Socialist Realism in Central and Eastern European Literatures under Stalin Evgeny Dobrenko, Natalia Jonsson-Skradol, 2018-02-15 *Socialist Realism in Central and Eastern European Literatures* is the first published work to offer a variety of alternative perspectives on the literary and cultural Sovietization of Central and Eastern Europe after World War II and emphasize the dialogic relationship between the centre and the satellites instead of the traditional top down approach The introduction of the Soviet cultural model was not quite the smooth endeavour that it was made to look in retrospect rather it was always a work in progress often born out of a give and take with the local authorities intellectuals and interest groups Relying on archival resources the authors examine one of the most controversial attempts at a cultural unification in Europe by providing an overview with a focus on specific case studies an analysis of distinct particularities with attention to the patterns of negotiation and adaptation that were being developed in the process **The Changing Landscape in Eastern Europe** Richard E. Quandt, 2002 This book shows the effect philanthropy can have in transferring technology in transitional societies that are turning themselves upside down It further demonstrates that retraining of people and changing

their mindset are as important as the technology itself

Contemporary West Asia Sujata Ashwarya, Mujib

Alam, 2019-05-30 This book provides a comprehensive analysis of the complexities of change and continuity in West Asia its society religion and politics An overview of the region s political social and economic characteristics brought into sharper relief with the on going turmoil in the region constitutes the introduction of the book While the subsequent two chapters along with the introductory text constitute the thematic overview and orientation of the book the different chapters dedicated to specific countries explore the recent transformative developments in the region These chapters chart the emergence of Islamist and post Islamist politics in Iran and Lebanon elaborate upon the prevailing civil war conditions in Iraq Syria Yemen and Libya examine the impact of the Arab uprisings that began in 2011 on Egypt Jordan and the Arab Gulf countries and explore the intricate interplay between Islam and democracy in the present day politics of Turkey While highlighting politics the texts of the chapters also delve into history religion and foreign policy This book will be as useful for the students of West Asian affairs as it will be for policymakers and any interested reader Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka

Of Empires and Citizens Amaney A.

Jamal, 2012-09-09 In the post Cold War era why has democratization been slow to arrive in the Arab world This book argues that to understand support for the authoritarian status quo in parts of this region and the willingness of its citizens to compromise on core democratic principles one must factor in how a strong U S presence and popular anti Americanism weakens democratic voices Examining such countries as Jordan Kuwait Morocco Palestine and Saudi Arabia Amaney Jamal explores how Arab citizens decide whether to back existing regimes regime transitions and democratization projects and how the global position of Arab states shapes people s attitudes toward their governments While the Cold War s end reduced superpower hegemony in much of the developing world the Arab region witnessed an increased security and economic dependence on the United States As a result the preferences of the United States matter greatly to middle class Arab citizens not just the elite and citizens will restrain their pursuit of democratization rationalizing their backing for the status quo because of U S geostrategic priorities Demonstrating how the preferences of an international patron serve as a constraint or an opportunity to push for democracy Jamal questions bottom up approaches to democratization which assume that states are autonomous units in the world order Jamal contends that even now with the overthrow of some autocratic Arab regimes the future course of Arab democratization will be influenced by the perception of American reactions Concurrently the United States must address the troubling sources of the region s rising anti Americanism

Ossi Wessi Donald

Backman, Aida Sakalauskaite, 2009-10-02 Ossi Wessi includes the proceedings of the fourteenth annual Interdisciplinary German Studies Conference at the University of California Berkeley 2006 which explored issues surrounding the Berlin Wall both pre and post reunification in language literature and visual media The collected articles discuss the situation of the Berlin Wall describing its portrayal as both a dividing and uniting boundary and often discussing the continued existence of

the Wall in the minds of Germany's citizens The multi disciplinary range of approaches contained in this volume reveals how diverse the portrayals of the history of the Wall have been as well as how controversial the division of Germany remains today Topics covered in this collection include Wende Literature and film linguistic changes and attitudes since 1989 the complicated history of the Neo Nazis and the visual arts Although Ossi Wessi is by no means a comprehensive reference work each of its essays serve as a though provoking springboard for further research *European Visions* Janelle

Blankenship, Tobias Nagl, 2015-07-15 This volume examines the challenges cinemas in small European countries have faced since 1989 It explores how notions of scale and small cinemas relate to questions of territory transnational media flows and globalization Employing a variety of approaches from industry analysis to Deleuze Guattari's concept of the minor contributions address the relationship of small cinemas to Hollywood the role of history and memory and the politics of place in post Socialist cinemas New York Magazine, 1985-12-16 New York magazine was born in 1968 after a run as an insert

of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Total Work of Art* David Imhoof, Margaret Eleanor Menninger, Anthony J.

Steinhoff, 2016-07-01 For two centuries Gesamtkunstwerk the ideal of the total work of art has exerted a powerful influence over artistic discourse and practice spurring new forms of collaboration and provoking debates over the political instrumentalization of art Despite its popular conflation with the work of Richard Wagner Gesamtkunstwerk's lineage and legacies extend well beyond German Romanticism as this wide ranging collection demonstrates In eleven compact chapters scholars from a variety of disciplines trace the idea's evolution in German speaking Europe from its foundations in the early nineteenth century to its manifold articulations and reimaginings in the twentieth century and beyond providing an uncommonly broad perspective on a distinctly modern cultural form **The Diffusion of Military Technology and Ideas**

Lazăr, 2023-08-04 The historiography of death memory and testamentary practices is already abundant in Western Europe and a fairly large number of extra European regions For East Central Europe there are many short studies in various regional languages mainly on anthropological ethnographic aspects of the funeral rituals This is an edited collection of studies by international scholars on the interlocking themes of attitudes and discourses on death commemorative practices and inheritance testamentary strategies in the Balkans and East Central Europe These and other related themes are addressed comparatively and cover areas including Albania Bulgaria Romania Greece and areas of the former Yugoslavia Hungary and

Austria from the perspective of imperial Ottoman and Habsburg legacies Pro refrigerio animae Death and Memory in East Central Europe contributes to this subject by linking anthropological religious cultural approaches to death to the legal economic aspects of inheritance commemoration adding a still absent East Central European and Habsburg Balkan and Ottoman dimension to the study of death memorialization and testaments and presenting an abundant primary and secondary material in English translation and thus placing research on death and testaments by East Central and Greek scholars within the international scholarly circuit
