Rerouting The Protestant Mainstream:

Growing Up Protestant Margaret Lamberts Bendroth, 2002 Home and family are key yet relatively unexplored dimensions of religion in the contemporary United States American cultural lore is replete with images of saintly nineteenth century American mothers and their children During the twentieth century however the form and function of the American family have changed radically and religious beliefs have evolved under the challenges of modernity As these transformations took place how did religion manage to fit into modern family life In this book Margaret Lamberts Bendroth examines the lives and beliefs of white middle class mainline Protestants principally northern Presbyterians Baptists Methodists and Congregationalists who are theologically moderate or liberal Mainliners have pursued family issues for most of the twentieth century churning out hundreds of works on Christian childrearing Bendroth's book explores the role of family within a religious tradition that sees itself as America's cultural center In this balanced analysis the author traces the evolution of mainliners' roles in middle class American culture and sharpens our awareness of the ways in which the mainline Protestant experience has actually shaped and reflected the American sense of self

Take the Next Step Lovett H. Weems Jr., 2011-07-01 Learn how to work for genuine and effective change in your church without trying to throw out everything that has gone before Pastors and other congregational leaders are eager to institute meaningful and effective change in their congregations They know that old attitudes and perspectives prevent the church from fulfilling its mission to make disciples of Jesus Christ Yet too often church advocates insist that if genuine change is to occur in the church then everything must change The board must be wiped clean and new technologies new worship styles and even new theologies must replace what has come before The problem with such calls for radical change says Lovett Weems Jr is that they are not true to the way that genuine and lasting change takes place Like every other organization churches rest on a cultural foundation of shared assumptions values and practices The paradox of successful change is that this foundation is at the same time the source of resistance to change and what makes change possible Lasting transformational change grows out of the congregation's current sense of its story and its mission Transformational leaders know how to build on the church's identity making new ministries and emphasizes the natural extension of what has gone before In other words they know how to make the story of change the next chapter in the book of the congregation's life rather than throwing the book away and trying to start over An astute student of management and leadership theory Weems offers congregational leaders essential insights into how they can work with and through their churches ministries to bring about authentic and faithful growth

Futuring Your Church George B. Thompson, 2015-06-09 A vision is not a mission statement declares George Thompson In the throes of establishing their congregational identity many church leaders resort to developing a mission statement which gets put in a file drawer and forgotten until the next budget review The problem is that mission statements focus on concrete achievements a vision in contrast establishes the larger picture of aim broad purpose and hopes In **Futuring Your Church** church leaders explore the

congregation's heritage its current context and its theological bearings From the insights gleaned members can discern what God is currently calling their own church to do in this time and place Once this vision is found Thompson provides a simple organization model for applying the vision for making it work A practical helpful tool for futuring authentic ministry

Jacob's Blessing Donna Sinclair,Christopher White,1999 An alternative to the remnant and mega church model Authors Sinclair and White combine their ministerial and journalistic strengths to write with honesty and hope about the future of the church Study Guide included **Soulsunami** Leonard Sweet,2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide everywhere we look the signs all tell us we re living in a post Christian culture Or are we Leonard Sweet cultural historian preacher futurist creatologist and preeminent thinker firmly believes we live today in a pre Christian society fraught with challenges dangers critical choices and above all tremendous potential for the church The outcome will depend on our response to today s flood of religious pluralism that threatens to sweep us away What will we do Deny the reality of the incoming surge Hunker in the bunker hermetically sealing ourselves in an increasingly out of touch church counterculture Or will we boldly hoist our sails and looking to God for guidance and strength move with confidence and purpose over the waves SoulTsunami is a fascinating even mind numbing look at the implications of our changing world for the church in the 21st century With uncanny wisdom and trademark wit Leonard Sweet explores ten key futuribles precision guesses that fall short of predictions expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom Here are eye opening perspectives on the church from within and from without from its surrounding society Lively well written and provocative SoulTsunami is a clarion call for Christians to remove their tunnel vision glasses and take a good look at the swelling postmodern flood It also is a voice of encouragement affirming the church in its role as God s lifeboat And it is a passionate prophetic guide pointing the way to reach a world swept out to sea **Hermeneutics and Empirical Research in Practical Theology** Chris Hermans,Mary

