Tokyo Singapore and Hong Kong By drawing together diverse disciplines perspectives and experiences across different geographical contexts this book offers a fresh comparative and nuanced take on the super rich and the 1% city as well as a solid empirically and theoretically grounded basis to think about future research questions and policy implications *The Rich and the Rest of Us* Tavis Smiley, Cornel West, 2012-04-17 Record unemployment and rampant corporate avarice empty houses but homeless families dwindling opportunities in an increasingly paralyzed nation these are the realities of 21st century America land of the free and home of the new middle class poor Award winning broadcaster Tavis Smiley and Dr Cornel West one of the nation's leading democratic intellectuals co hosts of Public Radio's Smiley West now take on the P word poverty *The Rich and the Rest of Us* is the next step in the journey that began with *The Poverty Tour A Call to Conscience* Smiley and West's 18 city bus tour gave voice to the plight of impoverished Americans of all races colors and creeds With 150 million Americans persistently poor or near poor the highest numbers in over five decades Smiley and West argue that now is the time to confront the underlying conditions of systemic poverty in America before it's too late By placing the eradication of poverty in the context of the nation's greatest moments of social transformation such as the abolition of slavery woman's suffrage and the labor and civil rights movements ending poverty is sure to emerge as America's 21st century civil rights struggle As the middle class disappears and the safety net is shredded Smiley and West building on the legacy of Martin Luther King Jr ask us to confront our fear and complacency with 12 poverty changing ideas They challenge us to re examine our assumptions about poverty in America what it really is and how to eliminate it now *The Moral Mapping of Victorian and Edwardian London* Thomas R.C. Gibson-Brydon, 2016-03-29 The London poor and the cruel world of Christian charity circa 1900 *Working Class Credit and Community since 1918* A. Taylor, 2002-11-26 This book explores the forms of credit which have historically been associated with the British working class Taylor seeks to assess the effect of credit on working class communities and relates this to the debate about community This work is the first comprehensive examination of the history of these forms of credit to make comparisons between the periods before and after 1945 Based on extensive archival research and oral history interviews this book combines lively individual accounts with theoretical arguments *Equality and the British Left* Ben Jackson, 2007 The demand for equality has been at the heart of the politics of the Left in the twentieth century but what did theorists and politicians on the British Left mean when they said they were committed to equality How did they argue for a more egalitarian society Which policies did they think could best advance their egalitarian ideals *Equality and the British Left* provides the first comprehensive answers to these questions It charts debates about equality from the progressive liberalism and socialism of the early twentieth century to the arrival of the New Left and revisionist social democracy in the 1950s Along the way it examines and reassesses the egalitarian political thought of many significant figures in the history of the British Left including L T Hobhouse R H Tawney and Anthony Crosland This book demonstrates that the British Left has historically been distinguished from its ideological competitors on the Centre and

the Right by a commitment to a demanding form of economic egalitarianism It shows that this egalitarianism has come to be neglected or caricatured by politicians and scholars alike and is more surprising and sophisticated than is often imagined Equality and the British Left offers a compelling new perspective on British political thought that will appeal to scholars and students of British history and political theory and to anyone interested in contemporary debates about progressive politics

The Politics of Retirement in Britain, 1878-1948 John Macnicol, 2002-04-18 A very important and thorough analysis of the debate on retirement and state pensions in Britain

The Quest for the Northwest Passage Frédéric Regard, 2015-10-06 These essays trace the history of the British search for the Northwest Passage the Arctic sea route connecting the Atlantic and Pacific oceans from the early modern era to the start of the nineteenth century
