Representation In Italy Institutionalized Tradition And Electoral Choice:

Representation in Italy Samuel Henry Barnes, 1977-01-01 **The Oxford Handbook of Political Representation in Liberal Democracies** Robert Rohrschneider, Jacques Thomassen, 2020-07-28 The Handbook of Political Representation in Liberal Democracies offers a state of the art assessment of the functioning of political representation in liberal democracies In 34 chapters the world s leading scholars on the various aspects of political representation address eight broad themes The concept and theories of political representation its history and the main requisites for its development elite orientations and behavior descriptive representation party government and representation non electoral forms of political participation and how they relate to political representation the challenges to representative democracy originating from the growing importance of non majoritarian institutions and social media the rise of populism and its consequences for the functioning of representative democracy the challenge caused by economic and political globalization what does it mean for the functioning of political representation at the national level and is it possible to develop institutions of representative democracy at a level above the state that meet the normative criteria of representative democracy and are supported by the people The various chapters offer a comprehensive review of the literature on the various aspects of political representation The main organizing principle of the Handbook is the chain of political representation the chain connecting the interests and policy preferences of the people to public policy via political parties parliament and government Most of the chapters assessing the functioning of the chain of political representation and its various links are based on original comparative political research Comparative research on political representation and its various subfields has developed dramatically over the last decades so that even ten years ago a Handbook like this would have looked totally different **Political Representation in France** Philip E. Converse, Roy Pierce, 1986 There can scarcely be a greater tribute to the vitality of the Fifth Republic s democracy than this monumental work A searching analysis of how the will of the voters is translated into authoritative political decision making this book not only uncovers political truths about contemporary France but also provides a model for the study of other popular forms of government The authors set out to find an answer to the perplexing question of how representative government operates in France in the seemingly unstable context of multiparties By interviewing voters as well as legislators in 1967 and in 1968 after the great upheaval and by monitoring policies of the National Assembly from 1967 to 1973 the authors test relationships between public opinion and decision making They are able to sort out the abiding political cues that orient the French voter to establish the normal electoral processes to gauge the nature of mass perceptions of the political options available to voters and to interpret the strikes riots and demonstrations of 1968 as a channel of communication parallel to the electoral process itself Lucid in style methodologically sophisticated and often comparative in approach Political Representation in France is a seminal work for political scientists sociologists and historians

Clientelism and Democratic Representation in Comparative Perspective Saskia Ruth-Lovell, Maria Spirova, 2019-10-15

Since the Third Wave of democratization research on clientelism has experienced a revival The puzzling persistence of clientelism in new and old democracies inspired researchers to investigate the micro foundations and causes of this phenomenon Though the decline of clientelistic practices such as vote buying and patronage in democratic contexts has often been predicted they have proven to be highly adaptive strategies of electoral mobilization and party building This volume seeks to contribute to this new line of research and develops a theoretical framework to study the consequences of clientelism for democratic governance Under governance we understand all processes of governing whether undertaken by a government market or network whether over a family tribe formal or informal organization or territory and whether through laws norms power or language

Centre Parties Reuven Y. Hazan, 1998-04-17 What kind of impact do centre parties have in parliamentary democracies How does the existence and growth of centre parties affect party system polarization electoral competition and government stability This text reassesses the perception of centre parties as a force of moderation The author argues that this intuitive judgement which has become accepted by political scientists is dubious if not incorrect He examines contemporary centre parties in Europe and asserts that the opposing tendency of centre parties contributes to party system polarization

Degrees of Democracy Stuart N. Soroka, Christopher Wlezien, 2010 This book develops and tests a thermostat model of public opinion and policy and examines both responsiveness and representation across a range of policy domains in the United States the United Kingdom and Canada concluding that representative democratic government functions surprisingly well

Mapping Policy Preferences from Texts Andrea Volkens, Judith Bara, Ian Budge, Michael D. McDonald, Hans-Dieter Klingemann, 2013-11-28 The Manifesto data are the only comprehensive set of policy indicators for social economic and political research It is thus vital that their quality is established The purpose of this book is to review methodological issues that have got in the way of straightforwardly using the Manifesto data since our two preceding volumes were published and to resolve them in ways which best serve users and textual analysts in general The book is thus generally about text based quantitative analysis with a particular focus on the quality of the CMP MARPOR data and ways of assessing and using them In doing so the book goes beyond normal data documentation essential though that is to confront the analytic issues faced by users of the data now distributed by MARPOR It also provides concrete strategies for tackling these at the research level with examples from the field of political representation The problems of uncertainty error reliability and validity considered here are generic issues for political analysts in any area of research so the book has an interest extending beyond the Manifesto estimates themselves in particular to other textual analyses In addition the book widens the range of applications introduced in our two previous volumes and discusses the extension of the manifesto project database to cover Latin America

