Touching the Edge Margaret Wurtele, 2007-08-17 Praise for Touching the Edge Touching the Edge is an homage to love loss and the rising grace that comes when grief is transformed into peace Margaret Wurtele s bow to her son Phil is a story we can all recognize within the context of each family s dance with death Her words can heal the fall of a human heart Terry Tempest Williams author of Refuge Red and Leap Touching the Edge is an extraordinary memoir Margaret Wurtele writes of the most painful events a parent can ever imagine and yet she writes so honestly so clearly with prose as lucid and shimmering as cut crystal that the book shines with a quiet grace I too have a single grown child I read this book and trembled But I also saw through Margaret Wurtele s eyes a glimpse of the light that guided her through the darkness It was a privilege to read this book Susan Allen Toth author of Blooming A Small Town Girlhood and My Love Affair with England I happened to be climbing on Rainier the day that Phil was killed and I often wondered who he was what he was like Now thanks to this beautifully told account I have a very good idea And I have an even clearer sense of what it means to be a parent and a child of God This book will choke you up but the tears will be more than worth it Bill McKibben author of The End of Nature and Long Distance Testing the Limits of Body and Spirit in a Year of Living Strenuously The experience of love and loss when shared can become the alchemy of a rebirth of the spirit in others In this journey to the other side of grief Margaret Wurtele is fearlessly true to her experience of loss and makes herself available to be an agent of transformation for her readers This is the glory of the human story we really are members of one another whether we realize it or not Alan Jones Dean of Grace Cathedral San Francisco and author of Seasons of Grace The Soul s Journey and Living the Truth

Crimson Death Laurell K. Hamilton, 2017-06-20 In her twenty fifth adventure vampire hunter and necromancer Anita Blake learns that evil is in the eye of the beholder Anita has never seen Damian her vampire servant in such a state The rising sun doesn t usher in the peaceful death that he desperately needs Instead he s being bombarded with violent nightmares and blood sweats And now with Damian at his most vulnerable Anita needs him the

most The vampire who created him who subjected him to centuries of torture might be losing control allowing rogue vampires to run wild and break one of their kind s few strict taboos Some say love is a great motivator but hatred gets the job done too And when Anita joins forces with her friend Edward to stop the carnage Damian will be at their side even if it means traveling back to the land where all his nightmares spring from a place that couldn t be less welcoming to a vampire an assassin and a necromancer Ireland 9/11 Memorial Visions Lester J. Levine,2016-08-31 More than a billion people watched the 9 11 World Trade Center destruction unfold on television making it the greatest shared event in world history Reflecting this fact the 2003 World Trade Center Memorial Design Competition was open to anyone drawing 5 201 entries from 60 countries all of which were posted online Most designs were the greyscale hardscape of typical memorials A few were radically imaginative Some engaged memory with sound color movement technology or visitor participation Others reached across the globe cyberspace even outer space These imaginings stirred questions about their creators Who were they What were they thinking and feeling How did the concept develop This book based on a first ever review of the entries tells the personal stories of more than 180 designers whose creative perspective translated an horrific event giving deeper thought to the relation of memorial spaces to history geography technology and cultural diversity Please Hear What I'm Not Saying Charles C. Finn,2011-11-22 Standing at that magical place where sand meets sea you likely have imagined putting a message in a bottle consigning it to the waves hoping it might some day reach another shore and then not only be read but incredibly across space and time make a difference in other lives now connected to your own It has happened to me and I must sing of it In the autumn of 1966 I let the waves carry off a poem passed around to students family and friends no need for even my name on it Its message was simple Keep heart you are not alone love stronger than strong walls will come helping your heart in hiding grow wings feeble perhaps at first but wings Word astoundingly began to come back in 1969 and has continued since that Please Hear What Im Not Saying was indeed reaching other shores across space and time was indeed making a difference in other lives What follows attests to the power of words from the heart to touch other hearts sometimes even to change other lives Read on You too will sing of it **The Works of Shakespeare. Lord Jesus My love for our Lord Jesus Christ abides with my lifetime passion for neurosurgery and medicine my continual obsession of spiritual connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body As I perform brain surgeries for three decades I realize my theory is so true The majestic human brain can't be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain to become a brain of a man of God and the hand of man to a hand of a man of God The spiritual human brain never dies only the flesh It is the center of my calling and unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demand of me My life is dedicated to my Lord Jesus patients and residents As a physician I have reached the top in America I am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals As an academic teacher I trained for more than thirty four years graduating thousands of trainee But all is nothing as I strive for the Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual patients miracles testimonials and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine This book is full of many vibrant stories that I love to share It is timely since I consider my generation soon will be viewed obsolete to the future generations and what will remain are the books I authored The book is a text of wealth covering broad and diverse topics of my life's journey in 134 chapters and organized over 14 sections So many chapters are written about my special love for Lord Jesus Christ and His children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to the mothers newborns and little children While my soul is grieving a section is designated on the ongoing Christian persecution especially the genocide of Christians in my country Egypt the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn't otherwise convey for one reason and another such as neuroscience in aerospace and some of the timely touching subjects like drug overdose human trafficking and healthcare crises Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our Savior It is never enough to share our love write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about
