A History of Apprenticeship Nurse Training in Ireland Gerard Fealy,2006-03-20 Based on new research using previously unpublished sources this compelling text is an in depth study of the history of nurse education in Ireland presenting a new authoritative account of the history of the traditional system of training in Ireland Introduced as part of the reforms of hospital nursing in

the late nineteenth century apprenticeship nurse training was a vocational extension of secondary education. Residing outside the mainstream of higher educational provision, it provided nurses with the knowledge and technical skills for sick nursing whilst also functioning to socialise them into the role of hospital worker and introduce to them nursing's value systems. This method of training provided a ready supply of skilled, efficient, inexpensive and loyal workers. In a chronological period spanning over a century, the book traces the development of modern nursing in Ireland, bringing the hidden role of nurses and nursing to the fore. It analyzes and describes the development, provision and gradual reform of hospital nursing, taking into account the social, cultural, political and economic factors that led to its establishment, its continuance and eventual demise.

Apprenticeships T. Jeffers, 2005-05-05. Novels about growing up have long been loved by ordinary readers and analyzed sometimes with more heat than light by scholars. This book respects the interests of ordinary readers while clarifying and frequently resolving the moral, psychological, social and occasionally religious coming-of-age dilemmas that scholars have wrestled with. Focusing on Goethe's *Wilhelm Meister*, Dickens's *David Copperfield*, James's *What Maisie Knew*, Forster's *The Longest Journey*, Lawrence's *Sons and Lovers* and Santayana's *The Last Puritan*, Jeffers writes in a fresh, engaging style meant to give criticism a liveliness and even brilliance it has in recent decades often lacked. *Catalogue of the Apprentices' Library in New York*. General Society of Mechanics and Tradesmen of the City of New York. Apprentices' Library, 1860.
