Regaining Marxism:

Regaining Marxism Ken Post, 2016-07-27 This book responds to recent events by proposing a radical reshaping of Marxist theory Taking the core problem as that of the historical subject it conceptualises human life in terms of four interrelated practices It explores these in turn in the context of a capitalism divided into centre and periphery primarily through nine theoretical reconstructions which attempt to meet such problems as the labour theory of value the nature and role of the state and consciousness

Twentieth-Century Marxism Daryl Glaser, David M. Walker, 2007-09-12 This book outlines and assesses the Marxist tradition as it developed in the twentieth century and considers its place and standing as we move into the twenty first century It is divided into three parts examining Marxism historically geographically and thematically Part 1 analyzes early Marxism in Russia and Europe as it developed after the death of Marx Lenin Trotsky Luxemburg Kautsky Bernstein and the school of thought associated with them are all examined Part 2 deals with thinkers debates and movements that followed the early Marxism focused on in part one and includes chapters on Marxism in Europe the Soviet Union Africa Asia and Latin America Part 3 is concerned with more contemporary debates in relation to Marxism and its standing and role today The chapters in this section consider various themes including the relationship between theory and practice in Marxism democratic procedure and liberties Marxism as an economic critique of capitalism and Marxist methodology

Twentieth Century Marxism is not an introspective discussion of Marxism that would be of interest only to a limited number of specialists Rather it provides a thoughtful and stimulating contribution to debates about the role of Marxism today and its future direction

The Value of Marx Alfredo Saad Filho, 2001-11-29 This book constitutes an overview of recent developments in political economy in general and Marxist value theory in particular The implications of value theory for bank credit inflation and deflation are fully explored

Recovering Marxism of Karl Marx Randhir Singh, 1998

Sexual Politics in Indonesia S. Wieringa, 2002-05-21 This book analyzes the interaction between nationalism feminism and socialism in Indonesia since the beginning of the twentieth century until the New Order State of President Suharto The focus is on the communist women s organization Gerwani which was by 1965 the largest communist women s organization in the non communist world Gerwani members combined feminist demands such as a reform of the marriage law with an insistence upon a political role for women The organization was destroyed in a campaign of sexual slander orchestrated by the military under General Suharto Hundreds of thousands of people were killed President Sukarno lost his power and General Suharto took over

Understanding Social Divisions Shaun Best, 2005-02-02 The study of social divisions has dominated research within the social sciences since the nineteenth century Early stratification categories of class race and gender have in more recent years been joined by issues such as sexuality and disability Understanding Social Divisions addresses the full range of social divisions in one volume while also considering the nature of social division in itself in a comprehensive and accessible overview Shaun Best outlines and evaluates theories and research from a long historical period looks at how social divisions

influence the formation of identity and the other discusses the mechanisms that are drawn upon to maintain social divisions considers how solidarity is maintained given that most people in society may feel in some way divided from the rest of society and explores how individuals place themselves within the social divisions of class gender sex and sexuality race and ethnic diversity disability and mental illness The concluding chapter explores the role of the State in the processes of social division in areas such as asylum citizenship childhood old age disease and policing of terrorism This book is essential reading for students of social divisions from a wide variety of social science backgrounds Revolution's Other World Ken

Post,2016-07-27 Ken Post examines the turn to the East by the international communist movement in fostering world revolution after the success in Russia in 1917 which led to communism's greatest gains after the Second World War Based on a theorisation of the building of revolutionary movements this study critically assesses communist strategy and tactics using three key cases China India and Brazil drawing out implications for possible future developments in less developed countries

Post-Industrial Socialism Adrian Little,2004-01-14 Post Industrial Socialism provides critical analysis of recent developments in leftist political thought Adrian Little charts new directions in the economy and the effects they have had on traditional models of social welfare and orthodox approaches to social policy In demonstrating the limitations of the welfare state and the associated concept of citizenship this book suggests that we need to renew socialist welfare theory through the evaluation of universal welfare provision and a policy of breaking the link between work and income **The Ethical**

Foundations of Marxism Eugene Kamenka,2015-04-17 The Ethical Foundations of Marxism first published in 1962 and corrected and revised for a 1972 edition examines carefully and critically the origin precise nature and subsequent role of Marx's ethical beliefs Drawing freely on Marx's still largely untranslated philosophical works and drafts the author elicits the ethical presuppositions with which Marx began He then examines the intellectual development that made Marx a Communist and seeks to clarify the place of Marx's ethic in his mature materialist work Professor Kamenka distinguishes sharply between the critical ethical views of Marx and the inept conventional applications of his doctrine by Engels He appraises the ethics of the Communist Party and traces the development of the moral and legal theory in the Soviet Union He concludes by subjecting Marxism as a whole to a radical ethical and philosophical criticism for which Marx himself laid some of the foundations A Broad and Ennobling Spirit Ronald Mendel,2003-10-30 With the introduction of new production methods

