Intercultural Transmission in the Medieval Mediterranean Stephanie L. Hathaway, David W. Kim, 2012-11-02 This volume presents evidence of the extent and effects of intercultural contacts across Europe and the Mediterranean rim opening up a new understanding of early medieval civilisation and its continuing influence in both Western and Eastern cultures today From the perspectives of textual transmission cultural memory religion art and cultural traditions this work explores the central question of how ideas travelled in the medieval world challenging the conventional notion of insular communities in the Middle Ages Despite the schism between East and West that took hold after the thirteenth century this volume reveals a rich and extensive cultural exchange and demonstrates that transmission of ideas and culture across borders began much earlier than the Crusades It contributes to new perspectives on medieval cities Christian Europe's history with the Byzantine and Islamic Mediterranean the landscape of power and the power plays of the medieval Church and the way in which cross cultural transmission affected all of these areas

The Reconciliation of Government with Liberty John William Burgess, 1915

War and Peace in Europe 1815-1870 E. L. Woodward, 2019-05-23 Published in 1963 The three essays bound together in this book are based upon lectures given by the author as a University Lecturer in Modern History at Oxford The Lectures were not intended as a substitute for the excellent textbooks of modern European history published in recent years The choice of subject and more of treatment were determined by the questions of students and others attempting to find in this history of modern Europe something more than a chronicle of events a list of dates and names a catalogue of political and constitutional changes

The United States and Europe in the Twentieth Century David Ryan, 2016-02-17 The relationship between the US and Europe in the 20th century is one of the key considerations in any understanding of international relations international history during this period David Ryan first sets the context by looking at the trends and traditions of America's foreign relations in the 19th century and then considers the changing nature of America's vision of Europe from 1900 to the present The book examines America's response to and involvement in the two World Wars including the structure of international power after the First World War and American reaction to the rise of Nazi Germany American European relations during the Cold War 1945-1970 are discussed and Ryan considers the contentious debate that America was trying to establish an empire by invitation Finally the book looks at the ever increasing unification of Europe and how this has affected America's role and influence

Histories of Nations Peter Furtado, 2014-11-10 Now in paperback this global bestseller is an engaging and informative read on the history of a diverse array of countries Global histories tend to be written from the limited viewpoint of a single author and a single perspective which results in an inevitable bias In this book however twenty-eight different writers and scholars from around the world contribute giving engaging often passionate accounts of their own nation's history The countries featured in Histories of Nations have been selected to represent every continent and type of state large and small mature democracies and religious autocracies states that have existed for thousands of years and those born as recently as the twentieth century Each of these countries has a different relationship with history In the United States for example the myth of the nation's historylessness remains strong but in China history is seen to play a crucial role in legitimizing three thousand years of imperial authority History wars over the content of textbooks rage in countries as diverse as Australia Russia and Japan Some countries such as Iran or Egypt are blessed or cursed with a glorious ancient history that the present cannot equal others such as Germany must find ways of approaching and reconciling the pain of the recent past Original thought provoking and handy in its new paperback format Histories of Nations is a crucial primer for the Global Age

Increasing Legal Rights for Zoo Animals Jesse Donahue, 2017-04-12 We are on the precipice of momentous legal changes for animals that may soon give some of them rights of personhood and citizenship Companion animals in particular are gaining rights to public representation in government access to housing inheritance and increased protection through the criminal justice system Nonhuman primates used as research subjects are also gaining limited rights of personhood in some countries This book examines how zoo animals could benefit from that revolution as well Reviewing zoo law and politics in the United States New Zealand and Southeast Asia scholars and zoo directors grapple with how the current law in those regions of the world impacts zoo animals and how it could be changed to serve them better They discuss the ways in which zoo animals could benefit from some reworked companion animal law in the United States the challenges of reintroductions and their legal barriers how we can extend ideas of human research subject rights to zoo animal research the stark problems

of too few animal welfare laws in South East Asia the need for a central governing body focused solely on exotic captive animals in New Zealand and the need for stricter laws preventing the exotic pet problem that is increasingly affecting both zoos and sanctuaries The book starts a dialogue that moves the scholarship about zoos beyond a general discussion of ethics to a concrete dialogue and set of suggestions about how to extend legal rights to this group of animals

The Literature of the Empire Edward Salmon, 1924

The British Empire, 1924

Italy, Jean-Paul Sartre, and Europe's Cold War Nancy Jachec, 2025-10-02 Based on extensive largely unpublished material by and about Sartre from archives across Europe this book explores Sartre's lifelong relationship with Italy its culture society and above all its intellectual left Starting with his dawning awareness of politics as foremost a moral responsibility during his first tourist trips to Naples in the 1930s and the poverty he encountered there Italy Jean Paul Sartre and Europe's Cold War then examines the relationships Sartre forged with a number of Italian liberal leftist and communist intellectuals after the war Not only did they immediately draw him into debates over the ethical crisis that they held responsible for fascism the war and now Europe's Cold War Several of them became lifelong friends of his as well as collaborators in a number of efforts to address that moral crisis in Italy and by the late 1950s in Eastern Europe Reconstructing the networks they established through cultural organizations they founded themselves Nancy Jachec traces how Sartre and his ideas were brought into the Soviet Union Poland and Czechoslovakia in pursuit of a democratic socialism Using private correspondence press reports memoirs embassy dispatches government committee minutes and surveillance and intelligence reports from Eastern and Western sources this book reconstructs Sartre's activities and the impact they had in a way that he did not foresee While his many discussions with his Italian peers on the theme of political morality led him to support the New Left in spite of its organizational problems in Poland and Czechoslovakia his work was taken in a very different direction where intellectuals would go on to assume real political responsibility

Defense Issues, **Adam Ferguson: History, Progress and Human Nature** Eugene Heath, Vincenzo Merolle, 2015-09-30 Unique among the leading figures of the Scottish Enlightenment Ferguson saw two eighteenth century revolutions the American and the French This monograph contains essays that range across all of Ferguson's works to investigate his engagement with contemporary events and his contributions to our understanding of history and human action
