traditional relegation of this subject to an emotional or private sphere it traces Camus's intellectual development in order to demonstrate the centrality of this subject to Camus's work as a whole If the Absurd constructed over the body of the real woman liberates the writer to follow a true path of literary creation the impending loss of his Algerian homeland impells a return to all that he had not been free to choose the ties of blood These conflictual and unresolved ties are here investigated in conjunction with the presentation of mythical female figures expressing Camus's darkest fears partly voiced in other writings concerning that other Algeria for which he would never fight Exploring complex interconnections between sexuality race and colonialism this volume is pertinent to all who are interested in the writings of Camus particularly those seeking relevant new ways of approaching his work **Canadian Book Review Annual** ,1994 Quill & Quire ,1993 **Mother Tongue** Emine Sevgi Özdamar,1994 Four stories on the lives of Turkish immigrants in Germany One of them Blackeye in Germany is narrated by a man's donkey while A Charwoman's Career draws on the author's own experiences before she went on to better things stagehand actress playwright theater director and now novelist Lots of black humor **Handbook of Latin American Studies** Dolores Moyano Martin,1999-01-01 Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Dolores Moyano Martin of the Library of Congress Hispanic Division has been the editor since 1977 and P Sue Mundell was assistant editor from 1994 to 1998 The subject categories for Volume 56 are as follows Electronic Resources for the Humanities Art History including ethnohistory Literature including translations from the Spanish and Portuguese Philosophy Latin American Thought Music Gothic Afterlives Lorna Piatti-Farnell,2019-09-13 Gothic Afterlives examines the intersecting dimensions of contemporary Gothic horror and remakes scholarship bringing together innovative perspectives from different areas of study The research compiled in this collection covers a wide range of examples including not only literature but also film television video games and digital media remakes Gothic Afterlives signals the cultural and conceptual impact of Gothic horror on transmedia production with a focus on reimagining and remaking While diverse in content and approach all chapters pivot on two important points first they reflect some of the core preoccupations of Gothic horror by subverting cultural and social certainties about notions such as the body technology consumption human nature digitalization scientific experimentation national identity memory and gender and by challenging the boundaries between human and inhuman self and Other and good and evil Second and perhaps most

important all chapters in the collection collectively show what happens when well known Gothic horror narratives are adapted and remade into different contexts highlighting the implications of the mode shifting registers platforms and chronologies in the process As a collection Gothic Afterlives hones in on contemporary sociocultural experiences and identities as they appear in contemporary popular culture and in the stories told and retold in the twenty first century
