# Reformers Corporations And The Electorate

**Daniel Justin Herman**

## **Reformers Corporations And The Electorate:**

Reformers, Corporations, and the Electorate David R. Berman, 1992 Studies political conflict in Arizona from roughly the 1880s until 1916 Annotation copyright Book News Inc Portland Or Mining Tycoons in the Age of Empire, 1870-1945 Raymond E. Dumett, 2016-12-05 The years of the late nineteenth and early twentieth centuries aptly described by Mark Twain as the Gilded Age witnessed an unprecedented level of technological change material excess untrammled pursuit of profit and imperial expansion Within this dynamic and often ruthless environment many colorful characters strode across the world stage among them the great mining tycoons who with the thousands of prospectors diggers shift bosses timbermen blastmen and muckers in mining enterprise constituted one of the major spearheads of global capitalistic expansion and colonial exploitation This volume which carries the epic story to the mid twentieth century provides a truly international perspective on the role of mining entrepreneurs investors and engineers in shaping the economic and political map of the globe in testing management techniques and in setting a vogue for extravagant displays of wealth among the world s rich Each chapter is loosely focussed on a biographical account of a particular mining tycoon that allows for broad and comparative accounts to be made about the individuals their business interests the technologies they employed and the national and international political considerations under which they operated Furthermore this structure also allows for consideration of the effect that these tycoons had on the countries and territories in which they worked particularly the often long lasting impact on indigenous populations the environment transport links and economic development By approaching the subject matter through this stimulating mix of cultural social economic business and colonial history many intriguing and thought provoking conclusions are reached that will reward any scholars with an interest late nineteenth and early twentieth century history Arizona Politics and Government David R. Berman, Radicalism in the Mountain West, 1890-1920 David R. Berman, 2011-05-18 Radicalism in the Mountain West 1890 1920 traces the history of radicalism in the Populist Party Socialist Party Western Federation of Miners and Industrial Workers of the World in Arizona Utah Nevada Idaho Montana Wyoming Colorado and New Mexico Focusing on the populist and socialist movements David R Berman sheds light on American radicalism with this study of a region that epitomized its rise and fall As the frontier industrialized self reliant pioneers and prospectors transformed into wage laborers for major corporations with government military and church ties Economically and politically stymied westerners rallied around homegrown radicals such as William Big Bill Haywood and Vincent the Saint St John and touring agitators such as Eugene Debs and Mary Mother Jones Radicalism in the Mountain West tells how volleys of strikes property damage executions and deportations ensued in the absence of negotiation Drawing on years of archival research and diverse materials such as radical newspapers reports filed by labor spies and government agents and records of votes subscriptions and memberships Berman offers Western historians and political scientists an unprecedented view into the region s radical past **Politics, Labor, and the War on Big Business** David R.

Berman,2012-07-15 Politics Labor and the War on Big Business details the rise fall and impact of the anticorporate reform effort in Arizona during the Progressive reform era roughly 1890 1920 Drawing on previously unexamined archival files and building on research presented in his previous books author David R Berman offers a fresh look at Progressive heritage and the history of industrial relations during Arizona s formative period In the 1890s once heavily courted corporations had become in the eyes of many outside money interests or beasts that exploited the wealth of the sparsely settled area Arizona s anticorporate reformers condemned the giant corporations for mistreating workers farmers ranchers and small business people and for corrupting the political system During a thirty year struggle Arizona reformers called for changes to ward off corporate control of the political system increase corporate taxation and regulation and protect and promote the interests of working people Led by George W P Hunt and progressive Democrats Arizona s brand of progressivism was heavily influenced by organized labor third parties and Socialist activists As highly powerful railroad and mining corporations retaliated conflict took place on both political levels and industrial backgrounds sometimes in violent form Politics Labor and the War on Big Business places Arizona s experience in the larger historical discussion of reform activity of the period considering issues involving the role of government in the economy and the possibility of reform topics highly relevant to current debates

