Miller, 1987 *Reading Russian Sources* George Gilbert, 2020-01-20 *Reading Russian Sources* is an accessible and comprehensive guide that introduces students to the wide range of sources that can be used to engage with Russian history from the early medieval to the late Soviet periods Divided into two parts the book begins by considering approaches that can be taken towards the study of Russian history using primary sources It then moves on to assess both textual and visual sources including memoirs autobiographies journals newspapers art maps film and TV enabling the reader to engage with and make sense of the burgeoning number of different sources and the ways they are used Contributors illuminate key issues in the study of different areas of Russia's history through their analysis of source materials exploring some of the major issues in using different source types and reflecting recent discoveries that are changing the field In so doing the book orientates students within the broader methodological and conceptual debates that are defining the field and shaping the way Russian history is studied Chronologically wide ranging and supported by further reading along with suggestions to help students guide their own enquiries *Reading Russian Sources* is the ideal resource for any student undertaking research on Russian history *Coming Home* Nelly Elias, 2008-07-22 *Coming Home* provides an extraordinary glimpse into the social and cultural integration of a unique category of immigrants the returning Diaspora During the 1990s Russian speaking Jews and Germans returned to their respective historic homelands Nelly Elias explores the social and cultural adaptation of these two groups by focusing on the roles played by their native language Russian and the language used by the media of each country Based on one hundred in depth interviews conducted with immigrants now living in both Israel and Germany *Coming Home* considers media use to be an inseparable part of an immigrant's adaptation strategy simultaneously reflecting construction of a new social and cultural identity while also preserving their original cultural identities **The American Journal of Sociology** Albion W. Small, Ellsworth Faris, Ernest Watson Burgess, 1924 *The Russian Reading Revolution* S. Lovell, 2000-02-24 Of all of Soviet cultural myths none was more resilient than the belief that the USSR had the world's greatest readers This book explains how the Russian reading myth took hold in the 1920s and 1930s how it was supported by a monopolistic and homogenizing system of book production and distribution and how it was challenged in the post Stalin era first by the latent expansion and differentiation of the reading public and then more dramatically by the economic and cultural changes of the 1990s *Fourth Estate*, 1924 **The City** Robert Ezra Park, Ernest Watson Burgess, Roderick Duncan McKenzie, 1925 **Vladimir Nabokov** Brian Boyd, 2016-06-10 This first major critical biography of Vladimir Nabokov one of the greatest of twentieth century writers finally allows us full access to the dramatic details of his life and the depths of his art An intensely private man Nabokov was uprooted first by the Russian Revolution and then by World War II Transformed into a permanent wanderer he did not achieve fame until late in life with the success of *Lolita* In this first of two volumes Brian Boyd vividly describes the liberal

milieu of the aristocratic Nabokovs their escape from Russia Nabokov s education at Cambridge and the murder of his father in Berlin Boyd then turns to the years that Nabokov spent impoverished in Germany and France until the coming of Hitler forced him to flee with wife and son to the United States This volume stands on its own as a fascinating exploration of Nabokov s Russian years and Russian worlds prerevolutionary and migr In the course of his ten years work on the biography Boyd traveled along Nabokov s trail everywhere from Yalta to Palo Alto The only scholar to have had free access to the Nabokov archives in Montreux and the Library of Congress he also interviewed at length Nabokov s family and scores of his friends and associates For the general reader Boyd offers an introduction to Nabokov the man his works and his world For the specialist he provides a basis for all future research on Nabokov s life and art as he dates and describes the composition of all Nabokov s works published and unpublished Boyd investigates Nabokov s relation to and his independence from his time examines the special structures of his mind and thought and explains the relations between his philosophy and his innovations of literary strategy and style At the same time he provides succinct introductions to all the fiction dramas memoirs and major verse presents detailed analyses of the major books that break new ground for the scholar while providing easy paths into the works for other readers and shows the relationship between Nabokov s life and the themes and subjects of his art
