Redeemed Creation:

Creation Made Free Thomas Jay Oord, 2010-01-01 Open Theology offers an advantageous framework for engaging the sciences With its emphasis upon creaturely freedom relationality realist epistemology and love Open Theology makes a fruitful dialogue partner with leading fields and theories in contemporary science In *Creation Made Free* leading proponents of open theism explore natural and social scientific dimensions of reality as these dimensions both inform and are informed by Open Theology Important themes addressed include evolution creation ex nihilo emergence theory biblical cosmology cognitive linguistics quantum theory and forgiveness *The Moral Quest* Stanley J. Grenz, 2016-09-27 Stanley J Grenz masterfully leads readers into a theological engagement with moral inquiry that is a first rate introduction to Christian ethics

The Doctrine of the Incarnation Opened Edward Irving, 2023-08-31 In *The Doctrine of the Incarnation Opened* an abridgement of Edward Irving's 1792 1834 sermons readers have fresh access to and insightful comment on Irving's distinctive views regarding the person of Jesus Christ The book follows the sermons in a logical progression the goal and method of the incarnation the events of the incarnate life and the death of Christ and the effects of the incarnation For Irving God the Son's assumption of a fallen human nature was of the utmost importance and garnered most attention This view also dominates Irving's soteriology according to which the incarnate Son takes over the human will reforming the very origin of sin and offers obedience to the Father as a sacrifice of praise Irving's radical Christological thought informed the thinking of notable theologians such as John McLeod Campbell Thomas F Torrance and Karl Barth With an introduction by G McFarlane and a critical response by J D Cameron *The Doctrine of the Incarnation Opened* provides an accessible format to engage with Irving's influential thoughts and ideas **Your Gospel Is Too Small** Jason Valeriano Hallig, 2021-04-07 Friedrich Nietzsche believed that with the gospel the Christian is a useless separated resigned person extraneous to the progress of the world Hence to Nietzsche the Christian message is a virtue of the weak This criticism emanates from the kind of a gospel we have known accepted and preached for centuries a gospel that represented the Christian message out of the medieval and Reformation theologies With the revival of biblical studies and theology in the eighteenth century and onwards studies on the gospel shifted to more historical approaches paving the way for a more biblical gospel that is faithful to the larger biblical narrative Slowly we have rediscovered a different understanding of the gospel that is not limited to a personal and highly spiritualized gospel but one that is more cosmic in its grandeur *Your Gospel Is Too Small* invites readers to a whole new world open to men and women toward a vision greater than previously held a world that is even beyond what *ubermensch* offers to us This is a reframing of the gospel we thought we already knew **The Mission of God's People** Christopher J. H. Wright, 2010-09-07 What does the Bible say about God's purpose for us the witness of the church and our mission to spread the message of the gospel Chris Wright's pioneering 2006 book *The Mission of God* revealed that the typical Christian understanding of missions encompasses only a small part of God's overarching mission for the world God is relentlessly

reclaiming the whole of creation for himself and each of us fit into that big picture plan In *The Mission of God's People* Wright argues that having a strong biblical theology that shapes our thinking and behavior must be in place before answering the call of the Great Commission Wright first steps back and answers some of the biggest questions of God's story and our place within it Who are the people of God What kind of people are we What are the priorities and limits of our mission What exactly is the gospel that lies at the core of our mission What was it that made Christianity a missionary faith from the very start While answering these essential questions Wright thoroughly details what the Old and New Testaments teach Christians about being God's people He addresses questions of both ecclesiology the theology of the church and missiology the practice and methodology of missions with topics like called to care for creation called to bless the nations sending and being sent and rejecting false gods _____ Part of the Biblical Theology for Life series this practical and robust book will help you and your church ground your witness bearing purpose and worship on the solid foundation of biblical understanding and reflection

