**Nicholas Edwin Renton**

## **Rentons Understanding Investment Property:**

Renton's Understanding Investment Property Nicholas Edwin Renton, 2004 Many people are already investing in property and others are planning to do so Nick Renton explains in a very readable format and from an independent perspective how to avoid the pitfalls Renton's Understanding Property Investment analyses important aspects often glossed over by commentators in this area for example the risk factors inherent in all forms of property investment and in particular those relating to the category most favoured by newcomers residential properties The author Nick Renton is not suggesting that these factors should put people off investing in property rather than those committing hard earned funds should be aware of all relevant angles when assessing risk and reward Renton's Understanding Property Investment is now in its third edition It has been updated and expanded throughout and takes into account the tax changes announced and the goods and services tax GST This book will help people better understand the many aspects involved in investment properties Family Trusts N. E. Renton, 2012-01-26 This is a plain English manual for ordinary Australian families and small business proprietors It will help them to decide whether to set up a family trust to understand the advantages and disadvantages of this useful legal concept and to discuss the issues more intelligently with their professional advisers All aspects of setting up and running a family trust are dealt with in this book including investment aspects and the taxation and social security rules affecting trusts and their beneficiaries It discusses discretionary and unitised trusts as well as trust deeds and the roles of the settlor and the trustees The use of trusts for children with an intellectual disability philanthropic foundations and the winding up of trusts are also covered The fourth edition of Family Trusts has been greatly expanded In addition to the updated real life case studies that help to flesh out this important subject there is new material on the qualifications needed by trustees hybrid trusts the risks of borrowing by trustees non resident beneficiaries resettlements minutes of trustee meetings protecting assets against creditors bankruptcy and divorce **Real Property in Australia** Michael J. Hefferan, 2020-08-17 Real property in the form of investment ownership and use pervades almost every aspect of daily lives and represents over 40% of Australia's wealth Such assets do not exist in isolation they are dynamic and forever evolving impacted by a range of physical economic demographic legal and other forces Consequently a true appreciation of individual assets and of the property sector as a whole demands an understanding of both the assets themselves and the context and markets in which they exist The sector is complex and on the face of it confusing It is however not without logic and underlying themes and principles This book provides a wider understanding of how the real property sector works It covers topics such as the nature of real property and its functions economic drivers valuation principles legal and tenure parameters property taxation land development and subdivision asset and property management and sustainability all critical components in this complex and critically important sector It provides a wide and balanced perspective for experienced practitioners investors students and anyone involved in property decision making or wishing to secure a deeper understanding of these areas The book integrates

research based theory with practical application and first hand insights into a sector that underpins the Australian economy its communities and its sustainability

**Renton's Understanding Investment Property** N. E. Renton,2000

**Renton's Understanding Stock & Property Markets Better** Nicholas Edwin Renton,2009 This book is intended for everyone from novice mum and dad investors to experienced old hands and from students to retired persons who want to broaden their knowledge of this important subject In 40 chapters and seven appendices the book discusses many practical aspects not normally dealt with in other books on investment matters
