Revelation Rationality Knowledge And Truth:

Revelation, Rationality, Knowledge & Truth Hazrat Mirza Tahir Ahmad, 1998-06-30 Any divide between revelation and rationality religion and logic has to be irrational If religion and rationality cannot proceed hand in hand there has to be something deeply wrong with either of the two Does revelation play any vital role in human affairs Is not rationality sufficient to guide man in all the problems which confront him Numerous questions such as these are examined with minute attention All major issues which intrigue the modern mind are attempted to be incorporated in this fascinatingly comprehensive statute Whatever the intellectual or educational background of the reader this book is bound to offer him something of his interest It examines a very diverse and wide range of subjects including the concept of revelation in different religions history of philosophy cosmology extraterrestrial life the future of life on earth natural selection and its role in evolution It also elaborately discusses the advent of the Messiah or other universal reformers awaited by different religions Likewise many other topical issues which have been agitating the human mind since time immemorial are also incorporated The main emphasis is on the ability of the Quran to correctly discuss all important events of the past present and future from the beginning of the universe to its ultimate end Aided by strong incontrovertible logic and scientific evidence the Quran does not shy away from presenting itself to the merciless scrutiny of rationality It will be hard to find a reader whose queries are not satisfactorily answered We hope that most readers will testify that this will always stand out as a book among books perhaps the greatest literary achievement of this century

A. Evans,2020-05-15 How do you prove that you re Muslim This is not a question that most believers ever have to ask themselves and yet for members of India s Ahmadiyya Muslim Community it poses an existential challenge The Ahmadis are the minority of a minority people for whom simply being Muslim is a challenge They must constantly ask the question What evidence could ever be sufficient to prove that I belong to the faith In Far from the Caliph s Gaze Nicholas H A Evans explores how a need to respond to this question shapes the lives of Ahmadis in Qadian in northern India Qadian was the birthplace of the Ahmadiyya community s founder and it remains a location of huge spiritual importance for members of the community around the world Nonetheless it has been physically separated from the Ahmadis spiritual leader the caliph since partition and the believers who live there now and act as its guardians must confront daily the reality of this separation even while attempting to make their Muslimness verifiable By exploring the centrality of this separation to the ethics of everyday life in Qadian Far from the Caliph s Gaze presents a new model for the academic study of religious doubt one that is not premised on a concept of belief but instead captures the richness with which people might experience problematic relationships to truth The Oneness Of GOD Adimu Ali,2018-01-10 Religion and history collide with critical commentary *Intersections of Religion and Astronomy* Chris Corbally,Darry Dinell,Aaron Ricker,2020-11-01 This volume examines the way in which cultural ideas about the heavens shape religious ideas and are shaped by them in return Our approaches to cosmology have a profound effect on the way in which we each deal with religious questions and participate in the imaginative work of public and private world building Employing an interdisciplinary team of international scholars each chapter shows how religion and cosmology interrelate and matter for real people Historical and contemporary

case studies are included to demonstrate the lived reality of a variety of faith traditions and their interactions with the cosmos This breadth of scope allows readers to get a unique overview of how religion science and our view of space have and will continue to impact our worldviews Offering a comprehensive exploration of humanity and its relationship with cosmology this book will be an important reference for scholars of Religion and Science Religion and Culture Interreligious Dialogue and Theology as well as those interested in Science and Culture and Public Education Absolute Justice, Kindness and Kinship Hazrat Mirza Tahir Ahmad,2008

Some Distinctive Features of Islam Hazrat Mirza Tahir Ahmad,2008 Some distinctive features of islam was a lecture delivered by Hazrat Mirza Tahir Ahmad rh at the University of Canberra Australia The speaker builds up his lecture on the thesis that the most distinctive feature of Islam is twofold First it is the only religion which claims to be and is the final the universal and eternal religion for all times and for all peoples Second it is the only religion which acknowledges and bears witness to the veracity of every other religions and claims that the truth is not the monopoly of Islam alone whereas every other religion claims that it alone contains the Divine truth Then Hazrat Mirza Tahir Ahmad rh answers at some length the question that if all religions are from God then why is there any difference in religions Moreover he argues three main points that Islamic teachings are not only universal and eternal but are also complete comprehensive and perfect that the Holy Quran is the final and immutable word of God free from all human interpolation and that the Prophet of Islam the Holy Prophet Muhammad sa is the Seal of the Prophets the best of them and the perfect model of excellence for mankind In the middle part of lecture he discusses seventeen features of Islam which distinguish it from other religion and ideologies including the Islamic concept of justice and Islamic teachings regarding the form and function of government At the end the speaker introduces the Founder of Ahmadiyya Muslim Community and the Community itself to his audience concluding his lecture with an excerpt from the writings of the Promised Messiah as
