Privacy and Personal Data Protection Law in Asia Adrian Mak,Ching Him Ho,Anselmo Reyes,2024-12-12 Covering 16 Asian jurisdictions representing differing stages in the development of data protection regulatory systems this book offers an in depth cross jurisdictional commentary on the developing world of Asian privacy and personal data protection with a special focus on private international law issues It brings together an international team of contributors who reflect on the framework of data privacy and protection laws in their respective regions Topics discussed range from the extent to which such laws may have extraterritorial effect or may conflict with the laws of other states to shortcomings of existing systems and their potential for improvement More than a valuable contribution to comparative private conflict of laws literature from an Asian perspective the book also considers possible future trajectories for existing laws It covers the extent to which Asian regimes will inevitably need to integrate with ever evolving privacy and personal data protection initiatives in the EU the USA and China It also assesses the extent to which existing regimes are sufficiently robust to handle the challenges of future technical developments in data collection and data transfer across borders especially in relation to the activities of giant corporations such as Meta Facebook Google Amazon Alibaba and Tencent The result is a wide ranging and forward thinking resource which provides practitioners and researchers with an account of data privacy law and personal data protection laws in Asia and their cross border implications as those regulations are now and as they might be in the future *Codifying Choice of Law Around the World* Symeon Symeonides,2014 The book is a comparative study of the choice of law codifications and conventions adopted in each of the inhabited continents in the last so years Its main purpose is to document and inform rather than to critique Although I do not always hide my opinion I continue to act on the conviction that what we can learn from legislators is far more important than what they can learn from us PREFACE *Codifying Choice of Law Around the World* Dean Symeon C. Symeonides,2014-04-30 Codifying Choice of Law Around the World chronicles documents and celebrates the extraordinary massive codification of Private International Law PrIL or Conflict of Laws that has taken place in the last 50 years from 1962 2012 During this period the world has witnessed the adoption of nearly 200 PrIL codifications EU Regulations and international conventions more than in all preceding years since the inception of PrIL This book provides a horizontal comparison and discussion of these codifications and conventions first by comparing the way they resolve tort and

contract conflicts and then by comparing the answers of these codifications to the fundamental philosophical and methodological dilemmas of PrIL. In the process this book re-examines and dispels certain widely held assumptions about choice of law and the art and science of codification in general. Written by Symeon C. Symeonides, a renowned PrIL and comparative law expert with extensive first-hand experience in drafting codifications and advising other drafters, *Codifying Choice of Law Around the World* will serve as an indispensable point of reference for any serious study or discussion of PrIL and comparative law.