and technological innovation tradesmen and workers encountered new challenges This study examines the development of trade unions as a manifestation of working class experience in late Gilded Age America It underscores both the distinctive and the common features of trade unionism across four occupations building tradesmen cigar makers garment workers and printers While reactions differed the unions representing these workers displayed a convergence in their strategic orientation programmatic emphasis and organizational modus operandi As such they were not disparate organizations concerned only with sectional interests but participants in an organizational network in which cooperation and solidarity

became benchmarks for the labor movement Printers coped with the mechanization of typesetting by promoting greater cooperation among the different craft unions within the industry with the aim of establishing effective job control Building tradesmen exerted a pragmatic militancy which combined strikes with overtures to the employers business sense to uphold the standards of craft labor Cigar makers especially handicraftsmen who found their position threatened by machinery and the growth of factory production debated the merits of a craft based union against the possible advantages of an industrial oriented organization Garment workers caught in the snare of a sweating system of labor in which wages and work loads were inversely related organized unions to mount strikes during the busy season in the hope of securing higher wages only to see them whither in the midst of slack periods Marx's 'Grundrisse' and Hegel's 'Logic' (RLE Marxism) Hiroshi

Uchida,2015-04-17 Marx's Grundrisse is acknowledged as the vital link between Marx's early and late work It is also a crucial text in elucidating Marx's debt to the idealist philosopher G W F Hegel This book first published in 1988 is the first full length study of that relationship in a thorough textual analysis which makes the connections explicit and also the Grundrisse's relations to the works of Adam Smith and Aristotle This book argues that Marx's critique of political economy and his critique of Hegel are double interrelated Not only did Marx adapt Hegelian logic in order to analyse the economic categories crucial to modern society but it is argued that those logical categories were themselves seen as reflections of the productive processes of contemporary commercial society Uchida reveals a conceptual structure common to the apparently rarefied world of Hegelian conceptual logic and to the supposedly common sensical world of economic science

Demonstrating this is a considerable achievement and it allows us to consider precisely what is valuable today in Marx's critical commentary on this conceptual structure and on the type of society in which it is manifested Uchida's subject like Marx's is the force of capital on modern life *Marxism & Scientific Socialism* Paul Thomas,2008-04-24 Engels declared at Marx's funeral in Highgate Cemetery that just as Darwin discovered the law of development of organic nature so Marx discovered the law of development of human history Scientific socialism was the term Engels used to describe Marx's socio economic philosophy and many later theorists sought to reinforce Marxist theory with a supposedly scientific basis This book explains the development of the idea of scientific socialism through the 19th and 20th century from its origins in Engels to its last manifestation in the work of Althusser It provides a detailed analysis of Engel's own conceptualisation the impact of Darwin the relationship to the official historical materialism of the Soviet states and later reformulations by Althusser and others In so doing it provides a vivid intellectual history of Marxist and socialist thought exploring its significant insights as well its manifest failures Marxism and Scientific Socialism will be of particular interest to those with an interest in the development of Marxism and socialism political ideologies and the history of Western political thought **Transnational**

Classes and International Relations Kees Van der Pijl,2005-08-10 An exciting and original analysis of the development of capitalist classes such as the Freemasons that cross national boundaries in the global political economy This innovative book

focuses on an historical perspective on class formation under capitalism and its transnational integration international relations between the English speaking centre of capital and successive contender states The author develops a broad ranging and thorough understanding of class in the process of globalization He does so within several theoretical frameworks shedding much light on this important topic *Marxism, Religion and Ideology* David Bates,Iain MacKenzie,Sean Sayers,2015-10-05 As austerity measures are put into place the world over and global restructuring is acknowledged by all as an attempt to bolster the economic system that lead to the crash there is a great need to come to grips with the economic political and philosophical legacy of Marx Of particular interest are Marx s analyses of alienation and the cycles of boom and bust thought to be integral to the functioning of capitalism Moreover as the Cold War drifts into the history books it is possible to reconsider the lasting impact of Marx s analyses without the shadows cast by the Soviet version of communism Equally though scholars are increasingly turning to Marx for insight into the rise of religion and the corresponding demise of political ideologies that seems to mark the contemporary age Are we witnessing the return of Marx Few scholars have done as much to tease out the intricacies of Marx ideology and religion and their overlapping concerns as the eminent writer and Marx biographer Professor David McLellan This book brings together a group of internationally renowned academics to reflect upon develop and criticise McLellan s analyses of these three themes with a view to contributing more broadly to scholarly debates in these fields This exciting and timely analysis will be of interest to scholars of political theory the history of political thought including historical methodology Marx and Marxism sociology of knowledge particularly in relation to discussions of ideology religion and theology more widely *Philosophy and Myth in Karl Marx* Robert C. Tucker,2017-07-05 In Karl Marx s early writing first made available many years after his death his economic interpretation of history and his concept of communism were set in a comprehensive philosophical framework Marx s main preoccupation at this time was with man estranged from himself in an alienated world a subjective almost religious theme Taking full account of these earlier writings Robert Tucker critiques and reinterprets Marx s thought He shows how its origins can be located in earlier German philosophers in particular Kant Hegel and Feuerbach Reconstructing the genesis of Marxism in its founder s own mind he clarifies Marx s mystifying contention that Marxism represented Hegelianism turned on its head He then presents a new interpretation based on close textual analysis of the relation between Marx s early philosophical system and the subsequent materialist conception of history as expounded in the later and best known writings of Marx and Engels Against this background Tucker presents *Das Kapital* as a work belonging to the post Hegelian mythical development of Germany philosophy Considering in turn the genesis of Marxism and the underlying continuity of his thought from the early writings to *Das Kapital* Tucker shows the theme of alienation is central throughout In the years since the book was first written comments and criticism have encouraged Tucker to change his position somewhat This is explained in a new introduction that goes beyond the interpretative enterprise of the rest of the book to assess Marx in relation to contemporary

