Revelation An Introduction And Commentary

Homer Hailey

Revelation An Introduction And Commentary:

The Book of Revelation Leon Morris,1987 Provides a section by section commentary on the New Testament book of Revelation featuring discussion of primary themes individual verses and problems of interpretation and including information on authorship date and historical background Revelation Ian Paul,2018-07-31 The Book of Revelation is a fascinating piece of Scripture as well as an extraordinary piece of literature In this Tyndale Commentary Ian Paul takes a disciplined approach to the text paying careful attention to the ways that John draws from the Old Testament Additionally Paul examines how the original audience would have heard this message from John and then draws helpful comments for contemporary reflection **Revelation** Ian Paul,2018 The book of Revelation is the most developed example of a scriptural writer wrestling with the ideological implications of the gospel and engaging with an opposing system in the light of what God has done in Jesus A fascinating piece of Scripture as well as an extraordinary piece of literature its interpretation has affected our theology art and worship and even international politics It is an apocalypse a letter and a prophecy Ian Paul gives disciplined attention to the text examines how John draws on the Old Testament indicates how his message would have communicated and been understood in its first century context and makes connections with our contemporary world Tyndale Commentaries are designed to help the reader of the Bible understand what the text says and what it means The Introduction to each book gives a concise but thorough treatment of its authorship date original setting and purpose Following a structural Analysis the Commentary takes the book section by section drawing out its main themes and also comments on individual verses and problems of interpretation Additional Notes provide fuller discussion of particular difficulties

Revelation Leon L. Morris,2009-09-26 The book of Revelation is I fear a very neglected book Its symbolism belongs to the first century not to our own age says Leon Morris in the preface to his commentary on Revelation Here he explains the significance of the symbolism and shows the bearing of the message of Revelation on the problems of the day in which it was written The original unrevised text of this volume has been completely retypeset and printed in a larger more attractive format with the new cover design for the series The Tyndale New Testament Commentaries have long been a trusted resource for Bible study Written by some of the world s most distinguished evangelical scholars these twenty volumes offer clear reliable and relevant explanations of every book in the New Testament These Tyndale volumes are designed to help readers understand what the Bible actually says and what it means The introduction to each volume gives a concise but thorough description of the authorship date and historical background of the biblical book under consideration The commentary itself examines the text section by section drawing out its main themes It also comments on individual verses and deals with problems of interpretation The aim throughout is to get at the true meaning of the Bible and to make its message plain to readers today Introduction and Commentary, Revelation Homer Hailey,1992 **The Revelation of St. John** Leon Morris,1979 The Final Prophecy of Jesus Oral E. Collins,2007-06-01 This commentary is the first major work

on the book of Revelation in many years that expounds the historicist interpretation The historicist school of interpretation was the dominant approach from Reformation times through most of the nineteenth century The reasons for the current disaffection are too complex to address in a few words but it is the author s conviction that from the standpoint of sound principles of biblical hermeneutics the historicist interpretation is still the most creditable approach for an accurate understanding of this the last book of the Bible and the final prophecy of Jesus *An Introduction to Revelation* Gilbert Desrosiers,2004-10-01 The interpretation of the book of Revelation has always aroused controversy and its use and abuse during periods of rapid change has often been a cause for great concern This volume is intended for students of biblical studies attempts a responsible reading of Revelation Desrosiers presents the reader with both the tools and the information required to understand the many approaches that may be taken to interpreting the book and leads the reader toward a sound interpretation **Revelation** Craig R. Koester,2014-09-30 In this landmark commentary Craig R Koester offers a comprehensive look at a powerful and controversial early Christian text the book of Revelation The author provides richly textured descriptions of the book s setting and language making extensive use of Greek and Latin inscriptions classical texts and ancient Jewish writings including the Dead Sea Scrolls Rather than viewing Revelation as world negating Koester focuses on its deep engagement with social religious and economic issues while addressing the book s volatile history of interpretation The result is a groundbreaking study that provides bold new insights and sets new directions for the continued appreciation of this text **Revelation Verse by Verse** Grant R. Osborne,2016-11-09 Revelation is like no other book in the New Testament Its bizarre images need explaining even for seasoned Bible readers but when we turn to biblical scholars we find that they don t all agree In *Revelation Verse by Verse* Grant R Osborne offers a clear exposition of the book that takes seriously both its first century context and what it means today Where he disagrees with other interpretations of particular images he briefly mentions them but remains focused on the text throughout Rather than being a book that stirs up fear Revelation is instead a hopeful and even devotional book focused on the certainty of God s bringing his plans to completion the futility of Satan and his plans and the glory of the Lamb Revelation Verse by Verse is the first volume in the Osborne New Testament Commentaries a new series from noted Bible scholar Grant R Osborne directed toward pastors and committed laypeople

The Engaging Realm of Kindle Books: A Comprehensive Guide Revealing the Pros of E-book Books: A Realm of Ease and Versatility E-book books, with their inherent mobility and ease of access, have freed readers from the limitations of hardcopy books.
