The Return of Hyman Kaplan Leo Rosten (Schriftsteller, Drehbuchautor), 1959 **The Return of Hyman Kaplan**, 1959 **"The" Return of Hyman Kaplan** Leo Rosten, 1959 **Encyclopedia of American Humorists** Steven H.

Gale, 2016-04-14 First published in 1988 this book contains entries on famous American Humorists Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character both regional and national Although American literature was in the past treated as inferior to British literature there has always been a large popular audience for the genre which this book shows The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten setting out to expose the foibles and foolishness of society and the individuals who compose it It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume Indeed the book will demonstrate that the best humor has at its base a ready understanding of human nature

The Cambridge Companion to the American Short Story Michael J. Collins, Gavin Jones, 2023-05-25 This Companion offers students and scholars a comprehensive introduction to the development and the diversity of the American short story as a literary form from its origins in the eighteenth century to the present day Rather than define what the short story is as a genre or defend its importance in comparison with the novel this Companion seeks to understand what the short story does how it moves through national space how it is always related to other genres and media and how its inherent mobility responds to the literary marketplace and resonates with key critical themes in contemporary literary studies The chapters offer authoritative introductions and reinterpretations of a literary form that has re emerged as a major force in the twenty first century public sphere dominated by the Internet Off-canon Pleasures Armin Paul Frank, 2011 The inclusion of works in a canonical list creates a large body of exclusions But among these neglected works there are not a few that nevertheless are worth reading Literary worth is not necessarily aesthetic impeccability A literary work recommends itself by a high degree of artistic achievement with elbowroom for historical importance The present study focuses on Leo Rosten s immigration novel *The Education of Hyman Kaplan* 1937 and Archibald MacLeish s radio play *Air Raid* 1938 The first is more than the apparent compendium of language based jokes Read in the context of immigration policy from Presidents Theodore Roosevelt to F D Roosevelt and of Jewish American humor it displays Kaplan s moral and intellectual growth which extant commentary denies and exhibits the interior internationality of an immigration country *Air Raid* is one of the few achieved American radio plays to take a stand on foreign affairs in a context that does not only consist of broadcasting and Picasso s collage painting *Guernica* the screaming picture which MacLeish transposed into the acoustic medium but also of the historical saturation bombing of the Basque town College Bound Dan Shiffman, 2017-10-27 Jewish American immigrants

and their children have been stereotyped as exceptional educational achievers with attendance at prestigious universities leading directly to professional success In *College Bound* Dan Shiffman uses literary accounts to show that American Jews relationship with education was in fact far more complex Jews expected book learning to bring personal fulfillment and self transformation but the reality of public schools and universities often fell short Shiffman examines a wide range of novels and autobiographies by first and second generation writers including Abraham Cahan Mary Antin Anzia Yezierska Elizabeth Gertrude Stern Ludwig Lewisohn Marcus Eli Ravage Lionel Trilling and Leo Rosten Their visions of learning as a process of critical questioning enlivening the mind interrogating cultural standards and confronting social injustices present a valuable challenge to today's emphasis on narrowly measurable outcomes of student achievement [The Routledge Encyclopedia of Jewish Writers of the Twentieth Century](#) Sorrel Kerbel, 2004-11-23 Now available in paperback for the first time *Jewish Writers of the Twentieth Century* is both a comprehensive reference resource and a springboard for further study This volume examines canonical Jewish writers less well known authors of Yiddish and Hebrew and emerging Israeli writers includes entries on figures as diverse as Marcel Proust Franz Kafka Tristan Tzara Eugene Ionesco Harold Pinter Tom Stoppard Arthur Miller Saul Bellow Nadine Gordimer and Woody Allen contains introductory essays on Jewish American writing Holocaust literature and memoirs Yiddish writing and Anglo Jewish literature provides a chronology of twentieth century Jewish writers Compiled by expert contributors this book contains over 330 entries on individual authors each consisting of a biography a list of selected publications a scholarly essay on their work and suggestions for further reading