concerns first it presents a critique of Marx's treatment of alienation and then it comments on the moot problem of the continuing relevance of his social and economic thought. On the latter point his views have matured and altered during the intervening years and he now finds the economic and social aspects of Marx's thought considerably more relevant than he did before.

The Meaning of Marxism Paul D'Amato, 2006-06-01 In D'Amato's able hands Marxist politics come alive and leap before us pointing a way toward a better world. It's a knockout. Dave Zirin, author of *What's My Name Fool Sports and Resistance in the United States*. In this lively and accessible introduction to the ideas of Karl Marx with historical and contemporary examples D'Amato argues that Marx's ideas of globalization, oppression and social change are more important than ever. Paul D'Amato is the associate editor of the *International Socialist Review*. His writing has appeared in *CounterPunch*, *Socialist Worker* and *SelvesandOthers.org*. He is an activist based in Chicago.

Communists and National Socialists Ken Post, 1997-06-11 A study of the Russian Revolution of 1917 and the coming to power of the Nazis in Germany in 1933 in light of the Marxist proposition that revolution would come in advanced capitalist societies. The implications of the actual cases for the theory are drawn out and an original theorization of capitalist crisis combining economic and political factors is put forward.

Marx and Engels on Bonapartism Spencer A. Leonard, 2023-01-30 For a little over a decade after the ignominious collapse of the Revolution of 1848 Karl Marx and Friedrich Engels worked as professional journalists. Writing from London for newspapers in the United States and eventually on the Continent Marx continued while living in exile the analysis of the crisis of revolution that he first began in direct engagement with revolutionary events most notably in *The Class Struggles in France* 1850 and *The Eighteenth Brumaire of Louis Bonaparte* 1852. In what became a vast body of material through this journalistic work Marx elaborated the critical concept of bonapartism first abumbrated in the latter book. Continuing his effort to learn the lesson of 1848 Marx concentrated on the crisis of modern society and the new mass democratic state that emerged in the absence of the dictatorship of the proletariat to meet that crisis. This volume is the first to compile the journalistic works of Karl Marx and Friedrich Engels dealing with what they termed Bonapartism. The topics examined include the emergence of a new unionist capitalist politics in Britain post 1848 Chartism the East India Company European nationalisms and the Taiping Rebellion in China.

The Development Dilemma S. Parasuraman, 2016-07-27 The social, economic and political contexts in which development projects in India are implemented and consequences to people displaced by such projects are analyzed in this book. Development, displacement, resettlement and rehabilitation processes related to three major reservoir, bases irrigation and power projects and three major industrial projects are studied. The role of the State, international agencies and the private industrial sector in promoting development and managing rehabilitation of the displaced people is assessed and the author proposes a framework for a comprehensive policy on development, displacement and rehabilitation.

Global Ethics and Moral Responsibility John-Stewart Gordon, Holger Burckhart, 2017-05-15 The philosophy of Hans Jonas was widely influential in the late twentieth century, warning of the

potential dangers of technological progress and its negative effect on humanity and nature Jonas advocated greater moral responsibility and taking this as a starting point this volume explores current ethical issues within the context of his philosophy It considers the vital intersection between law and global ethics covering issues related to technology and ethics medical ethics religion and environmental ethics Examining different aspects of Hans Jonas philosophy and applying it to contemporary issues leading international scholars and experts on his work suggest original and promising solutions to topical problems This collection of articles revives interest in Hans Jonas ethical reasoning and his notion of responsibility The book covers a wide range of areas and is useful to those interested in philosophy and theory of law human rights ethics bioethics environmental law philosophy and theology as well as political theory and philosophy

Regaining Marxism Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Regaining Marxism**," published by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

Regaining Marxism Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Regaining Marxism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Regaining Marxism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Regaining Marxism free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free.

Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Regaining Marxism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Regaining Marxism any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Regaining Marxism Books

What is a Regaining Marxism PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Regaining Marxism PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF.

How do I edit a Regaining Marxism PDF? Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a Regaining Marxism PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Regaining Marxism PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, iLovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs?

Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