What's the Good of Humanity? Victor Lee Austin, Joel C. Daniels, 2021-09-21 From a Christian perspective it could well be said that humanity a good gift of God is being undermined by the technology and thought patterns and practices of contemporary Western culture In response to what is seen as an attack many books have been written on the harm of these technologically driven practices These articles and books focus on what is wrong with euthanasia with surrogate motherhood with the denial of the male female difference and so forth Yet to make a compelling cultural witness it is more important for Christians to know what is right and essential that they be able to articulate the positive Why do babies matter What is the goodness embedded in being made male and female How can one approach death in a godly manner We need in other words to be able to give an account of God's Yes 2 Cor 1:20 the hope that is within us 1 Peter 3:15 In this collection of essays an ecumenical group of scholars of diverse perspectives discuss these and other important questions in order to help discern what is good for humanity With contributions by Phillip Cary Donna Freitas Paul Hinlicky Edith M. Humphrey Patrick Lee Gilbert Meilaender Nancey Murphy

The Collected Writings of Edward Irving

Edward Irving, 1865 The Sabbath Recorder , 1906 *Alternative Salvations* Hannah Bacon, Wendy Dossett, Steve Knowles, 2015-12-17 By considering transformative ideas and experiences which are explicitly articulated or implicitly structured in languages of religion and spirituality *Alternative Salvations* probes concepts including religious secular spiritual post Christian and post secular providing a series of studies which question the functionality of these broad categories Part one draws on contemporary salvation narratives showing how current cultural forms social practices and secular discourses are influenced by or are interpreted through the lens of religious and theological accounts of salvation Examples include twelve step recovery programs drug culture and public policy surrounding HIV AIDs in Kenya Although outside traditional religious contexts the contributors show ways in which they are not free from religious symbolism Part two explores alternative accounts of salvation rooted in religious traditions Established orthodoxies are confronted by contemporary critical questions for example about gender the status of animals and the political dimensions of salvation By contributing new perspectives and unique case studies *Alternative Salvations* provides a deliberate challenge to easy binaries which often underpin contemporary and traditional discourses of salvation **The Restorer - Large Format** Bryn Jones, 2020-02-10 The compiled messages of Bryn Jones taken from the restorer website This book has been approved by Bryn's brother Keri and the family The minimum amount of revenue is made on this book *Love, Divine and Human: Contemporary Essays in Systematic and Philosophical Theology* Oliver D. Crisp, James M. Arcadi, Jordan Wessling, 2019-10-31 This volume offers an array of newly commissioned essays addressing the topic of love in the Christian tradition Drawn from a range of expert theologians and philosophers in contemporary analytic and non analytic theology these essays join current debates within the theology of love and aim to propose new avenues for future research Including the last essay written by Marilyn McCord Adams *Love Divine and Human* deals with a rich variety of issues related to divine and human love The broad scope of the book includes divine transcendence and its methodological bearing on the doctrine of divine love the nature and scope of divine love the interrelation between God's love and wrath the plausibility of an impassable God of love and the application of various conceptions of divine love to the problem of divine hiddenness human ethics and human free will among other topics This unified collection of cutting edge papers will advance discussion for all those focused on the theology of love **Introduction to the Mystery of the Church** Benoit-Dominique de La Soujeole, OP, 2014 Introduction to the Mystery of the Church is an ecclesiological survey presenting a doctrinal synthesis of the Church The author's intention is to propose an overview of this mystery in connection with the entirety of the Christian mystery The book is divided into two major parts the first presenting the foundations in the Bible and the tradition up to our day and the second being an explanatory proposal introducing the reader to the Church's definition and personality and concluding with an exposition of the four properties enunciated in the Creed one holy catholic and apostolic The value of this way of proceeding is first and foremost in the proposal of a synthesis that allows one to situate each question in its rightful place such study

being oriented toward a better overall grasp of the subject As the title suggests the book is an introduction that should allow the reader to apprehend the mystery in its internal coherence in order subsequently with the aid of other texts to be able to enter more deeply into the study of one or other specific point While this ecclesiology treatise is written from a Catholic point of view an ecumenical perspective is often present either through the presentation of divergent views from other Christian confessions or through the proposal for a theological convergence
