Reply Paid H. F. Heard, 2016-07-05 This ingenious reworking of Sir Arthur Conan Doyle's infamous mysteries sends brilliant detective Mycroft Holmes to investigate a mystery in the deserts of the American West His name is Mycroft not Sherlock although it's easy to understand why people get them mixed up Both are brilliant detectives with minds that seem to contain every bit of information known to man And both show remarkable interest in beekeeping tobacco ash and the fine art of murder Even so they are not the same person which is a shame because Mycroft Holmes is chasing a fiendish killer and his younger brother Sherlock would certainly enjoy the hunt The search for the mysterious Mr Intil takes Mycroft to the distant land known as Los Angeles where his old friend Sydney Silchester has made a new life for himself as a codebreaker In the strangest city on earth Sydney and Mycroft's investigation will take on a deadly spiritual dimension Fans of Sir Arthur Conan Doyle will find author H F Heard's Mycroft Holmes no less brilliant than his younger brother Sherlock These classic golden age mysteries are some of the most unique detective stories of all time Reply Paid is the 2nd book in the Mycroft Holmes Mysteries but you may enjoy reading the series in any order *The Transcendent Holmes* John Warwick

collection of short stories from one of the greatest minds of the twentieth century When a man can't bear the company of others when he runs not just from society but from something evil within himself he'll find refuge only in the dark deep underground in the horrifying void of an uncharted cave In the wilds of Mexico a veteran spelunker hears rumors of a cave that could take him deeper than he's ever gone before The locals whisper old Toltec legends of the devils that inhabit the darkness spirits that have blighted the countryside for miles around but the man doesn't listen He'll find things within that cave that mankind isn't meant to see And even if he manages to get out alive he'll never escape the darkness Drawing on his unique background as an intellectual and expert in the supernatural author H F Heard echoes the pioneering horror of H P Lovecraft and the Victorian science fiction of H G Wells In this weird world the greatest threat to man is man himself The Lost Cavern is one of Heard's best known stories and it remains just as eerie today as when it debuted Along with the other three stories that make up this volume The Cup The Thaw Plan and The Chapel of Ease it confirms Heard's deserved status

as one of the early masters of weird fiction **The Black Fox** H. F. Heard, 2016-07-05 A demon lurks at the heart of the Church in this classic fantasy of black magic set in Victorian England Canon Throcton is a brilliant scholar but the men of the Church can't bring themselves to trust him His devoted study of Hebrew and Arabic has drawn him far from their intellectual center and his interest in the obscure writings of the Middle East verges on heresy Canon knows his brothers in the cathedral don't take him seriously but he doesn't care A great and terrible power hides within him and he'll unleash it even if it destroys the Church the town and everyone he holds dear When a junior colleague is elevated above him Canon reaches into his darkest volume of forbidden lore and tries his hand at black magic It works better than he ever could have dreamed His enemy is destroyed and Canon feels the tug of unimaginable power He's taken the first step along the road to damnation and soon he'll burn The Black Fox is English gothic at its best a story of weird fiction steeped in author H F Heard's unparalleled knowledge of world religion Never before had black magic been written about with such deep understanding and never since has it been more terrifying

Sherlock Holmes - The Hero With a Thousand Faces: Volume 1 David MacGregor,2022-06-07 Sherlock Holmes The Hero With a Thousand Faces ambitiously takes on the task of explaining the continued popularity of Arthur Conan Doyle's famous detective over the course of three centuries In plays films TV shows and other media one generation after another has reimagined Holmes as a romantic hero action hero gentleman hero recovering drug addict weeping social crusader high functioning sociopath and so on In essence Sherlock Holmes has become the blank slate upon which we write the heroic formula that best suits our time and place Volume One looks at the social and cultural environment in which Sherlock Holmes came to fame Victorian novelists like Anthony Trollope and William Thackeray had pointedly written novels without a hero because in their minds any well ordered and well mannered society would have no need for heroes or heroic behavior Unfortunately this was at odds with a reality in which criminals like Jack the Ripper stalked the streets and people didn't trust the police who were generally regarded as corrupt and incompetent Into this gap stepped the world's first consulting detective an amateur reasoner of some repute by the name of Sherlock Holmes who shot to fame in the pages of *The Strand Magazine* in 1891 When Conan Doyle proceeded to kill Holmes off in 1893 it was American playwright director and actor William Gillette who brought the character back to life in his 1899 play *Sherlock Holmes* creating a sensation on both sides of the Atlantic with his romantic version of Holmes and cementing his place as the definitive Sherlock Holmes until the late

1930s By that point Sherlock Holmes had developed a cult following who facetiously maintained that Holmes was a real person formed clubs like The Baker Street Irregulars and introduced the idea of cosplay to the embryonic world of fandom These well educated fanboys subsequently became the self assigned protectors of Sherlock Holmes anxious that their version of the character not be besmirched or defamed in any way In spite of this there was considerable besmirching and defaming to be seen in the early silent films featuring Sherlock Holmes which effectively turned him into an action hero due to the lack of sound When sound films took the industry by storm in the late 1920s there were a numbers of pretenders who reached for the Sherlock Holmes crown including Clive Brook Reginald Owen and Raymond Massey but it took more than a decade before a new definitive Sherlock Holmes would be crowned in 1939 in the person of Basil Rathbone *Sherlock Holmes Mystery Magazine #30* Hal Charles,Jeffrey A.
