Transforming or subverting Western and patristic traditions associated with the clergy they also turned to Eastern and North African traditions and to popular oral theater and focused in their choice of genre on lyric romance and confessional autobiography These essays analyze their texts and reconstruct a medieval feminine aesthetic that begins a rewriting of cultural and literary history Jane Chance is professor of English at Rice University She has written or edited 13 books on Old and Middle English literature mythology medieval women and modern medievalism including *Medieval Mythography From Roman North Africa to the School of Chartres A D 433 1177* UPF 1994 *Woman as Hero in Old English Literature the Mythographic Art Classical Fable and the Rise of the Vernacular in Early France and England* UPF 1990 and *Christine de Pizan The Letter of Othea to Hector Translated with Introduction and Interpretive Essay* She is the editor of the *Focus Library of Medieval Women* *Virgil in the Renaissance* David Scott Wilson-Okamura, 2010-08-12 The disciplines of classical scholarship were established in their modern form between 1300 and 1600 and Virgil was a test case for many of them This book is concerned with what became of Virgil in this period how he was understood and how his poems were recycled What did readers assume about Virgil in the long decades between Dante and Sidney Petrarch and Spenser Boccaccio and Ariosto Which commentators had the most influence What story if any was Virgil's Eclogues supposed to tell What was the status of his Georgics Which parts of his epic attracted the most imitators Building on specialized scholarship of the last hundred years this book provides a panoramic synthesis of what scholars and poets from across Europe believed they could know about Virgil's life and poetry *Desiring Discourse* James Paxon, Cynthia Gravlee, 1998-12 These essays examine the central role played by Ovid in medieval amatory literature In so doing they address the theoretical problems of the entrenched aesthetics of reception long tied to the Ovidian Middle Ages while they also seek at times to overturn many of the prior critical perceptions associated with Ovidian suasive discourse in particular the unproblematic assertion of male will and the erasure of female voice Responding to the great fund of critical work done on amatory literature in the Middle Ages a literature thus far organized into an array of categories such as the rhetorical institution of persuasion and seduction the Ovidian heritage *aetas ovidiana* the language of amatory love the genealogy of the romance and the convention of courtly love this volume seeks to provide a comprehensive look at the rhetorical and social conditions of desire Audience and Reception in the Early Modern Period John R. Decker, Mitzi Kirkland-Ives, 2021-09-09 Early modern audiences readerships and viewerships were not homogenous Differences in status education language wealth and experience to name only a few variables could influence how a group of people or a particular person received and made sense of sermons public proclamations dramatic and musical performances images objects and spaces The ways in which each of these were framed and executed could have a serious impact on their relevance and effectiveness The chapters in this volume explore the ways in which authors poets artists preachers theologians playwrights and performers took account of and encoded pluriform potential audiences readers and viewers in their works and how these varied parties encountered and responded to these
