Revelation and theology, Volume II. Edward Schillebeeckx, **Trinity and Revelation** Veli-Matti Karkkainen, 2014-04-19 In this book Pentecostal theologian Veli Matti Karkkainen develops a constructive theology of triune revelation and the triune God in dialogue with Christian tradition with contemporary theology in its global and contextual diversity and with other major living faiths Karkkainen's Constructive Christian Theology for the Pluralistic World is a five volume project that aims to develop a new approach to and method of doing Christian theology in a pluralistic world at the beginning of the third millennium With the metaphor of hospitality serving as the framework for his discussion Karkkainen engages Judaism Islam Buddhism and Hinduism in sympathetic and critical mutual dialogue while remaining robustly Christian in his convictions Never before has a fullscale doctrinal theology been attempted in such a wide and deep dialogical mode

The Sources of Revelation/Divine Faith: Dogmatic Theology Msgr G. van Noort, 2019-09-09 Excerpt from the Preface The term dialogue crops up today more and more frequently It emerges before the reading public in publications as diverse as Theological Studies Time Harper's or the New Yorker While this book was never intended by its author as a contribution to the dialogue between estranged Christians it does deal with matters that lie at the heart of that estrangement It deals with Scripture Tradition Faith While it is doubtless fruitful for divergent Christian sects to exchange viewpoints on specific topics such as Church and State or birth control or Ecumenism it is obviously more important to understand the broad fundamental principles which ultimately control the specific answers divergent Christian sects offer for specific problems Scripture Tradition Faith these three topics form the subject matter of the present volume and conclude the section of theology called Fundamental Because fundamental theology pours the concrete foundations on which the whole vast edifice of theology will be erected the topics herein treated are discussed not for their own sake but with an eye always on what is to come the final building with all its specialized corridors

Revelation Exegetical Commentary - 2 volume set Robert L. Thomas, 2016-08-15 Get back to the roots on Revelation

Through the centuries since its writing the book of Revelation has captured the fascination of the Christian church. The earliest Christians were unanimous in understanding it along a premillennial view of Jesus' second coming, but other hermeneutical approaches began to emerge in the third century. These clouded and added complexity to the task of explaining the book's meaning. For most of the Christian era consequently many readers have viewed this last of the NT writings as though it were hopelessly embedded in an aura of deep mystery. An avalanche of interpretive literature has evidenced remarkable interest in the book's contents, but along with the interest has come widespread bewilderment. Written especially for the informed layman, student, and scholar, this commentary seeks to clear the air. The book is interpreted according to a historical and grammatical hermeneutic and propounds a conservative evangelical theology, but the reader will not get a narrow view on areas of disagreement. This commentary interacts with a range of major views, both evangelical and nonevangelical. It reaffirms the basic framework of eschatology espoused by ancient Christianity, but with added help from centuries of maturing thought and doctrinal progress in the Body of Christ. All exegesis and exposition in this 2-volume commentary are based on the original language of the text. Translations used are those of the author, and textual criticism and word study are included where appropriate. This in-depth commentary also includes extended excursions on important topics of theological and historical interest.

Systematic Theology, Volume One Morton H. Smith, 2019-09-10

Dr. Smith's Systematic Theology is the culmination of several decades of teaching and demonstrates his familiarity with several streams of Reformed theology, represented by such theologians as John Calvin, James Henley Thornwell, Charles Hodge, B. B. Warfield, Herman Bavinck, John Murray, and Cornelius Van Til. It was his delight to expose his students to the breadth of the Reformed tradition while celebrating its essential unity, its thorough grounding in Scripture, and its consistent focus on piety.