Handbook of Party Politics Richard S Katz, William J Crotty, 2006-01-26 The Handbook of Party Politics is the first book to comprehensively map the state of the art in contemporary party politics scholarship This major new work brings together the world's leading party theorists to provide an unrivalled resource on the role of parties in

the pressing contemporary problems of institutional design and democratic governance today **Contemporary Western European Feminism (RLE Feminist Theory)** Gisela Kaplan, 2012-11-12 Contemporary Western European Feminism is a ground breaking history of feminism Gisela Kaplan invites a critical analysis of current ideas terms and assumptions about our modern world Written confidently and with compassion this is the story of a long revolution that has set out to change predominant attitudes and transform value hierarchies and human lifestyles By outlining the postwar histories of individual countries Kaplan contextualises women s movements and documents a significant chapter of European social history She poses questions about the interrelationship between the new movements and the parliamentary democracies in which they occurred while analysing the contradictions of living in modern capitalist countries Contemporary Western European Feminism also tackles important contradictions such as those between the welfare state and the free market economy industrialisation and religious value systems social engineering and the production of wealth and dissent and patrimonial systems of democracy For those wanting to know more about Europe without the intimidating barriers of language and for those already experts in its social history Contemporary Western European Feminism is essential reading **Politicians in Hard Times** Xavier Collier, Leonardo Sánchez-Ferrer, 2021-04-27 This book analyses the Spanish parliamentary elites in a comparative perspective within southern Europe What has been the impact of the Great Recession on the configuration of parliaments and the diversity of legislators Have new parties delivered better representation of citizens in terms of demographics gender age social class ideology or political attitudes and beliefs This original research is based on a 2018 survey on members of two national chambers and 17 regional parliaments Comparing these data with those of a simultaneous survey carried out on Spanish citizens and with data from previous research a decade ago the book examines the changes that have occurred in representation during the course of the Great Recession and provides evidence of the growing distance between citizens and parliamentary elites Additionally using data from the Comparative Candidates Survey the book compares the ideological congruence between citizens and their representatives in Spain Portugal Italy and Greece

Place and Politics in Modern Italy John A. Agnew, 2002-10 How do the places where people live help structure and restructure their sociopolitical identities and interests John A Agnew presents a theoretical model that addresses the relation of place to politics and applies it to a series of case studies set in modern Italy *Political Representation in Southern Europe and Latin America* André Freire, Mélanie Barragán, Xavier Collier, Marco Lisi, Emmanouil Tsatsanis, 2020-06-03 This collective volume with contributions from experts on these regions examines broader questions about the current crises The Great Recession and The Commodity Crisis and the associated changes in political representation in both regions It provides a general overview of political representation studies in Southern Europe and Latin America and builds bridges between the two traditions of political representation studies affording greater understanding of developments in each region and promote future research collaboration between Southern Europe and Latin America Finally the book addresses questions of

continuity and change in patterns of political representation after the onset of the two economic crises specifically examining issues such as changes in citizens democratic support and trust in political representatives and institutions in descriptive representation in the sociodemographic profile of MPs and in substantive representation in the link between voters and MPs in terms of ideological congruence and or policy issue orientations This book will be of key interest to scholars and students of political elites political representation European and Latin American politics studies and more broadly to comparative politics

The President's Report to the Board of Regents for the Academic Year ... Financial Statement for the Fiscal Year University of Michigan,1975

Why Policy Representation Matters Luigi Curini,Willy Jou,Vincenzo Memoli,2015-06-12

Elections are a fundamental element of democracy since elected governments reflect voter preferences At the same time it is inevitable that policies pursued by any government closely resemble the preferences of some citizens while alienating others who hold different views Previous works have examined how institutional settings facilitate or hinder policy proximity between citizens and governments Building on their findings the book explores a series of so what questions how and to what extent does the distance between individual and government positions affect citizens propensity to vote protest believe in democracy and even feel satisfied with their lives Using cross national public opinion data this book is an original scholarly research which develops theoretically grounded hypotheses to test the effect of citizen government proximity on three dependent variables After introducing the data both public opinion surveys and country level statistics and the methodology to be used in subsequent chapters one chapter each is devoted to how proximity or the absence thereof affects political participation satisfaction with democracy and happiness Differences in political attitudes and behavior between electoral winners and losers and ideological moderates and radicals are also discussed in depth

Routledge Library Editions: Feminist Theory Various,2021-08-07 Routledge Library Editions Feminist Theory brings together as one set or individual volumes a series of previously out of print classics from a variety of academic imprints With titles ranging from *The Liberation of Women* to *Feminists and State Welfare* from *Married to the Job* to *Julia Kristeva* this set provides in one place a wealth of important reference sources from the diverse field of gender studies

Political Parties and Legislative Party Switching W. Heller,C. Mershon,2009-06-22 Political parties and democratic politics go hand in hand Since parties matter it matters too when elected politicians change party affiliation This book shows why when and to what effect politicians switch parties in pursuit of their goals as constrained by institutions and in response to their environments

Making Gender Salient Ana Catalano Weeks,2022-06-30 This book offers and tests a novel theory of when and how gender quota laws change policy

MPs' Roles and Representation Federico Russo,2021-11-29 This book examines the content of MPs activities through which parliamentarians generate representative claims Challenging the idea that studying individual representation is a futile exercise this book shows that looking at the opinions and behavioural patterns of parliamentarians can shed light on some important questions What are the interests represented in parliament How important are electoral

incentives in shaping the role of representatives What is the impact of parliamentarians personal characteristics Focussing on the role played by Italian members of the Chamber of Deputies across a period of more than 20 years the study applies role analysis to connect the normative debates on political representation to empirical studies and is underpinned by a rich data set of parliamentary activities and surveys on parliamentarians attitudes and opinions The book will be of key interest to scholars and students of legislative studies European politics Italian studies politics and more broadly to comparative politics

The Oxford Handbook of Political Institutions R. A. W. Rhodes, Sarah A. Binder, Bert A. Rockman, 2008-06-12 This one volume distillation provides a comprehensive overview of the main branches of contemporary political science It will serve as the reference book for political scientists and those following their work for years to come *Oxford Handbook of Political Behavior* Russell J. Dalton, Hans-Dieter Klingemann, 2007 Assembles the world s leading scholars on public opinion and political behaviour to describe the state of the art research on the beliefs values and behaviours of contemporary politics
