Reaching The Underserved Mental Health Needs Of Neglected Populations By:

Reaching the Underserved Lonnie R. Snowden,1982-12 Why are some needy populations so difficult to reach by mental health agencies Original essays examine specific ethnic and other underserved groups such as the aged rural people or chronic patients What is the role of such factors as distance to be travelled inhospitable presentation an unsophisticated view of mental health and inability to pay What are the factors in mental health services themselves that can be improved Contributors also review the efforts taken over the last 20 years to reach the underserved and suggest new directions for reform This is a superbly good book on a vital subject and deserves the attention of every person in the field of mental health and especially those in the field of community **Journal of Human Services Abstracts** ,1983 Handbook of Diversity in Parent Education Marvin J. Fine,Steven W. Lee,2000-10-09 Traditionally books on parent education have focused on techniques from a certain tradition either behavioral or humanistic that could be applied to any problem of parenting or child behavior change These books have used a cook book approach that is frequently oblivious to environmental conditions that influence behavior or take into account the individual differences of the children or families involved This book highlights the complexity of our society and times by exploring the problems faced by diverse types of parents children and parenting situations Moreover the sensitive issues of parenting in unique populations are handled in a caring straight forward way with an emphasis on research based parent education programs along with tips and strategies for everyday use Premier text on parent education in diverse populations Features tips strategies websites and support for parents Based upon cutting edge research in parent education Models for developing problem specific parenting programs Step by step parent education programs for low incidence problems Features violence and crisis prevention and intervention skills for families *Working at the Interface of Cultures* Michael Harris Bond,2015-07-30 Behind the mask of objective science lie the dynamics of what happens to scientists who go to live and work in another culture Those who work and study in an alien culture often find themselves changed in ways that affect their scientific work How does this challenge stimulate provoke suggest and inspire advances and novelty in their theories methods and instruments Originally published in 1997 each of the essays in this title explores these issues through the experiences of a distinguished practitioner describing the process of intellectual growth and development Chosen for their extensive experience with people holding a different worldview the authors have all achieved renown for their contributions to the social science of culture **Cultural Competence for Evaluators** ,1992

Cultural Competence for Evaluators Mario A. Orlandi,1998-04 Examines the issue of cultural competence for program evaluators as it relates to African American Hispanic American Indian Alaska Native and Asian Pacific Islander American community groups The primary objective is to enhance the knowledge base and skills of professionals who are responsible for evaluating AOD abuse prevention programs in ethnic racial community settings Complementary chapters provide conceptual frameworks and practical suggestions for evaluators working with each of the ethnic racial groups concluding

with a final overview of cultural competence **Depression** Arthur Schwartz, Ruth M. Schwartz, 1993 *Depression Theories and Treatments* presents a thorough overview of the major issues in the study and treatment of depression In one volume it examines all the major theoretical assessment and treatment strategies and based on the most recent research offers clear explanations of the psychological biological and cultural aspects of depression Rather than favoring a particular treatment approach the authors provide a balanced presentation with research based indicators of the particular techniques or approaches to be used including medications that have proven useful A comprehensive step by step assessment guide is included Rich in cases and new findings the volume concludes with a discussion of how gender age race and socioeconomic status can be important factors in depression Technical terms are explained and minitutorials are provided throughout so that the text is understandable to all readers **Child and Adolescent Therapy** Jeremy P. Shapiro, Robert D. Friedberg, Karen K. Bardenstein, 2012-06-22 This comprehensive guide to child therapy provides a thorough introduction to the principles and practice of psychotherapy with children and adolescents It provides balanced coverage of child therapy theory research and practice Adopting an integrated approach the authors bring both the science of evidence based practice and the art of therapy into each chapter *Mood Disorders in Later Life* Paul C. Etter, 2008-12-12 *Mood Disorders in Later Life* examines the spectrum of mood disorders in older adults focusing on major and nonmajor depressive disorders bipolar disorder manic and depressive phases depression with psychotic features and vascular depression In depth discussions of diagnosis and treatment options including psychotherapy pharmacotherapy and **Current Catalog** National Library of Medicine (U.S.), 1983 First multi year cumulation covers six years 1965 70 **Cultural Issues in End-of-Life Decision Making** Kathryn L. Braun, James H. Pietsch, Patricia L. Blanchette, 2000 Questions that face dying individuals their families and the professionals that help them at the end of their lives are explored in this volume The contributors help the reader to come to terms with issues of mortality complicated by the diversity of cultures within society **Handbook of Community Psychology** Julian Rappaport, Edward Seidman, 2012-12-06 As a field progresses people write about their own work in journals chapters and books but periodically the work needs to be collected and organized It needs to be brought together in a format that can both introduce new members to the field and reacquaint continuing members with the work of their colleagues Such a collection also affords an opportunity for the growing number of people with particular expertise to provide a reference for others whose work is related but differs in focus This is the first *Handbook of Community Psychology* It contains contributions from 106 different authors in addition to our editorial introductions Its thirty eight chapters including two that are divided into multiple individually authored parts are concerned with conceptual frameworks empirically grounded constructs intervention strategies and tactics social systems design assessment and analysis cross cutting professional issues and contemporary intersections with community psychology Although interrelated each chapter stands on its own as a statement about a particular part of the field and the volume can serve as a reference for those who

may want to explore an area about which they are not yet familiar To some extent community psychologists eschew the distinction between researcher and practitioner and regardless of one's primary work environment university small college practice setting government or grassroots organization there is something of interest for anyone who wants to explore the community psychology approach