Understanding the Arizona Constitution Toni McClory,2001 An authoritative guide to Arizona government written in plain language How do laws make their way through the state legislature What are the specific powers of the governor How do the courts make public policy Can citizens change the constitution A leading lawyer and college educator who was an assistant attorney general through six governors Toni McClory has written a definitive guide to Arizona government that is as comprehensive as it is easy to understand It provides a thorough explanation of the state s constitution and shows the impact that its unique features have had on the everyday operation of the state s political system Thoroughly up to date and clearly written this book belongs on every Arizonan s shelf Much of the information it contains is based on original research compiled by the author from primary sources and draws on her direct experience with government processes officials and events For concerned citizens it offers topics of special interest to voters including facts about initiatives and referenda and a chapter on local government and contains references to online government resources For lawyers and business people it makes available a brief yet sophisticated synopsis of state government along with a wealth of citations and supporting detail For students and teachers it offers an exceptionally readable introductory text that relies heavily on primary sources and features pro and con passages examining both sides of important issues that are designed to stimulate critical thinking From administrative rules to water law Understanding the Arizona Constitution is your complete guide to the inner workings of the state It is an essential reference for today s citizens and tomorrow s leaders *States of Belonging* Tomas R.

Jimenez,Deborah J. Schildkraut,Yuen J. Huo,John F. Dovidio,2021-11-15 Political turmoil surrounding immigration at the federal level and the inability of Congress to pass comprehensive immigration reform have provided an opening for state and

local governments to become more active in setting their own immigration related policies States largely dictate the resources institutions and opportunities immigrants can access who can get a driver s license or attend a state university what languages are spoken in schools and public offices how law enforcement interacts with the public and even what schools teach students about history In *States of Belonging* an interdisciplinary team of immigration experts Tom s R Jim nez Deborah J Schildkraut Yuen J Huo and John F Dovidio explore the interconnections among immigration policies attitudes about immigrants and immigration and sense of belonging in two neighboring states Arizona and New Mexico with divergent approaches to welcoming newcomers Arizona and New Mexico are historically and demographically similar but they differ in their immigration policies Arizona has enacted unwelcoming policies towards immigrants restricting the access of immigrants to state resources social services and public institutions New Mexico is more welcoming actively seeking to protect the rights of immigrants and extending access to state resources and institutions The authors draw on an original survey and in depth interviews of a cross section of each state s population to illustrate how these differing approaches affect the sense of belonging not only among immigrants but among the U S born as well Respondents in Arizona regardless of whether they were foreign or native born or their ethno racial background agreed that the state is unwelcoming to immigrants and they pointed to Arizona s restrictive policies as the primary factor The sense of rejection perceived by Latinos in Arizona including the foreign born and the U S born was profound They felt the effects of administrative and symbolic exclusions of the state s unwelcoming policies as they went about their daily lives New Mexico s more welcoming approach had positive effects on the Latino immigrant population and these policies contributed to an increased sense of belonging among U S born Latinos and U S born whites as well The authors show that exposure to information about welcoming policies is associated with an improved sense of belonging across most population groups They also find that the primary dividing line when it came to reactions to welcoming policies was political not ethno racial Only self identified Republicans Latino as well as white showed reduced feelings of belonging *States of Belonging* demonstrates that welcoming policies cultivate a greater sense of belonging for immigrants and other state citizens suggesting that policies aimed at helping immigrants gain a social economic and political foothold in this country can pay a broad societal dividend

*Electoral Reform and National Security in Japan* Amy Catalinac, 2016-01-25 Japan is the third largest economy in the world and a key ally of the United States Yet the determinants of Japanese security policy are not well understood The question of why Japan never sought the independent military capabilities that would be commensurate with its economic power has puzzled scholars of international relations for decades Applying new tools for the quantitative analysis of text to a new collection of 7 497 Japanese language election manifestos used in elections between 1986 and 2009 this book argues that the electoral strategies politicians in the ruling party were forced to adopt under Japan s old electoral system made it extraordinarily difficult for them to focus on security issues and to change security policy It was only when their electoral

strategies shifted after electoral reform in 1994 that these same politicians became able to pay attention and change security policy

