**Red, White & Liberal** Alan Colmes, 2011-09-20 As one of the foremost liberal voices in television and radio today Alan Colmes has long been braving the wilds of controversial issues and conservative slander The host of the talk radio show Fox News Live with Alan Colmes and cohost of Fox News Channel's hit debate show Hannity the lies we've been force fed about the war in Iraq and Afghanistan and the conservative smear campaign that has turned liberal into a four letter word From debunking the myth of the liberal media to exposing conservative hypocrisy Colmes presents the issues with thoughtful provocative arguments hard facts and logic and searing humor Certain to spark debate and cause readers to reevaluate and reaffirm their beliefs **Red White Liberal** powerfully argues that despite our differences we must extend our hands across party lines to find solutions protect our shores and preserve our freedoms

**Liberty Means Freedom for All** Steven H. Propp, 2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It's an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand's philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christian Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved

**Red, White & Liberal** Alan Colmes, 2003-10-21 As one of the foremost liberal voices in television and talk radio today Alan Colmes has long been braving the wilds of controversial issues and conservative slander Already a talk radio star and the only liberal to be heard nationally Colmes has also taken the television world by storm on Fox News Channel's Hannity the lies we've been force fed about the war in Iraq and the unsettled situation in Afghanistan the misguided use of religion by the right to justify hatred and prejudice and the successful conservative smear campaign against the left that has turned liberal into a four letter word In order to preserve our freedoms Colmes calls America back to its liberal roots He reminds us that our forefathers spoke out

against the status quo and fought for the individual's right to opportunity, privacy and personal choice that they prized progress and open mindedness over divisive party politics and that they believed the ability to express dissent was crucial to keeping a democracy healthy. Colmes suggests that it is our patriotic duty to voice our concern when we feel that wrongs are being done. From debunking the myth of the liberal media to exposing conservative hypocrisy to showing how Jesus was a liberal and the War on Terror is a failure, Colmes presents the issues with thoughtful, provocative arguments, hard facts and logic and searing humor. He urges us to extend our hands across party lines to find real solutions, protect our shores and preserve our freedoms. Certain to spark debate and cause readers to both reevaluate and reaffirm their beliefs, *Red White Liberal* is a witty, passionate testament to the liberal ideals that have made America great and that will continue to ensure liberty and justice for all.

**On the Trail of the D.C. Sniper** Jack R. Censer, 2010-04-06 For a month in the fall of 2002 a series of sniper attacks suddenly dominated the headlines in the nation's capital. Beginning in the Washington suburbs, these crimes eventually stretched over one hundred miles along I 95 to Richmond. More than a thousand law officers would pursue the perpetrators, an enormous number for one case. The number of reporters covering the story, however, was even greater. *On the Trail of the D.C. Sniper* uses the remarkable events of that October to explore the shifting character of journalism as it entered the twenty-first century and to question how this change in the way news is gathered and reported impacted the events it covered. Because of its political significance, Washington D.C., although not a huge population center, is home to an international news corps rivaling that of London or New York. The sniper story thus gained unusually broad media coverage. These events also coincided with the rise of cable network news, meaning that the story would be delivered through a greatly accelerated news cycle. Continuous coverage on television meant a more intense race for scoops when a major development wasn't available. Lesser incidents were sometimes played up in an attempt to maintain the sense of an always unfolding story. Jack Censer looks at the atmosphere of heightened anxiety in which this killing spree occurred, coming only a year after the 9/11 attacks as well as the unsolved anthrax scare centered in the D.C. area and asks if the press, by intensifying its focus, also intensified the sense of fear. To bring in another perspective, Censer looks closely at the elementary and secondary schools in the area, comparing their experience of the threat with the press's perception and presentation of it. In most cases, school officials chose a course of precaution in which life could carry on rather than one of hypervigilance and lockdowns. Although it is widely thought that journalists have strong political and commercial biases, Censer reveals that in this case the press was motivated above all by the creation of a gripping story to evoke emotion from its audience. One of the most detailed studies yet published of how the press follows a story in the twenty-four hour news era, this book provides a window on post-9/11 anxiety and the relationship between those fears, public events and the news media.

 Fentress C. Horner,2020-11-15 The Biblical History of the Liberal and of the Conservatism came about through some  
 discussion of the 2016 campaigns and the ways and means of the various parties in their attempt to be the winner in 2016  
 There was a noted difference in the way of those leaning to the leftward political spectrum and of those leaning to the right  
 side There was quite a bit said regarding these two main ways and the idea came across to give note of the observations How  
 far back did we go in our discussions A ways and in a general way we went back to Bible times With some extra exploring on  
 this subject it was reckoned to go to the beginning to the book of Genesis Just in the first eleven chapters there has been  
 found in the entirety of the scriptures as you will read Quite a bit has been noted in God s Word regarding the liberal and the
