University of New York, 19?? Speaking Face to Face Pedro J. DiPietro, 2019-06-01 The first in depth analysis of the radical feminist theory and coalitional praxis of scholar activist Mar a Lugones Speaking Face to Face provides an unprecedented in depth look at the feminist philosophy and practice of the renowned Argentinian born scholar activist Mar a Lugones Informed by her identification as nondiasporic Latina and US Woman of Color as well as her long term commitment to grassroots organizing in Chicana o communities Lugones s work dovetails with while remaining distinct from that of other prominent transnational decolonial and women of color feminists Her visionary philosophy motivates transformative modes of engaging cultural others inviting us to create political intimacies rooted in a shared yearning for interdependence Bringing together scholars and activists across fields this volume charts her profound impact in and beyond the academy for the past thirty years In so doing it exemplifies a new method of coalitional theorizing traversing racial ethnic sexual national gendered political and disciplinary borders in order to cultivate learning embrace heterogeneity and provide a unique framework for engaging contemporary debates about identity oppression and activism Across thirteen original contributions authors address issues of intersectionality colonial and decolonial subjectivities the multiplicity and the coloniality of gender indigenous spiritualities and cosmologies pluralist and women of color feminisms radical multiculturalism popular education and resistance to multiple oppressions The book also includes a rare interview with Lugones and an afterword by Paula Moya ultimately offering both new critical resources for longstanding admirers of Lugones and a welcome introduction for newcomers to her groundbreaking work This is an important contribution to Latinx studies Latina feminist philosophy queer studies and the burgeoning field of decolonial feminism a field that Lugones almost single handedly launched It is interdisciplinary but also a wonderful pedagogical resource It provides readers who are both familiar and unfamiliar with her work a thorough and judicious point of entry Eduardo Mendieta author of Global Fragments Globalizations Latinamericanisms and Critical Theory Horizons of Difference Ruthanne Crapo Kim, Yvette Russell, Brenda Sharp, 2022-07-01 Horizons of Difference offers twelve original essays inspired by Luce Irigaray s complex nuanced critique of Western philosophy culture and metaphysics and her call to rethink our relationship to ourselves and the world through

sexuate difference Contributors engage urgent topics in a range of fields including trans feminist theory feminist legal theory film studies critical race theory social political theory philosophy of religion environmental ethics philosophical aesthetics and critical pedagogy In so doing they aim to push the scope of Irigaray s work beyond its horizon Horizons of Difference seeks conversations that Irigaray herself has yet to fully consider and explores areas that stretch the limits of the notion of sexuate difference itself Sexuate difference is a unifying mode of thought bringing disparate disciplines and groups together Yet it also resists unification in demanding that we continually rethink the basic coordinates of space place and identity Ultimately Horizons of Difference insists that the fragmented wounded subjectivities within the dominant regime of masculine sameness can inform how we negotiate space find place and transform identity

Engaging the World Mary C. Rawlinson, 2016-05-01 Engaging the World explores Luce Irigaray s writings on sexual difference deploying the resources of her work to rethink philosophical concepts and commitments and expose new possibilities of vitality in relationship to nature others and to one s self The contributors present a range of perspectives from multiple disciplines such as philosophy literature education evolutionary theory sound technology science and technology anthropology and psychoanalysis They place Irigaray in conversation with thinkers as diverse as Charles Darwin Claude L vi Strauss Gilles Deleuze Ren Decartes and Avital Ronell While every essay challenges Irigaray s thought in some way each one also reveals the transformative effects of her thought across multiple domains of contemporary life

In-Between Mariana Ortega, 2016-03-14 Draws from Latina feminism existential phenomenology and race theory to explore the concept of selfhood This original study intertwining Latina feminism existential phenomenology and race theory offers a new philosophical approach to understanding selfhood and identity Focusing on writings by Gloria Anzald a Mar a Lugones and Linda Martin Alcoff Mariana Ortega articulates a phenomenology that introduces a conception of selfhood as both multiple and singular Her Latina feminist phenomenological approach can account for identities belonging simultaneously to different worlds including immigrants exiles and inhabitants of borderlands Ortega s project forges new directions not only in Latina feminist thinking on such issues as borders mestizaje marginality resistance and identity politics but also connects this analysis to the existential phenomenology of Martin Heidegger and to such concepts as being in the world authenticity and intersubjectivity The pairing of the personal and the political in Ortega s work is illustrative of the primacy of lived experience in the development of theoretical understandings of who we are In addition to bringing to light central metaphysical issues regarding the temporality and continuity of the self Ortega models a practice of philosophy that draws from work in other disciplines and that recognizes the important contributions of Latina feminists and other theorists of color to philosophical pursuits