*A Government by the People* Thomas Goebel, 2003-04-03 Between 1898 and 1918 many American states introduced the initiative referendum and recall known collectively as direct democracy Most interpreters have seen the motives for these reform measures as purely political but Thomas Goebel demonstrates that the call for direct democracy was deeply rooted in antimonopoly sentiment Frustrated with the governmental corruption and favoritism that facilitated the rise of monopolies advocates of direct democracy aimed to check the influence of legislative bodies and directly empower the people to pass laws and abolish trusts But direct democracy failed to achieve its promises corporations and trusts continued to flourish voter turnout rates did not increase and interest groups grew stronger By the 1930s it was clear that direct democracy favored large organizations with the financial and organizational resources to fund increasingly expensive campaigns Recent years have witnessed a resurgence of direct democracy particularly in California where ballot questions and propositions have addressed such volatile issues as gay rights and affirmative action In this context Goebel's analysis of direct democracy's history evolution and ultimate unsuitability as a grassroots tool is particularly timely

**Electoral Reform at Work** Philip Salmon, 2002 This book charts the political transformation of Britain that resulted from the Great Reform Act of 1832 It argues that this extensively debated parliamentary reform aided by the workings of the New Poor Law 1834 and Municipal Corporations Act 1835 moved the nation far closer to a modern type of representative system than has previously been supposed Drawing on hitherto neglected local archives and the records of election solicitors Dr Salmon demonstrates how the Reform Act's practical details far from being mere small print had a profound impact on borough and county politics Combining computer assisted electoral analysis with traditional methods he traces the emergence of new types of voter partisanship and party organisation after 1832 and exposes key differences between the parties which resulted in a remarkable national recovery by the Conservative party In passing he provides important new perspectives on issues such as MPs relations with their constituents the expense and culture of popular politics after 1832 the electoral impact of railway development and the role of deference voting in the counties Dr PHILIP SALMON is Editor of the 1832 1945 House of Commons project at the History of Parliament

**Winning Their Place** Heidi J. Osselaer, 2016-05-26 In January 1999 five women were elected to the highest offices in Arizona including governor secretary of state attorney general treasurer and superintendent of public instruction The Fab Five as they were dubbed by the media were sworn in by U S Supreme Court Justice Sandra Day O Connor herself a former member of the Arizona legislature Some observers assumed that the success of women in Arizona politics was a result of the modern women's movement but *Winning Their Place* convincingly demonstrates that these recent political victories have a long and fascinating history This landmark book chronicles for the first time the participation of Arizona women in the state's early politics Incorporating impressive original research *Winning Their Place* traces the roots of the political participation of women from the territorial period to after World War II Although women in

