Returning Words To Flesh:

Undeniable Biblical Proof Jesus Christ Will Return to Planet Earth Exactly 2,000 Years After the Year of His Death Gabriel Ansley,2010 Let me ask you a question you probably never pondered WHY did God create the world in 6 days Do you think God had NO logic motive or purpose behind using that specific number of days Do you think He just placed a bunch of numbers in a hat and nonchalantly drew one Or do you think the cosmos required that number of days to be completed as if God could not have created it in 2 3 5 9 12 23 or however many days Friend you should know better God can DO ANYTHING which brings us back to the original question The answer to this mystery is contained in the Bible and its gradual albeit secret uncovering in story after story leads to the stunning title of this book Undeniable Biblical Proof Jesus Christ Will Return To Planet Earth Exactly 2 000 Years After The Year Of His Death But FAR more important than merely discovering that fact this book will fully elucidate and crush all confusion concerning what a person soul MUST DO to obtain eternal life by illuminating the true spiritual meaning behind every detail of the ancient Bible stories So sit back and hold on because this book s message is going to be a life changing ride

Gods after God Richard Grigg,2006-06-01 Gods after God provides an accessible introduction to a wide range of contemporary radical theologies Radical theology can be defined as talk about the divine that rejects the notion of God as a supernatural personal consciousness who created the world and who intervenes in it to accomplish his purposes In addition radical theologies tend to reject the absolute authority of traditional sources of guidance such as the Bible and the tradition of a church Richard Grigg demonstrates that there is a discernible stream of radical theologies beginning in the seventeenth century and continuing to the present He explores a host of rich and lively contemporary radical religious positions including the radical feminist theology of Mary Daly the deconstructive theology of Mark C Taylor the religious naturalism of Ursula Goodenough and Donald Crosby the pragmatist approaches of Sallie McFague and Gordon Kaufman the Taoist interpretation of Jesus of Stephen Mitchell and the feminist polytheism of Naomi Goldenberg This in depth examination asks in unflinching terms what challenges radical theologies face and whether they have a realistic chance of surviving in American society

Word and Soul Michael Willett Newheart,2001 This soul reading of the Gospel is influenced by three elements analytical archetypal psychology which reorients psychology to the study of the soul African American cultural experience which is often characterized as soul and reader response criticism which emphasizes that the reading of a text is shaped by the reader s psychological and social location After a brief methodological discussion portions of the Fourth Gospel are read soulfully

Fromm Alan Watts and Viktor Frankl are each accorded an entire chapter A chapter is devoted to such further deve The Homilies On John St. Augustine of Hippo, 2012 This is the extended and annotated edition including an extensive biographical annotation about the author and his life ST AUGUSTINE was an indefatigable preacher He considered regular preaching an indispensable part of the duty of a bishop To his homilies we owe most of his exegetical labors The homilies were delivered extempore taken down by scribes and slightly revised by Augustin They retain their colloquial form devotional tone frequent repetitions and want of literary finish He would rather be deficient in rhetoric than not be understood by the people He was cheered by the eager attention and acclamations of his hearers but never fully satisfied with his performance My preaching he says almost always displeases me I eagerly long for something better of which I often have an inward enjoyment in my thoughts before I can put them into audible words Then when I find that my power of expression is not equal to my inner apprehension I am grieved at the inability of my tongue to answer to my heart De Catech Rudibus ch II 3 in this Series Vol III 284 His chief merit as an interpreter is his profound theological insight which makes his exegetical works permanently useful This volume contains The Homilies or Tractates on the GOSPEL OF JOHN In Joannis Evangelium Tractatus CXXIV Augustin delivered them to his flock at Hippo about A D 416 or later **RETURNED** Tom Allen, 2011-03-16 If you look for the return of Jesus Christ this commentary may be of interest to you It explains Matthew chapter 24 and other prophetic End Times scriptures in a way that will provide you with a new perspective Will Jesus return in the clouds Is there a rapture Will Jesus return in the flesh The answer to all these questions is yes but maybe not in the way you think Here is the mystery of God Christ in you **Resurrecting the Body** Naomi R. Goldenberg, 1993 Asserting that the reverse of the biblical text And the Word was made flesh is true that it is in and through the flesh that every philosophy every discourse is born Goldenberg explores her own divided identity as feminist atheist and Jew Through a series of insightful passionate and sometimes humorous essays Goldenberg examines the way feminism and psychoanalysis interact with contradict and deepen one another Hypathia **Anacarnation and Returning to the Lived Body with Richard Kearney** Brian Treanor, James L. Taylor, 2022-10-26 This edited collection responds to Richard Kearney's recent work on touch excarnation and embodiment as well as his broader work in carnal hermeneutics which sets the stage for his return to and retrieval of the senses of the lived body Here fourteen scholars engage the breadth and depth of Kearney's work to illuminate our experience of the body The chapters collected within take up a wide variety of subjects from nature and non human animals to our experience of the sacred and the demonic and from art's account of touching to the political implications of various types of embodiment Featuring also an inspired new reflection from Kearney himself in which he lays out his vision for anacarnation this volume is an important statement about the centrality of touch and embodiment in our experience and a reminder that despite the excarnating tendencies of contemporary life the lived body remains a touchstone for wisdom in our increasingly complicated and fragile world Written for scholars and students interested in touch embodiment phenomenology and hermeneutics this

diverse and challenging collection contributes to a growing field of scholarship that recognizes and attempts to correct the excarnating trends in philosophy and in culture at large
