Research Guide To Russian And Soviet Censuses:

Research Guide to Russian and Soviet Censuses Ralph S. Clem, Florida International University, National Council for Soviet and East European Research (U.S.), 1984 *Research Guide to the Russian and Soviet Censuses* Ralph S. Clem, 2016-11-01 Taken together the Russian census of 1897 and the Soviet censuses of 1926 1959 1970 and 1979 constitute the largest collection of empirical data available on that country but until the publication of this book in 1986 the daunting complexity of that material prevented Western scholars from exploiting the censuses fully This book is both a guide to the use of and a detailed index to these censuses The first part of the book consists of eight essays by specialist on the USSR six of them dealing with the use of census materials and the availability of data for research on ethnicity and language marriage and the family education and literacy migration and organization age structure and occupations The second part a comprehensive index for all the published census presents more than six hundred annotated entries for the census tables a keyword index that enables researchers to find census data by subject and a list of political administrative units covered in each census *Research Guide to the Russian and Soviet Censuses* Ralph S Clem, 2016-12-15 **Final Report Summary** Ralph S. Clem, Florida International University, National Council for Soviet and East European Research (U.S.), 1984 **The Global Politics of Census Taking** Walter Bartl, Christian Suter, Alberto Veira-Ramos, 2024-02-08 This book examines in detail the state of the art on census taking to spark a more vivid debate on what some may see as a rather technical and hence uncontroversial field of inquiry Against the backdrop of controversy between instrumental and performative theoretical stances towards census taking it analyses the historical trajectories and political implications of seemingly technical decisions made during the quantification process by focusing on the 2020 round of censuses which have been particularly revealing as activities have been affected by the ongoing COVID 19 pandemic and the ensuing containment policies Through case studies of countries from the Global North and the Global South the book highlights the consequences of and innovations and challenges in census taking focusing on three particular areas of concern the politics of the census in terms of identity politics the institutional autonomy of the census and significant and transformative methodological innovations This book will be of key interest to scholars students and practitioners of quantification studies and social demography and more broadly to public policy governance comparative politics and the broader social sciences The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license *Censuses and Census Takers* Gunnar Thorvaldsen, 2017-11-13 This book analyses the international development of the census by comparing the history of census taking on all continents and in many countries The timeframe is wide from male censuses in the Bible to current censuses covering the whole population There is a focus on the efforts and destinies of census takers and the development of methods used to collect information into the census questionnaires The book highlights international cooperation in census taking as

well as how computerized access to census data facilitates genealogical studies and statistical research on both historical and contemporary societies It deals with such questions as Why did the French and British gentry block efforts at census taking in the 18th century What role did German censuses play during Holocaust Why were the Soviet census directors executed as part of the Moscow processes Why did US states sue the Census Bureau in the 1970s How do wars and revolutions affect census taking The text ends by discussing whether the days of the population census as we know it are numbered since countries exceedingly construct censuses by combining information from population registers rather than with questionnaires

Sowing Kees Mandemakers, George Alter, Hélène Vézina, Paul Puschmann, 2023-08-29 Twenty three major databases containing historical longitudinal population data are presented and discussed in this volume focusing on their aims content design and structure Some of these databases are based on pure longitudinal sources such as population registers that continuously observe and record demographic events including migration and family and household composition Other databases are family reconstitutions based on birth marriage and death records The third and last category consists of semi longitudinal databases that combine for instance civil records and censuses and or tax registers The volume traces the origins of historical longitudinal databases from the 1970s and discusses their expansion worldwide in terms of sources and hard and software The contributions highlight the unique genesis and common developmental arcs of these databases which are rooted in the fields of quantitative history social and demographic history and the history of ordinary people The importance of these databases in advancing knowledge and insights in various disciplines is emphasized and demonstrated along with the challenges and opportunities they face The collection of technical descriptions of these databases represents the most comprehensive and up to date overview of large database with longitudinal micro data on historical populations It includes descriptions of databases from Europe North America East Asia Australia South Africa and Suriname Technical details in terms of data entry cleaning standardization and record linkage are meticulously documented The volume is a must have for all scholars in the field of historical life course studies

Census and Identity David I. Kertzer, Dominique Arel, 2002 Examines how states pigeon hole people within categories of race ethnicity and language

Nation, Region and History in Post-Communist Transitions Peter W Rodgers, 2012-05-25 Since independence in 1991 issues of nation and identity have become highly debated topics in Ukraine This monograph explores not only how national identity is being re constructed by the Ukrainian state but also the processes by which it is negotiated through society The central argument of this work is that too much attention concerning identity in Ukraine has focused on markers of ethnicity and language Instead the author advocates a regional approach engaging with the issue of how Ukraine s regional differences affect nation building processes Following the tumultuous events of the Orange Revolution the view of Ukraine as a country inherently divided between East and West has re emerged to become a popular explanation for political events The study outlines the necessity for academics policymakers and indeed politicians to veer away from this simplistic West versus

