The Red-Headed League, 2003 A suspicious new member solicits the aid of Sherlock Holmes in uncovering the secret behind the Red Headed League Sherlock Holmes: The Red Headed League Alex Woolf, 2022-07-01 Join world famous detective Sherlock Holmes and his ever loyal sidekick Dr Watson as they embark on a daring adventure What is the mysterious Red Headed League and why is it giving jobs to people with red hair Sherlock Holmes senses a major crime may be in the offing Set off with the legendary sleuth as he races against the clock to catch the cunning criminals behind this latest plot This exciting tale has been retold and adapted with new illustrations making it perfect for younger readers Adapted by award winning children's fiction author Alex Woolf it will delight bright young things aged 7 *Sherlock Holmes: The Redheaded League* Sir Arthur Conan Doyle, 2020-09-28 I had called upon my friend Mr Sherlock Holmes one day in the autumn of last year and found him in deep conversation with a very stout florid faced elderly gentleman with fiery red hair With an apology for my intrusion I was about to withdraw when Holmes pulled me abruptly into the room and closed the door behind me You could not possibly have come at a better time my dear Watson he said cordially I was afraid that you

were engaged So I am Very much so Then I can wait in the next room Not at all This gentleman Mr Wilson has been my partner and helper in many of my most successful cases and I have no doubt that he will be of the utmost use to me in yours also The stout gentleman half rose from his chair and gave a bob of greeting with a quick little questioning glance from his small fat encircled eyes Try the settee said Holmes relapsing into his armchair and putting his fingertips together as was his custom when in judicial moods I know my dear Watson that you share my love of all that is bizarre and outside the conventions and humdrum routine of everyday life You have shown your relish for it by the enthusiasm which has prompted you to chronicle and if you will excuse my saying so somewhat to embellish so many of my own little adventures Your cases have indeed been of the greatest interest to me I observed You will remember that I remarked the other day just before we went into the very simple problem presented by Miss Mary Sutherland that for strange effects and extraordinary combinations we must go to life itself which is always far more daring than any effort of the imagination A proposition which I took the liberty of doubting You did Doctor but none the less you must come round to my view for otherwise I shall keep on piling fact upon fact on you until your reason breaks down under them and acknowledges me to be right Now Mr Jabez Wilson here has been good enough to call upon me this morning and to begin a narrative which promises to be one of the most singular which I have listened to for some time You have heard me remark that the strangest and most unique things are very often connected not with the larger but with the smaller crimes and occasionally indeed where there is room for doubt whether any positive crime has been committed As far as I have heard it is impossible for me to say whether the present case is an instance of crime or not but the course of events is certainly among the most singular that I have ever listened to Perhaps Mr Wilson you would have the great kindness to recommence your narrative I ask you not merely because my friend Dr Watson has not heard the opening part but also because the peculiar nature of the story makes me anxious to have every possible detail from your lips As a rule when I have heard some slight indication of the course of events I am able to guide myself by the thousands of other similar cases which occur to my memory In the present instance I am forced to admit that the facts are to the best of my belief unique
