Those who work with Dr Ben Robinson see a compassionate and brilliant doctor But when he closes his eyes at night he is haunted by the silence of the Argentinean jungle fragments of his previous life invade his thoughts Until a whirlwind arrives in the shape of beautiful Shanna Brooks with her zest for life and glass half full attitude and Ben is forced to look at the world through her eyes and let down his guarded mask

Discover Your Hidden Memory & Find the Real You Dr. Menis Yousry,2011-09-05 From before each of us was born and up to a young age our experiences of the world and of our parents shaped us in ways we do not even realise Our brains were not developed enough to make sense of our early lives and so these experiences become unresolved unconscious memories Our responses to situations and events are often unconscious reflexes we devise to protect ourselves As adults this can lead us to repeat unwanted patterns that prevent us achieving what we really want This book reveals the powerful invisible waves of influence that inform our actions bind us to the past and hold us back in our present Simple but effective exercises provide the tools to identify exactly how our actions today are connected to our early childhood experiences and our relationships with our parents as well as to past generations history and culture It also shows us what we can do about it now