Arizona first entered politics for traditional reasons to reform society and protect women and children they quickly realized that male politicians were uninterested in their demands Most suffrage activists were working professional women who understood that the work place discriminated against them In Arizona they won the vote because they demanded rights as working women and aligned with labor unions and third parties that sympathized with their cause After winning the vote the victorious suffragists ran for office because they believed men could not and would not represent their interests Through this process these Arizona women became excellent politicians Unlike women in many other states women in Arizona quickly carved out a place for themselves in local and state politics even without the support of the reigning Democratic Party and challenged men for county office the state legislature state office Congress and even for governor This fascinating book reveals how they shattered traditional notions about a woman s place and paved the way for future female politicians including the Fab Five and countless others who have changed the course of Arizona history *Hell on the Range* Daniel Justin Herman,2010-11-18 In this lively account of Arizona s Rim Country War of the 1880s what others have called The Pleasant Valley War Historian Daniel Justin Herman explores a web of conflict involving Mormons Texas cowboys New Mexican shepherders Jewish merchants and mixed blood ranchers At the heart of Arizona s range war argues Herman was a conflict between cowboys code of honor and Mormons code of conscience **American Literary Realism and the Failed Promise of Contract** Brook Thomas,2023-04-28 In American Literary Realism and the Failed Promise of Contract the author explores the interplay between contract law and literary realism in late nineteenth century America a time when both contract law and realism shaped cultural legal and social landscapes The text argues that while contract law in theory emphasized the freedom to negotiate obligations among individuals it fell short in practice by failing to dismantle deeply entrenched inequalities associated with race class and gender The era s literature mirrored this dynamic as authors highlighted the gap between the idealized promises of contractual freedom and the enduring constraints of status Through this lens literary realism not only reflected society s inequities but also critiqued the legal and social systems that perpetuated them Realism which sought to represent everyday life in a grounded unembellished way intersected with the contract s promise by portraying social relations as complex and negotiated yet constrained by systemic hierarchies Works like Twain s *Adventures of Huckleberry Finn* and James s *The American* evoke moments where relationships of status could theoretically transform into equitable contractual interactions However these fictional moments of promise often falter reflecting contract s inability to establish a truly egalitarian social order The rise of corporate capitalism further complicated contract s promise as corporations fostered a form of economic structure that subordinated individual agency reinforcing rather than alleviating social inequities The text also considers how these issues resonate today especially as contractual ideals influence contemporary notions of social justice While the promise of contract continues to appeal to a vision of equal opportunity the persistent influence of race class and gender hierarchies complicates its realization The author suggests that

revisiting works of realism offers valuable insights into these ongoing tensions challenging readers to reimagine a society where individuals might genuinely be free and equal not just in theory but in practice In doing so this book presents realism not as an endorsement of the status quo but as a field of critical inquiry urging us to address the unresolved questions about equity that persist in American society This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997      **Citizen Teacher** Kate

Rousmaniere,2005-07-05 The first book length biography of Margaret Haley 1861 1939 focuses on her political vision her activities as a public school activist and her life as a charismatic woman leader      **Borderline Americans** Katherine

Benton-Cohen,2011-03-04 Are you an American or are you not This is the question at the heart of Katherine Benton Cohen s provocative history which ties a seemingly remote corner of the country to one of America s central concerns the historical creation of racial boundaries      **Mixed-Member Electoral Systems** Matthew Shugart,Martin P. Wattenberg,2001-02-01

Mixed member electoral systems may well be the electoral reform of the 21st century much as proportional representation PR was in the 20th century In the view of many electoral reformers mixed member systems offer the best of both the traditional British single seat district system and PR systems This book seeks to evaluate why mixed member systems have recently appealed to many countries with diverse electoral histories and how well expectations for these systems have been met Each major country which has adopted a mixed system thus has two chapters in this book one on origins and one on consequences These countries are Germany New Zealand Italy Israel Japan Venezuela Bolivia Mexico Hungary and Russia In addition there are also chapters on the prospects for a mixed member system being adopted in Britain and Canada respectively The material presented suggests that mixed member systems have been largely successful thus far They appear to be more likely than most other electoral systems to generate two bloc party systems without in the process reducing minor parties to insignificance In addition they are more likely than any other class of electoral system to simultaneously generate local accountability as well as a nationally oriented party system Mixed member electoral systems have now joined majoritarian and proportional systems as basic options which must be considered whenever electoral systems are designed or redesigned Such a development represents a fundamental change in thinking about electoral systems around the world