Moore,2021-09-20 There is a growing consensus among scholars in different countries about the object of practical theology Hans van der Ven has contributed much to this consensus through his writings on the foundations of practical theology the empirical paradigm within practical theology and specific subdisciplines within practical theology especially religious education moral education church development and ministry At the center of this growing consensus is an understanding of the independent hermeneutical role of religious experiences and practices of people in the process of theological theory building If contemporary religious experiences and practices have a critical role with regard to religious tradition and the ministry of this tradition then practical theology cannot just be a form of applied theology The contributors of this volume focus on this hermeneutical core foundations of practical theology and on empirical research as a research method within

practical theology in the work of Van der Ven *Shaping the Church* Martyn Percy, 2016-04-01 This book seeks to dynamically alter the way that theologians ecclesiologists students of religion and ministers look at the church Taking the ideas of composition formation and vocation as basic ecclesial categories Martyn Percy explores how apparently innocent and incidental material is in fact highly significant for the shaping of theological and ecclesiological horizons The Introduction sets the tone with a meditation on how the apparently ordinary scent of a country church can be redolent with meaning setting the tone of expectation in relation to subsequent worship This book is not however simply about reading meanings into events ideas conversations and contexts Rather it sets out to faithfully interpret much of the material that surrounds us yet is often taken for granted or more usually unnoticed The book is an invitation to involve the scholar or minister paying close and patient attention to beliefs language artefacts rituals practices and other material all of which are constitutive for ecclesial life and theological identity *Enemies with Smiling Faces (EasyRead Large Bold Edition)* Donald C.

Posterski, 2004 **Tell It Like It Is** Lillian Daniel, 2005-12-30 Lillian Daniel shares how her congregation re appropriated the practice of testimony one Lenten season a practice that would eventually revitalize their worship and transform their congregational culture The experience strengthened lay leadership fostered more intimate community and drew the congregation closer to God The book features the testimonies worshipers heard and reflections from both those who spoke and those who listened to these stories about God at work in the world **Urban Ministry** Manuel Ortiz, Harvie M. Conn, 2025-06-06 No 3 in the Academy of Parish Clergy Top Ten Books of the Year The city presents serious challenges that cry out for answers poverty racism human exploitation and government corruption How can the church move ahead in the midst of these demands with the gospel of hope Here in one comprehensive volume Harvie Conn and Manuel Ortiz two noted scholars and proven practitioners of urban ministry address the vital work of the church in the city Their dual goal to understand the city and God's work in it Through four great waves of development Conn and Ortiz trace the history of the city around the world Then they tackle the critical issue of a biblical basis for urban mission How does the Bible view the city Are we closer to God in the country than the city Does the Bible have an anti urban bias These questions are given a thorough analysis that unveils God's urban mandate as reflected in both Old and New Testaments From this foundation the authors unpack the multifaceted nature of the city as place as process as center as power and as a place of change and stability They move us beyond fragmented stereotypes to a new way of seeing that is holistic enough for a fully biblical ministry to develop In addition Conn and Ortiz lay out what the social sciences have to offer urban mission including ethnographic and demographic studies and they focus on the particular issues and needs of urban leadership including a plan for developing and mentoring leaders while equipping the laity for ministry in the city This is the essential text for bringing God's kingdom to the city through the people of God **How to Get Along With Your Church** George B. Thompson, 2013-01-01 By culture George B Thompson Jr means not just racial ethnic economic or regional culture but also a

congregation's way of doing things its history customs conventions and procedures In order to launch and maintain a successful ministry pastors and other church leaders must come to grasp that unique culture of their parish They must develop a culture capital within their congregations meaning that they invest themselves deeply in how their church does its work and goes about its ministries The author presses clergy to answer such questions as How well do I know what I'm getting into and Have I been adopted yet and even Is it time to move on The book is ideal for pastors in solo settings but pastors in multiple staff settings will also find the author's insights helpful
