

In regard to reintegration and integration, Guatemala is still in the process of implementing State programmes and projects. However, the following progress has been made:

- ❖ Developing legislation on trafficking in persons, in accordance with guiding principles such as the “Life Project”.
- ❖ Strengthening a strategy to address the issue of unaccompanied boys, girls and adolescents which allows the institutions to provide them with immediate assistance and detection of unreported cases of repatriation of minors. It also facilitates the provision and monitoring of basic services needed to provide comprehensive and personalized care based on the reintegration and prevention of irregular migration of this vulnerable sector of the migrant population.
