout  
 towers of the mid 20th century and covers the expanse of these rolling hills from the snow laden heights of Mount  
 Washington to the stately grounds of the Mountain View House in Whitefield      World Class Peggy Shinn, 2018-02-06 What  
 makes a great team Sports journalist Peggy Shinn answers this question in her enthralling account of the dramatic rise of the  
 U S women's cross country ski team winners of eight medals at three world championships over the past five years Shinn's  
 story based on dozens of interviews with athletes coaches parents spouses and friends paints a vivid picture of the obstacles  
 that America's female athletes must overcome not just to ski with the world's best but to beat them In a sport where U S  
 women have toiled for decades mostly in the middle or the back of the pack the development of a world class team attests to  
 the heady combination of a transformational leader a coach who connects with his athletes the super fast individual skiers  
 who are also conscientious teammates and a bit of good luck This is the story of Kikkan Randall Liz Stephen Holly Brooks
