Reading-Writing Connections Mary F. Heller,1999-04-01 Reading Writing Connections From Theory to Practice is an extraordinary language arts methods text that enables elementary and middle school teachers to create classroom environments where all students can become lifelong readers and writers Focusing on developmentally appropriate methods and materials this remarkably readable book empowers a new generation of teachers to integrate reading writing listening and speaking in K 8 classrooms Heller s highly accessible writing style makes this book suitable as a primary text for undergraduate and graduate courses in language arts reading writing and literacy Special features of this second edition include a vision of how to transform cutting edge theory and research into classroom practice that utilizes integrated language arts instruction a unique developmental perspective with separate chapters on teaching methods and materials for kindergarten primary 1 3 intermediate 4 6 and middle grades 7 8 instructional guidelines that offer generous detailed suggestions for applying theory to practice plus For You to Try and For Your Journal exercises that encourage critical thinking and reflection and a wealth of classroom vignettes examples of students oral and written language illustrations and figures that accentuate interesting and informative theory research and practice In addition Reading Writing Connections offers expanded content on the impact of sociocultural theory and the whole language movement on the teaching of reading and writing across the curriculum greater emphasis on cultural diversity including new multicultural children s literature booklists that complement the general children s literature bibliographies and current information on alternative assessment emerging technologies the multiage classroom reader response to literature and thematic teaching

More Story Stretchers Shirley C. Raines,Robert J. Canady,1991 Includes

450 lesson plans for use with 90 titles Resisting the Kinder-Race Christopher P. Brown, 2021 Kindergarten has changed. Many believe that it no longer reflects a nurturing environment but instead has become a race for children to learn skills so they are ready for the academic achievement tests that they will take continuously throughout their time in school. Resisting the Kinder Race examines how the race came about, why it must change, and how all stakeholders in the early childhood and elementary school communities must take part in the reform process. The author draws on his own research to consider how the Kinder Race might be reimagined through more democratic principles of schooling. Brown offers both practical and political strategies that can alter the day-to-day practices of the kindergarten classroom and the policies that currently define PreK-12 education in the United States. This resource will help readers see kindergarten as an educational environment that expands the learning of every child. **Book Features:** Provides an in-depth glimpse into a typical day in the Kinder Race; Examines how kindergarten devolved from a garden that nurtures children into a race that dashes them from skill to skill; Brings together what are often siloed conversations among stakeholder groups; Highlights how kindergarten is now primarily defined through an economic lens and how this framing of learning, earning, and consuming might be rethought; Employs varied conceptual frameworks to investigate how stakeholders across different levels of public education make sense of the changed kindergarten; Illuminates the complexity of what is occurring in today's kindergarten and puts forward practical and achievable ideas for change. Outcomes in Literacy, Numeracy & Life Skills, 1998 This is a complete integrated course for the Foundation Phase. It develops Specific Outcomes from all eight learning areas in each of the three workbooks and includes a teacher's resource book packed with ideas and activities. Workbooks for Grades 2 and 3 are fully compatible with Curriculum 2005. **Story Stretchers** Shirley C. Raines, Robert J. Canady, 1989 Activities for 90 different children's books covering time, art, cooking and snack time, creative dramatics, housekeeping and dress-up, music, movement, block building, science, fun, nature study, library, mathematics, math fun. *Investment in After-school Programs* United States Congress, Senate, Committee on Appropriations, Subcommittee on Departments of Labor, Health and Human Services, Education, and Related Agencies, 2003