East divide The book advocates an analysis of Ukraine's unique brand of regionalism not in terms of divisions but in terms of regional differences and diversity The author deconstructs the concept of Eastern Ukraine by focusing on three Ukrainian localities all adjacent to the Ukrainian Russian border The study examines how individuals provide their own understanding of the place of their region within the wider processes of nation building across Ukraine In doing so the book develops a regional approach to the study of identity politics in Ukraine

The Caspian Region, Volume 2 Moshe Gammer, 2004-06-25 The Caspian Region Volume 2 together with Volume 1 offers new issues and approaches to give readers a fuller understanding of this part of the world as well as correcting some erroneous notions

Routledge Handbook of Indigenous Peoples in the Arctic Timo Koivurova, Else Grete Broderstad, Dorothée Cambou, Dalee Dorrough, Florian Stammler, 2020-12-03 This handbook brings together the expertise of Indigenous and non Indigenous scholars to offer a comprehensive overview of issues surrounding the well being self determination and sustainability of Indigenous peoples in the Arctic Offering multidisciplinary insights from leading figures this handbook highlights Indigenous challenges approaches and solutions to pressing issues in Arctic regions such as a warming climate and the loss of biodiversity It furthers our understanding of the Arctic experience by analyzing how people not only survive but thrive in the planet's harshest climate through their innovation ingenuity and agency to tackle rapidly changing environments and evolving political social economic and cultural conditions The book is structured into three distinct parts that cover key topics in recent and future research with Indigenous Peoples in the Arctic The first part examines the diversity of Indigenous peoples and their cultural expressions in the different Arctic states It also focuses on the well being of Indigenous peoples in the Arctic regions The second part relates to the identities and livelihoods that Indigenous peoples in Arctic regions derive from the resources in their environments This interconnection between resources and people's identities underscores their entitlements to use their lands and resources The third and final part provides insights into the political involvement of Indigenous peoples from local all the way to the international level and their right to self determination and some of the recent related topics in this field This book offers a novel contribution to Arctic studies empowering Indigenous research for the future and rebuilding the image of Indigenous peoples as proactive participants signaling their pivotal role in the co production of knowledge It will appeal to scholars and students of law political sciences geography anthropology Arctic studies and environmental studies as well as policy makers and professionals

Population Under Duress George J Demko, 2018-03-05 The demographic history of twentieth century Russia has been marked by a series of tragedies Calamitous wars revolutions civil strife and political murders have resulted in unparalleled mortality rates depressed fertility rates and sadly unprecedented demographic patterns of all types This volume explores the most recent problems afflicting the Russian population in the post Cold War era The demise of the Soviet Union has brought new hardships the collapse of the health care system internal strife and economic disruptions to the people and has deeply affected demographic processes

throughout Russia The contributors explore key trends from increasing mortality rates and decreasing birth rates to refugee flows into Russia and the brain drain out of Russia Problems of aging increased infant mortality and urban and rural population change are discussed in detail for each major region Rarely has there been a better opportunity to examine the spatial economic psychological and political factors contributing to demographic stress in a current setting These demographic processes are not only unique as a domestic social phenomenon but are also immensely significant in their global impact influencing international migration and foreign aid

Demographic Trends and Patterns in the Soviet Union Before 1991 Wolfgang Lutz,Sergei Scherbov,Andrei Volkov,2002-09-11 This book provides an overview of demographic trends and patterns in the republics of the Soviet Union The material presented provides a comprehensive and detailed review of fertility marriage and the family age and mortality With data evaluated by leading Soviet and Western demographers this book forms the first compendium of demographic research on the former Soviet republics through the twentieth century

Elections and Democratization in Ukraine Sarah Birch,2000-06-22 Elections and Democratization in Ukraine analyses the role of competitive elections in the Ukraine s crucial democratic transition period of 1989 to 1998 focusing on how Ukrainian voters make vote choices and which electoral cleavages are most important Contrary to those who claim that the Soviet Union left in its wake an atomized society with weak social divisions this study argues that the Ukrainian electorate has from the advent of competitive elections exhibited relatively stable voting behaviour

