**1 Corinthians 1-4** Oh-Young Kwon,2010-08-01 This book investigates 1 Corinthians 1 4 from a rhetorical and social perspective and explores that a divisive culture of rhetorical and paternal elitism lies behind the schisms and problems identified in the letter This culture appears to have been shaped to some extent by the legacy of Cicero Paul s references to boasting and imitation indicate both his subversive use and his critique of this Greco Roman wisdom In the final chapter this analysis of wisdom traditions and their social consequences among first century Corinthians leads to a critical reflection on similar dynamics among Korean Christians in twenty first century Korean Confucian culture In particular Korean Protestants are encouraged to take a more positive stance towards Confucian wisdom traditions as exemplified by T oegye s legacy and some insights are suggested into the ethics of imperial worship ancestral veneration and ethnic exclusivity

**Contextualization in the New Testament** Dean Flemming,2005-10-12 To provide a model for today s missionary efforts Dean Flemming examines how the New Testament authors particularly in Acts Paul s letters and the Gospels contextualized the gospel for particular cultures and or

communities      **Evoking Story for Transformation** Lyn Nixon, 2025-08-21 Lyn Nixon takes a fresh approach to the question of whether New Testament authors quote the Old Testament without regard to the original Old Testament meaning that is out of context. Her action model uses Speech Act Theory to examine the way authors and readers together contribute to the communication of meaning. In her model for meaning to be successfully communicated, the reader must experience the transformation intended by the author. Lyn Nixon applies her theoretical model to two examples of New Testament quotation where previous scholars have claimed the author quotes the Old Testament in a way that does not correspond to the original meaning. Her case studies the use of Ps 115:1 LXX in 2 Cor 4:13 and of Ps 110:1 MT by various New Testament speakers and authors, providing new insights into ways that the Old Testament meaning, including its transformative intention, resonates in the quoting of New Testament texts.

*Literature and the Encounter with God in Post-Reformation England* Michael Martin, 2016-05-23 Each of the figures examined in this study—John Dee, John Donne, Sir Kenelm Digby, Henry Vaughan, and Jane Lead—is concerned with the ways in which God can be approached or experienced. Michael Martin analyzes the ways in which the encounter with God is figured among these early modern writers who inhabit the shared cultural space of poets and preachers, mystics and scientists. The three main themes that inform this study are *Cura animarum*, the care of souls, and the diminished role of spiritual direction in post-Reformation religious life; the rise of scientific rationality and the struggle against the disappearance of the Holy; arising from the methods and commitments of phenomenology, the primary mode of inquiry of this study resides in contemplation, not in a religious sense but in the realm of perception, attendance, and acceptance. Martin portrays figures such as Dee, Digby, and Thomas Vaughan not as the eccentrics they are often depicted to have been but rather as participating in a religious mainstream that had been radically altered by the disappearance of any kind of mandatory or regular spiritual direction, a problem which was further complicated and exacerbated by the rise of science. Thus, this study contributes to a reconfiguration of our notion of what religious orthodoxy really meant during the period and calls into question our own assumptions about what is or was orthodox and heterodox.

*The Kenotic Organization* Brian E. Ruffner, 2023-01-25 Although organizations frequently proclaim the desire for change, renewal, and transformation, few ever fully embrace those ideas, failing to rise above more than mere mediocrity and never realizing even a fraction of their true potential. Certainly, many pontificate on the nature of organizations as they live and breathe, so to speak, yet few question how the organization ought to be. This ought belies the existential and ethical dimensions of organizing, and as such points to a discipline not often associated with the organizational realm: theology. To this end, the concept of the kenotic organization offers a much-needed antidote to the syndrome described above. Drawing on the divine Trinitarian kenosis observed in the creation event and witnessed in the Incarnation, the simultaneous actions of self-limiting and pouring out inform the organizational cause and expose a deeply entangled organizational mesh enveloping the entire cosmos, which can serve as a catalyst to excite preferred organizational behaviors. It is in fact the humility of Trinitarian kenosis, the

