**In the Shadow of Death** Elizabeth Beck, Sarah Britto, Arlene Andrews, 2007-02-08 The press called Martin s actions a crime spree Already convicted of armed robbery Martin was facing the death penalty In less than two weeks the jury would decide his fate Terrified that his son would be sentenced to die Phillip did the only thing he felt he could do in an act of faith and desperation in his garage with the car exhaust running Phillip made the consummate sacrifice to spare his son the ultimate punishment Ironically his suicide presented Martin s with another chance at life the jury moved by Martin s loss spared his life Phillip s story like those of the other parents siblings children and cousins chronicled in this book vividly illustrates the precarious position family members of capital offenders occupy in the criminal justice system At once outsiders and victims they live in the shadow of death crushed by trauma grief and helplessness In this penetrating account of guilt and innocence shame and triumph devastating loss and ultimate redemption the voices of these family members add a new dimension to debates about capital punishment and how communities can prevent and address crime Restorative justice theory which views violent crime as an extreme violation of relationships searches for ways to hold offenders accountable and meets the needs of victims and communities

torn apart by the crime organizes these narratives and integrates offenders families into the process of transforming conflict and promoting justice and healing for all What emerges from hundreds of hours worth of in depth interviews with family members of offenders and victims legal teams and leaders in the abolition and restorative justice movements is a vision of justice strongly rooted in the social fabric of communities Showing that forgiveness and recovery are possible in the wake of even the most heinous crimes while holding victims stories sacred this eye opening book bridges the pain of living in the shadow of death with the possibility of a reparative form of justice Anyone working with victims offenders and their families from lawyers and social workers to mediators and activists will find this riveting work indispensable to their efforts

The Case Study in Social Research Barbara Sena, 2023-10-23 The Case Study in Social Research proposes and develops an innovative rigorous and up to date methodological clarification of the case study approach in the social sciences to consistently and consciously apply it to different fields of social research It aspires to provide the reader not with a set of prescriptive rules but rather with a methodological awareness of the complexity and peculiarity of applying a case study so that they may carefully evaluate the limits and potential of conducting this type of investigation What is case study research in the sociological field really How do we carry out a social inquiry of this type How does it differ from other social research approaches In answering these questions this book leads the reader on a historical epistemological technical and applicative path in the methodology of social research by examining all aspects of the case study approach The aim is to respond to as yet still equivocal and misunderstood methodological issues and provide a systematic illustration and exemplification of the case study approach beginning from its sociological and methodological roots its research design and on through to its preparation and administration Space is also dedicated to specifically and practically understanding the differences between the case study and the other social research approaches with which it is often confused in literature such as ethnographic research grounded theory or qualitative research This book is suitable for upper level undergraduate and postgraduate students in the social sciences and as a supplementary textbook to primary methods texts as well as for social researchers and other practitioners and academics with a firm grounding in social research methodologies
