of this young man when he was determined to better himself his sisters and brothers mother and father and to make a life outside the Racial Southern expectations of young black men These are issues that I experienced growing up as a black person in the South in the USA I want my children and grandchildren to know the things I experienced and how I was able to overcome and make a better life for my family Currently I am living in Southern California and I have lived quite a long life I am currently on the downside of being a septagenarian Unfortunately I have lost my eyesight due to a disease called diabetic retinopathy I am dependent on my wife and my sister to assist me in getting this book completed I have been trying to get the book finished for the past fifteen years I hope this book gives insight to not only my family but to all that would care to read it
