Rethinking the Irish in the American South Bryan Albin Giemza,2013-06-03 Studies of the Irish presence in America have tended to look to the main corridors of emigration and hence outside the American South Yet the Irish constituted a significant minority in the region Indeed the Irish fascination expresses itself in southern context in powerful but disparate registers music literature and often a sense of shared heritage

Rethinking the Irish in the American South aims to create a readable thorough introduction to the subject establishing new ground for areas of inquiry These essays offer a revisionist critique of the Irish in the South calling into question widely held understandings of how Irish culture was transmitted The discussion ranges from Appalachian ballads to *Gone with the Wind* to the Irish rock band U2 to Atlantic spanning literary friendships Rather than seeing the Irish presence as natural or something completed in the past these essays posit a shifting evolving and unstable influence Taken collectively they offer a new framework for interpreting the Irish in the region The implications extend to the interpretation of migration patterns to the understanding of Irish diaspora and the assimilation of immigrants and their ideas

**Rambles of a Runaway from Southern Slavery** Henry Goings, 2012-03-05 *Rambles of a Runaway from Southern Slavery* tells of an extraordinary life in and out of slavery in the United States and Canada Born Elijah Turner in the Virginia Tidewater circa 1810 the author eventually procured freedom papers from a man he resembled and took the man's name Henry Goings His life story takes us on an epic journey traveling from his Virginia birthplace through the cotton kingdom of the Lower South and upon his escape from slavery through Tennessee and Kentucky then on to the Great Lakes region of the North and to Canada His *Rambles* show that slaves were found not only in fields but also on the nation's roads and rivers perpetually in motion in massive coffles or as solitary runaways A freedom narrative as well as a slave narrative this compact yet detailed book illustrates many important developments in antebellum America such as the large scale forced migration of enslaved people from long established slave societies in the eastern United States to new settlements on the cotton frontier the political economic processes that framed that migration and the accompanying human anguish Goings's life and reflections serve as important primary documents of African American life and of American national expansion the Civil War and Reconstruction This edition features an informative and insightful introduction by Calvin Schermerhorn

*Josef Pieper on the Spiritual Life* Nathaniel A. Warne, 2023-03-15 Warne's original study provides an insightful analysis of the role of contemplation and creation in the thought of Josef Pieper illustrating the importance of this practice to earthly happiness and human flourishing What is the relationship between creation contemplation human flourishing and moral development Nathaniel Warne's *Josef Pieper on the Spiritual Life* offers a sophisticated answer to this question through a systematic analysis of philosopher Josef Pieper's 1904-1997 thought Warne's examination centers on the role of contemplation and creation in Pieper's thinking arguing that contemplation of the created order is a key feature of earthly happiness By emphasizing the importance of contemplation Pieper illustrates the deep interconnections between ethics creation and spirituality For Warne to posit a binary between the contemplative life and active life creates a false dichotomy Following Pieper Warne claims that theology and spirituality cannot be bracketed from ethics and social action indeed our lived experience in the world blurs the lines between these practices Contemplation and action are closer together than are typically assumed and they have important implications for both our spiritual development and our engagement with the world around us Ultimately Warne's emphasis

on creation and contemplation represents an attempt to resist a view of ethics and the spiritual life that is divorced from our environment In response to this view Warne argues that we need a renewed sense that creation and place are important for self understanding Contemplation of creation is fundamentally a form of communion with God we thus need a more robust sense of how ethics and politics are rooted in God s creative action Taking Pieper as a guide Warne s study helps to deepen our thinking about these connections

Refusals and Reflections ,2024-11-04 Though qualitative research methods shape scholarship around the globe and institutions worldwide offer qualitative coursework there is very little explicit discussion on how to effectively teach qualitative research Instead a standard approach is for instructors to gain in depth expertise in qualitative methodologies with little or no pedagogical training The effect is a continuous and nearly exclusive emphasis on content knowledge that undermines the preparation of novice researchers as both teachers and learners This book works to fill that gap by offering perspectives strategies and applications from instructor and student perspectives based on a semester long class emphasizing social justice in qualitative research This edited volume offers sections on pedagogical strategies students responses to and applications of those concepts and then instructor reflections The goal is to offer an important starting point for explicit discussions on how qualitative research might be taught and learned in addition to how it might be thoughtfully and ethically conducted Contributors are Erica T Campbell Sun Young Gu Kelsey H Guy Aimee J Hackney April M Jones Alison N Kearley Caran Kennedy Amon Neely Cowan Allyson Pitzel Diana Quito Erin E Rich Stephanie Anne Shelton Ashley Salter Virgin and Venus Treva Watson
