## **Rediscovering Confucianism A Major Philosophy Of Life In East Asia:**

*Rediscovering Confucianism* Torbjörn Lodén, 2021-10-01 This book provides an outline and an appraisal of Confucianism as a system of ideas and beliefs that evolved during the past 3 millennia and continue to do so. Its roots are traced back to pre-Confucian times followed by a detailed examination of some 40 Confucian thinkers. It also describes the social context of evolution of Confucian thought.

**The Politics of Peace** Te-Li Lau, 2009-12-07 Although scholarship has noted the thematic importance of peace in Ephesians, few have examined its political character in a sustained manner throughout the entire letter. This book addresses this lacuna comparing Ephesians with Colossians, Greek political texts, Dio Chrysostom's Orations and the Confucian Four Books in order to ascertain the rhetorical and political nature of its topos of peace. Through comparison with analogous documents both within and without its cultural milieu, this study shows that Ephesians can be read as a politico-religious letter concerning peace within the church. Its vision of peace contains common political elements such as moral education, household management, communal stability, a universal humanity, and war that are subsumed under the controlling rubric of the unity and cosmic summing up of all things in Christ.

*True Lies Worldwide* Anders Cullhed, Lena Rydholm, 2014-05-21 People of all times and in all cultures have produced and consumed fiction in a variety of forms not only for entertainment but also to spread knowledge, religious or political beliefs. Furthermore, fiction has taken part in reflecting and shaping the cultural identity of communities as well as the identity of individuals. This volume aims to explore the concept and the use of fiction from different epochs in different cultures and in different forms, both ancient and more recent. It covers a broad field of interests from ancient literature, art, philosophy and theater to Bollywood productions, television series and modern electronic media. Twenty-three scholars from ten countries and from different areas and fields of interests in the Humanities assembled in Stockholm on a conference in August 2012 to exchange views on Fiction in Global Contexts. This volume presents the results of their discussions. It contains fresh perspectives on issues and topics such as the nature of fiction, fiction and its relationship to truth, the demand for and the function and uses of fiction, the development of fiction from ancient to modern times, different forms of fiction, fiction in social contexts or in a gender perspective.

*Corporate Social Responsibility and Employer Attractiveness* Silke Bustamante, Fabio Pizzutilo, Martina Martinovic, Susana Herrero Olarte, 2021-12-19 This book investigates the preferences of young job seekers for different aspects of corporate social responsibility (CSR) in comparison to other non-CSR related employer attributes. It takes into account the potential influence of cultural and socio-economic variables and provides a differentiated global perspective. In its first part, the book gives an overview about the impact of CSR on employer attractiveness and explains the factors that potentially influence CSR preferences of young job seekers all over the world. In a second part, the research design is outlined and employer-related preferences of 4783 graduates and students coming from 22 countries across the globe are discussed. In the third part, research results are presented for different cultural clusters. The most important criteria for employer choice

of respondents are reflected against the socio economic background and against the characteristics of CSR of the countries in question Finally the results are summarized and implications for global employer branding are derived

**Politics, Culture and Self** Geir Helgesen,Søren Risbjerg Thomsen,2006 Globalization may be undermining Kipling s assertion that East is East and West is West but arguably this is more in the realms of technological advances and consumer behavior than political culture In the latter area much is still made of the contrasts between Eastern culture characterized by collectivism and belief in authority and Western culture characterized by individualism and belief in democracy Such comfortable assumptions will be shattered by readers of Politics Culture and Self

This volume indeed confirms that differences between East Asia and northern Europe do exist. However, it also points to major similarities, e.g. regarding social harmony and the role of the family in society as well as significant contrasts mirrored within the two regions, e.g. concerning interpersonal and institutional trust. *The Philosopher's Index*, 2008 Vols for 1969 include a section of abstracts. *Enzyklopädie Philosophie und Wissenschaftstheorie* Jürgen Mittelstraß, 2024-03-15 Die Enzyklopädie Philosophie und Wissenschaftstheorie das größte allgemeine Nachschlagewerk zur Philosophie im deutschsprachigen Raum wurde 1980 begonnen und 1996 mit dem vierten Band abgeschlossen. Sie erschien 2005 bis 2018 in einer komplett aktualisierten und erweiterten 8. bändigen Neuauflage, die hiermit nun in einer kartonierten Sonderausgabe vorliegt. Die Enzyklopädie umfasst in Sach- und Personenartikeln nicht nur den klassischen Bestand des philosophischen Wissens, sondern auch die neuere Entwicklung der Philosophie, insbesondere in den Bereichen Logik, Erkenntnis und Wissenschaftstheorie sowie Sprachphilosophie. Zugleich finden Grundlagenreflexionen in den Wissenschaften und deren Geschichte ausführliche Berücksichtigung. Die umfassenden Bibliographien und Werkverzeichnisse wurden für die 2. Auflage in allen Artikeln auf den neuesten Stand gebracht. *Blood Ties and Politics* Louie Benedict R. Ignacio, Veronica L. Gregorio, Clarence M. Batan, Sampson Lee Blair, 2025-09-02 Topics of discussion include political socialization within the family, the influence of extremist online websites, marital quality and political ideologies, political disagreement and family relationships, the impact of propaganda upon family relationships, intergenerational patterns of political beliefs and other related issues. *The Confucian Tradition* Guoxiang Peng, 2023-05-05 The author reviews the Confucian tradition through the two concepts religion and humanities. Chinese scholars always adopt Zongjiao and Renwen from the ancient Chinese documents as the Chinese translation of religion and humanities. In respect of their own contexts of culture, the Chinese words and the English words share some similarities in meaning but also have some vital differences. This book covers the major phases of the development of Confucianism, which have a wide historical span from the Pre-Qin period to the contemporary era, with a focus on Confucianism in Song and Ming dynasties. Relevant ideas of modern Western disciplines such as philosophy of religion, religious studies and theology are employed by the author as references, not criteria, to illuminate key ideas in Confucian tradition and highlight the features of Confucianism as a religious or spiritual humanism. In some chapters, the author compares the eastern thinkers and theories with those western ones. **Confucianism in China** Tony Swain, 2017-09-07 This accessible history of Confucianism, or the Way of the Ru, emphasizes the religious dimensions of the tradition. It clearly explains the tradition's unique and subtle philosophical ideals as well as the arts of the Ru, whereby seemingly simple acts such as reading, sitting quietly, good manners and attending to family and state responsibilities became ways of ultimate transformation. This book explains the origins of the Ru and documents their impact in imperial China, before providing extensive coverage of the modern era. Confucianism in China: An Introduction shows how the long history of the Ru is vital to comprehending China today. As the empire drew to an end, there were impassioned movements both to reinvent and

to eradicate Ru tradition Less than forty years ago it seemed close to extinction but today it is undergoing spectacular revival This introduction is suitable for anyone wishing to understand a tradition that shaped imperial China and which is now increasingly swaying Chinese religious philosophical political and economic developments The book contains a glossary of key terms and 22 images and further resources can be found on the book s webpage <http://www.bloomsbury.com/uk>
