Reflections Olav Klepp, 2002-09-12 Wars hate bloodshed and savage events started in Iraq and the Middle East more than 1 400 years ago long before the discovery of America and the establishing of the United States of America The hate culture had been the real problem in the Middle East for hundreds of years Certainly it is not the USA even in the case of the Arab Israel conflict in modern history It is well known that the various American administrations tried to find a peaceful end to this conflict Unfortunately the Arab leaders always give the public an impression that they are very close to defeating Israel and they put the blame for not doing it on the USA The Arab leaders and the media ignore that the Israelis have had nuclear weapons since the 60s Only a na ve person would think that the Israeli people will follow the steps of the crusaders by boarding ships and leaving the Middle East The Israelis will not keep their nuclear weapons in boxes and leave asking the Arab leaders to dust them occasionally They will use them to defend their existence and a new map for the Middle East will emerge The Arab government officials still cannot see that Iran Syria and its associates in Iraq and Lebanon are the enemy and the real threat to them and the whole world The Iranians used thousands of twelve year old Iranian Muslim children to walk through the mine fields to clear the way for the regular Iranian military forces during the Iran Iraq war Also they used chemical weapons political assassinations and international terrorism The hate culture directed toward Israel along with the corruption oppression and all other aspects of the hate culture cloud the judgment of the Arab officials and the public

Norwegian People Knut Gjerset, 1915 **Cheap Print and the People** David Atkinson, Steve Roud, 2019-06-17 In every country across Europe at some point or other during the last five hundred years cheap printed materials were the staple diet of ordinary people providing a rich array of entertainment education and information They came in various forms but were usually variations on the theme of single sheets or simple booklets and they were carried far and wide in pedlars packs and sold in the streets at fairs and markets and wherever crowds gathered as well as in backstreet shops Their content was as broad as can be imagined news and scandal crimes and last dying confessions of murderers divinations instructional works wonder stories miracles folktales and legends love stories celebrations of national victories and lamentations for the good old days They were often couched in the form of poetry or song and included pictures in the form of woodcuts and engravings to add to their appeal In every country across Europe governments and local and religious authorities tried at times to suppress or control these cheap printed materials Sometimes too the authorities would adopt the format of cheap print to spread their own moral and conformist messages The educated elites almost always treated cheap print with disdain but the people continued to buy these items in their tens of thousands and the printers knew exactly what they wanted Neglected and reviled for centuries cheap print shines a light on the culture and lives of ordinary people This is the first volume to take a pan European perspective with each chapter detailing the experience of a particular country or region offering the reader the opportunity to progress from the particular to a continent wide overview This combination of the ubiquity of the materials and overarching themes with the variations wrought by local circumstances can be summed up in the phrase always the same but everywhere different *Africana Scandinavica, 1969-1974*, 1996 **Routledge Revivals: Medieval**