**Electoral Capitalism** Jeffrey D. Broxmeyer,2020-08-14 Vast fortunes grew out of the party system during the Gilded Age In New York party leaders experimented with novel ways to accumulate capital for political competition and personal business Partisans established banks They drove a speculative frenzy in finance real estate and railroads And they built empires that stretched from mining to steamboats and from liquor distilleries to newspapers Control over political property party organizations public charters taxpayer subsidies and political offices served to form governing coalitions and to

mobilize voting blocs In Electoral Capitalism Jeffrey D Broxmeyer reappraises the controversy over wealth inequality and why this period was so combustible As ranks of the dispossessed swelled an outpouring of claims transformed the old spoils system into relief for the politically connected poor A vibrant but scorned culture of petty officeholding thus emerged By the turn of the century an upsurge of grassroots protest sought to dislodge political bosses from their apex by severing the link between party and capital Examining New York and its outsized role in national affairs Broxmeyer demonstrates that electoral capitalism was a category of entrepreneurship in which the capture of public office and the accumulation of wealth were mutually reinforcing The book uncovers hidden economic ties that wove together presidents senators and mayors with business allies spoilsmen and voters Today great political fortunes have dramatically returned As current public debates invite parallels with the Gilded Age Broxmeyer offers historical and theoretical tools to make sense of how politics begets wealth

**Reconstructing the Corporation** Grant M. Hayden, Matthew T. Bodie, 2021-03-11 Modern corporations contribute to a wide range of contemporary problems including income inequality global warming and the influence of money in politics Their relentless pursuit of profits though is the natural outcome of the doctrine of shareholder primacy As the consensus around this doctrine crumbles it has become increasingly clear that the prerogatives of corporate governance have been improperly limited to shareholders It is time to examine shareholder primacy and its attendant governance features anew and reorient the literature around the basic purpose of corporations This book critically examines the current state of corporate governance law and provides decisive rebuttals to longstanding arguments for the exclusive shareholder franchise Reconstructing the Corporation presents a new model of corporate governance one that builds on the theory of the firm as well as a novel theory of democratic participation to support the extension of the corporate franchise to employees

**Relentless Reformer** Robyn Muncy, 2016-10-11 Josephine Roche 1886 1976 was a progressive activist New Deal policymaker and businesswoman As a pro labor and feminist member of Franklin D Roosevelt s administration she shaped the founding legislation of the U S welfare state and generated the national conversation about health care policy that Americans are still having today In this gripping biography Robyn Muncy offers Roche s persistent progressivism as evidence for surprising continuities among the Progressive Era the New Deal and the Great Society Muncy explains that Roche became the second highest ranking woman in the New Deal government after running a Colorado coal company in partnership with coal miners themselves Once in office Roche developed a national health plan that was stymied by World War II but enacted piecemeal during the postwar period culminating in Medicare and Medicaid in the 1960s By then Roche directed the United Mine Workers of America Welfare and Retirement Fund an initiative aimed at bolstering the labor movement advancing managed health care and reorganizing medicine to facilitate national health insurance one of Roche s unrealized dreams In Relentless Reformer Muncy uses Roche s dramatic life story from her stint as Denver s first policewoman in 1912 to her fight against a murderous labor union official in 1972 as a unique vantage point from which to

examine the challenges that women have faced in public life and to reassess the meaning and trajectory of progressive reform     **Pathways to Prohibition** Ann-Marie E. Szymanski, 2003-08-21 Szymanski uses the Prohibition movement as an example of the challenges facing all social reform movements

As recognized, adventure as with ease as experience nearly lesson, amusement, as competently as conformity can be gotten by just checking out a books **Reformers Corporations And The Electorate** as a consequence it is not directly done, you could agree to even more almost this life, in the region of the world.

We have the funds for you this proper as capably as easy pretension to acquire those all. ## Reformers Corporations And The Electorate Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reformers Corporations And The Electorate has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reformers Corporations And The Electorate has opened up a world of possibilities. Downloading Reformers Corporations And The Electorate provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reformers Corporations And The Electorate has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reformers Corporations And The Electorate. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reformers Corporations And The Electorate. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reformers Corporations And The Electorate, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reformers Corporations And The Electorate has

transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Reformers Corporations And The Electorate Books

**What is a Reformers Corporations And The Electorate PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Reformers Corporations And The Electorate PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Reformers Corporations And The Electorate PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Reformers Corporations And The Electorate PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Reformers Corporations And The Electorate PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection,

editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