willingness to withdraw but also at once pour out the individual essence that generates the thrust necessary to escape the gravitational pull of convention which typically inhibits organizational flourishing      Pauline Solidarity Daniel Oudshoorn, 2020-04-30 Building on the themes established in the first two volumes of *Paul and the Uprising of the Dead* Pauline Solidarity explores a how the Pauline faction transforms relationships within the household unit in the new transnational family of God b how dominant cultural conceptions of honor are rejected in the embrace of shame in the company of the crucified c how vertical practices of patronage are replaced with a horizontal sibling based political economy of grace and d how the gospel of the Caesars is overcome by the lawlessness of the good news that is being assembled in an uprising of life among the left for dead Along the way many of the traditional themes associated with Paulinism grace justice love loyalty sin flesh death Jesus spirit life are reexamined and understood as core components of a movement that was spreading among vanquished colonized oppressed dispossessed and enslaved peoples who were finding new and treasonous ways of organizing themselves in order to be life giving and life affirming and in order to counter all the death dealing structures of Roman imperialism      The New Testament in Its First Century Setting Bruce W. Winter, 2004      **Lead with Wisdom** Mark Strom, 2017-02-06 A practical guide for leading others with wisdom integrity and humanity This book argues that great leadership requires wisdom Rather than a formulaic managerial approach to leadership *Lead with Wisdom* presents the case for leadership based on our shared humanity and the stories that unite us What emerges is a model of leadership based on learning to read key patterns of human experience the way language shapes our reality how we form new meaning through conversation how relationships determine influence and how we deal with uncertainty It presents readers with the tools and illustrated examples to implement the four arts of leading wisely how to draw out and create a new story in the organization how to find and leverage the brilliance of people how to speak with promise to restore meaning and hope and how to show grace in dealing with the most demanding people and circumstances Offers a leadership approach rooted in our shared humanity and the stories which unite and define us Ideal for corporate leaders middle managers administrators and anyone else with management responsibilities Written by a popular speaker on leadership and the author of *Arts of the Wise Leader* with personal CEO experience and a PhD in the history of ideas Structured as one key idea per page or double page spread with funky line drawings supporting the concepts and skills For anyone who wants to lead with wisdom integrity and humanity *Lead with Wisdom* offers a welcome alternative to traditionally robotic and formulaic leadership strategies      *Discerning the Spirits* André Munzinger, 2007-08-02 How did Paul determine ethical and theological truth Were all believers expected to be able to discern the spirits 1 Corinthians 12:10 This 2007 study shows that discernment must be understood against the backdrop of an extensive hermeneutic by which Paul inherently relates ethical and theological knowledge Understanding the will of God requires noetic and existential transformation in short the renewal of the mind Romans 12:2 Munzinger argues that Paul implies a process of inspiration in which the Spirit sharpens the

discerning functions of the mind because the believer is liberated from a value system dominated by status and performance. The love of God enables all believers to learn to interpret reality in a transformed manner and to develop creative solutions to questions facing their communities. For Paul, authentic discernment is linked to a comprehensive sense of meaning.

*Pauline Politics* Daniel Oudshoorn, 2020-03-10. The Pauline Epistles have been claimed as a useful ally by parties across the political spectrum. Neoconservatives claim that Paul and his coworkers were law-abiding authority honoring devoutly religious people oriented around their respect for hard work, private property, and family values. Liberals claim that the Pauline faction was devoted to the celebration of diversity, internally transcending social markers of status and the embrace of peace. Radicals claim that Paul was a leader within an anti-imperial revolutionary movement sweeping across the eastern portion of the Roman Empire. However, it is rare for these and still other parties to engage in dialogue with each other because each party tends to operate with presuppositions that make open engagement difficult. *Pauline Politics* examines the main positions taken in relation to Paul and politics and then engages in a thorough examination of the underlying arguments used to argue that this or that position is more or less plausible. Underlying arguments tend to relate to two things: first, positions on the socioeconomic status of Paul, his coworkers, and other early Jesus loyalists; and second, positions on Pauline eschatology. This volume will comprehensively explore these matters. *Adopted into God's Family* Trevor J.

Burke, 2016-02-11. In this *New Studies in Biblical Theology* volume, Trevor Burke argues that the scripture phrase adopted as sons, while a key theological metaphor, has been misunderstood, misrepresented, or neglected. He redresses the balance in this comprehensive study of the phrase. This volume not only probes a neglected theme, it also edifies, says D. A. Carson. **Hope**

**for the Nations** Tom Holland, 2019-02-15. I commend this well-researched and well-written book. Congratulations to Dr. Tom Holland and the publisher for this valuable and timely contribution on Romans. Michael A. Milton, PhD, Presbyterian minister, Chancellor and CEO, and the James M. Baird Jr. Chair of Pastoral Theology, Reformed Theological Seminary. Tom's commentary invites readers to break away from fixed ideas and journey to new places. It is informed, scholarly, rich in exegetical insights, yet easy to understand. Utilizing historical and contextual hermeneutics, Tom argues for a reading of Romans that is tied to the Old Testament. Scriptures rooted in Isaiah are Christ-centered and communally focused. I highly recommend it for pilgrims seeking to know God more. Lawson Murray, President, Scripture Union Canada, 1885 Clement Road, Pickering, Ontario. Tom Holland's study demonstrates how a deeper understanding of the Old Testament and particularly of its prophesied new exodus can illumine Paul's theology of the person and work of Christ in profound ways. Here one will find scholarship that is not only solid but faithful, thorough, and yet accessible. In short, scholarship in service of the church. L. Michael Morales, PhD, Professor of Biblical Studies, Greenville Presbyterian Theological Seminary. Tom Holland is Senior Research Fellow in Biblical Studies at the Wales Evangelical School of Theology. He has a DipTh from Cambridge, a BD from London, and a PhD from the University of Wales. Before entering academia, he founded and pastored two churches in Hertfordshire, England. He has