Cultural Encounters with the Environment Viola Haarmann,2000 In *Cultural Encounters with the Environment* a distinguished group of contributors offers a fresh and original view of contemporary geography The authors explore the role of four traditional themes in the New cultural geographyO the interplay between the evolution of particular biophysical niches and the activities of the culture groups that inhabit them the diffusion of cultural traits the establishment and definition of culture areas and the distinctive mix of geographical characteristics that gives places their special character in relation to one another By examining how cultural space is constructed how environment is remade understood and imaged as a consequence and how people lay claim to place this volume establishes a compelling case for the importance of these enduring concepts to present and future trajectories in cultural geography

Demography of Russia Tatiana Karabchuk,Kazuhiro Kumo,Ekaterina Selezneva,2016-11-24 This book examines the demographic development of Russia from the late Russian Empire to the contemporary Russian Federation and includes discussions of marriage patterns fertility mortality and inter regional migration In this pioneering study the authors present the first English language overview of demographic data collection in Russia Chapters in the book offer a systematic overview of the legislation regulating fertility and the family sphere a study of the factors determining first and higher order births and an examination of population distribution across Russian regions The book also combines research tools from the social sciences with a medical approach to provide a study of mortality rates By bringing together approaches from several disciplines demography economics and

sociology the authors of this book provide a comprehensive and detailed assessment of the historical roots of Russia's demographic development

People Changing Places Isabelle Côté, Matthew I. Mitchell, Monica Duffy Toft, 2018-07-04 While migration and population settlement have always been an important feature of political life throughout the world the dramatic changes in the pace direction and complexity of contemporary migration flows are undoubtedly unique Despite the economic benefits often associated with global regional and internal migration the arrival of large numbers of migrants can exacerbate tensions and give rise to violent clashes between local populations and recent arrivals This volume takes stock of these trends by canvassing the globe to generate new conceptual empirical and theoretical contributions The analyses ultimately reveal the critical role of the state as both an actor and arena in the migration conflict nexus

Understanding Soviet Society Michael Paul Sacks, Jerry G. Pankhurst, 2013-10-15 First Published in 1988 Understanding Soviet Society has grown out of the authors experience as sociologists researching and teaching about the Soviet Union Meant initially as an update to Contemporary Soviet Society Sociological Perspectives from 1980 this became a new volume because of the addition of six new authors but also because of the major changes occurring in the USSR today that in many ways necessitated new approaches It examines the fundamental institutions of Soviet society from work and social welfare to politics and the Party in order to provide an objective understanding of the social underpinnings of the Soviet System

Total Wars and the Making of Modern Ukraine, 1914-1954 George Liber, 2016-05-09 Between 1914 and 1954 the Ukrainian speaking territories in East Central Europe suffered almost 15 million excess deaths as well as numerous large scale evacuations and forced population transfers These losses were the devastating consequences of the two world wars revolutions famines genocidal campaigns and purges that wracked Europe in the first half of the twentieth century and spread new ideas created new political and economic systems and crafted new identities In Total Wars and the Making of Modern Ukraine 1914 1954 George O Liber argues that the continuous violence of the world wars and interwar years transformed the Ukrainian speaking population of East Central Europe into self conscious Ukrainians Wars mass killings and forced modernization drives made and re made Ukraine's boundaries institutionalized its national identities and pruned its population according to various state sponsored political racial and social ideologies In short the two world wars the Holodomor and the Holocaust played critical roles in forming today's Ukraine A landmark study of the terrifying scope and paradoxical consequences of mass violence in Europe's bloodlands Liber's book will transform our understanding of the entangled histories of Ukraine the USSR Germany and East Central Europe in the twentieth century

Becoming Post-Communist Eli Lederhendler, 2023 The closing decade of the 20th century witnessed dramatic upheavals across landscapes that had once housed most of the world's Jewish population the overturning of the East European Communist governments and the fall of the USSR accompanied by a major Jewish emigration movement The experts contributing to this volume apply interdisciplinary approaches to analyze and interpret the shifting post communist social and political realities

and aid our understanding of recent events

Research Guide To Russian And Soviet Censuses Introduction

In the digital age, access to information has become easier than ever before. The ability to download Research Guide To Russian And Soviet Censuses has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Research Guide To Russian And Soviet Censuses has opened up a world of possibilities. Downloading Research Guide To Russian And Soviet Censuses provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Research Guide To Russian And Soviet Censuses has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Research Guide To Russian And Soviet Censuses. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Research Guide To Russian And Soviet Censuses. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Research Guide To Russian And Soviet Censuses, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Research Guide To Russian And Soviet Censuses has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Research Guide To Russian And Soviet Censuses Books

1. Where can I buy Research Guide To Russian And Soviet Censuses books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Research Guide To Russian And Soviet Censuses book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
