Religion and Nationalism in Soviet and East European Politics Sabrina P. Ramet,1989 Religious organizations in many countries of the communist world have served as agents for the preservation defense and reinforcement of nationalist feelings and in playing this role have frequently been a source of frustration to the Communist Party elites Although the relationship between governments and religious groups varies according to the particular country and group in question the mosaic of these relationships constitutes a revealing picture of the political reform shaping the lives of Soviet and East European citizens *Problems of Communism* ,1972 **Soviet Ukrainian Dissent** Jaro Bilocerkowycz,2019-07-11 In this book the author focuses on an important variant of Soviet dissent from 1963 through March 1985 to deepen understanding of the phenomena of political alienation and dissent and to stimulate further study of political dissent in the USSR and elsewhere Toward a Catholic Theology of Nationality Dorian Llywelyn,2010-06-28 Nationality continues to be an important part of how people identify themselves and others Who am I is inseparable from the question Who and what are we Historically many nations have made use of the Bible and Christian notions to understand themselves and to justify their political ambitions Catholic theology however has never elaborated on a systematic treatment of nationality Dorian Llywelyn forges a new approach treating the nation as a form of culture He addresses some key questions How are the religious and national aspects of human identity connected What does Catholic doctrine have to say about nationality and nationalism Is there really such a thing as a Christian nation Is Catholicism compatible with patriotism Llywelyn s wide ranging book introduces the reader to contemporary approaches to nationality nationality national identity nationalism and patriotism Drawing from the insights of sociology history and anthropology he investigates the many ways in which nations and Christianity have intertwined and explores what scripture and twentieth century papal teaching have to say on the matter He provides an original Catholic theology of national belonging one which is based on the implications of the Incarnation Examining popular devotions to the Virgin Mary as national patroness and drawing from the metaphysical acumen of the medieval thinker John Duns Scotus Llywelyn argues for the theological value of nationality and proposes that global community and cultural and national diversity are mutually necessary values **Historical Dictionary of Ukraine** Ivan Katchanovski,Zenon E. Kohut,Bohdan Y. Nebesio,Myroslav Yurkevich,2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it

remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the Historical Dictionary of Ukraine in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine

A History of Modern Political Thought in East Central Europe Balázs Trencsenyi, Michal Kopeček, Luka Lisjak Gabrijelčić, Maria Falina, Mónika Baár, 2018-10-18 A History of Modern Political Thought in East Central Europe is a synthetic work authored by an international team of researchers covering twenty national cultures and 250 years It goes beyond the conventional nation centered narratives and presents a novel vision especially sensitive to the cross cultural entanglement of political ideas and discourses Its principal aim is to make these cultures available for the global market of ideas and revisit some of the basic assumptions about the history of modern political thought and modernity as such The present volume is the final part of the project following Volume I Negotiating Modernity in the Long Nineteenth Century and Volume II Part I Negotiating Modernity in the Short Twentieth Century 1918 1968 OUP 2018 Its starting point is the defeat of the vision of socialism with a human face in 1968 and the political discourses produced by the various consolidation or normalization regimes It continues with mapping the exile communities and domestic dissidents critical engagement with the local democratic and anti democratic traditions as well as with global trends Rather than achieving the coveted end of history however the liberal democratic order created in East Central Europe after 1989 became increasingly contested from left and right alike Thus instead of a comfortable conclusion pointing to the European integration of most of these countries the book closes with a reflection on the fragility of democracy in this part of the world and beyond

The Carpathians, the Hutsuls, and Ukraine Anthony J. Amato, 2020-12-02 This book examines the relationship between Ukraine's Galician Hutsuls and the Carpathian landscape between 1848 and 1939 The author analyzes the intersections of ecology and culture in the history of the Carpathian Mountains with a focus on the region's economy and biodiversity

The Soviet Sixties Robert Hornsby, 2023-01-01 The story of a remarkable era of reform controversy optimism and Cold War confrontation in the Soviet Union Beginning with the death of Stalin in 1953 the sixties era in the Soviet Union was just as vibrant and transformative as in the West The ideological romanticism of the revolutionary years was revived with renewed emphasis on egalitarianism equality and the building of a communist utopia Mass terror was reined in great victories were won in the space race Stalinist cultural dogmas were challenged and young people danced to jazz and rock and roll Robert Hornsby examines this remarkable and surprising period showing that even

as living standards rose aspects of earlier days endured Censorship and policing remained tight and massacres during protests in Tbilisi and Novocherkassk alongside invasions of Hungary and Czechoslovakia showed the limits of reform The rivalry with the United States reached perhaps its most volatile point friendship with China turned to bitter enmity and global decolonization opened up new horizons for the USSR in the developing world These tumultuous years transformed the lives of Soviet citizens and helped reshape the wider world

The Cinema of Sergei Parajanov James Steffen, 2013-10-31 Sergei Parajanov 1924-90 flouted the rules of both filmmaking and society in the Soviet Union and paid a heavy personal price An ethnic Armenian in the multicultural atmosphere of Tbilisi Georgia he was one of the most innovative directors of postwar Soviet cinema Parajanov succeeded in creating a small but marvelous body of work whose style embraces such diverse influences as folk art medieval miniature painting early cinema Russian and European art films surrealism and Armenian Georgian and Ukrainian cultural motifs The Cinema of Sergei Parajanov is the first English language book on the director's films and the most comprehensive study of his work James Steffen provides a detailed overview of Parajanov's artistic career his identity as an Armenian in Georgia and its impact on his aesthetics his early films in Ukraine his international breakthrough in 1964 with *Shadows of Forgotten Ancestors* his challenging 1969 masterpiece *The Color of Pomegranates* which was reedited against his wishes his unrealized projects in the 1970s and his eventual return to international prominence in the mid to late 1980s with *The Legend of the Surami Fortress* and *Ashik Kerib* Steffen also provides a rare behind the scenes view of the Soviet film censorship process and tells the dramatic story of Parajanov's conflicts with the authorities culminating in his 1973-77 arrest and imprisonment on charges related to homosexuality Ultimately the figure of Parajanov offers a fascinating case study in the complicated dynamics of power nationality politics ethnicity sexuality and culture in the republics of the former Soviet Union Outstanding Academic Title Choice Magazine
